DEAFNESS

Especially Catarrh Deafness, since that head aches are so in some instances. They also know the connection between the nose and the ear. For 4 years may come from catarrh which may in turn start with cold-in-head.

Yes, and some authorities maintain that cancer or consumption may have their cause in catarrh. But anyway, injury to hearing is a more usual result. For instance, here is the case of Mr. J. H. Betteg; who says over his own signature:

"I have received your valuable tube of Catarrh Jelly. I applied it at once to my ears and nostrils as directed. I had been deaf for some time; in five hours time I could hear as well as ever."

You can get (free) a book about this—and some Kondon Catarrhal Jelly, if you write immediately to Kondon Mfg. Co., Minneapolis. Or go to your own drug store here in town. They may have some free samples left. If not, get a 25c. tube. This newspaper guarantees that you will get your money's worth, or your money back. But be sure its the genuine—proved by 25 years' use—in millions of cases. Insist on

207 VILLAGES IN THE STATE

Albany, March 13. — Twenty-nine incorporated villages in this state at the present time have each a population of 5,000 or better. Saddle Rock has the distinction of being the smallest of the 463 incorporated villages, its population of 15,[illegible] compiled from the state taken by Secretary of State H last June show that there are 207 incorporated villages in the state having a population under 1,000; 121 that range from 1,000 to 2,000 residents; 55 from 2,000 to 3,000; 29 from 3,000 to 4,000, and 22 from 4,000 to 5,000.

There are to-day twenty more incorporated villages in the state than ten years ago. On June 1st, last, the incorporated villages sheltered 863,894 residents. Saratoga Springs, Mechanicsville and White Plains passed from the village to the city column following the June enumeration.

Villages in close proximity to the larger cities have in many instances enjoyed a marvelous growth since 1905, the fluctuations of industrial activities being strong factors in promoting or retarding growth.

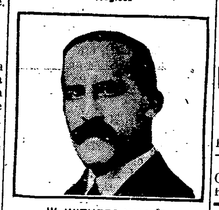
SOUTHERN DRUG MERCHANT MAKES UNUSUAL STATEMENT

Great Business Losses Due to Neglect



W. WITHERS MILLER

President of the Polk-Miller Drug Company, Richmond, Va., is authority for the following extraordinary statement:

"I estimate that the business men of this country could increase their efficiency fully ten per cent by taking an occasional laxative and not neglecting the bowels as most of them do."

He also said that if the Department of Commerce in Washington would present each business man in the country with a box of Rexall Orderlies, it would be of great benefit to the national welfare. Rexall Orderlies are prompt in action, pleasant to take and never gripe, can be used by men, women or children, and are just the thing for toning up sluggish livers.

WHAT CATARRH IS

It has been said that catarrh in a person has catarrh in some form.

Science has shown that nasal catarrh often indicates a general weakness of the body; and local treatment, in the form of snuffs and vapors do little, if any good.

To correct catarrh you should treat the cause by enriching your blood with the oil-food in Scott's Emulsion which is a medicinal food and a building-tonic, free from alcohol or any harmful drugs. Try it. Scott & Bowne, Bloomfield, N. J.

No flower garden, however humble, is complete without a row of lovely Sweet Peas and a bed of magnificent Gladioli, two floral affinities which are concedently the leading favorites with all discriminating lovers of flowers, which are sure to be more popular the coming season than ever before. But it should be remembered that only with the choicest seeds and bulbs can satisfactory results be obtained; and it is precisely such as are here offered. Listen:

LOVELY SWEET PEAS—For 25 cents I will send, postpaid, to any address, eight liberal packets, each of separate name and color, to which I will add three packets of the most exquisite of the orchard-flowered or "Spencer" varieties, and also my usual premiums, a packet of early asters and double poppies.

For 50 cents I will send at least ten packets of the most beautiful "Spencer" kinds in a full range of color, the finest in the world. To encourage early orders I will send free in each collection up to March 15, a packet of superb California nasturtiums.
