THE ANDOVER NEWS.

HAMILTON C. NORRIS, - EDITOR

ANDOVER, N. Y., DEC. 24, 1890.

~~Sitting Bull was a very bad Indian~~ while he was alive. But he is a good Indian now, according to General Sheridan's definition.

W. F. Sheehan of Erie will be Speaker of the Assembly, and Milo M. Acker of Steuben will in all probability be the Republican candidate for speaker. Acker will be a competent leader of the minority.—*Utica Herald.*

Senator Saxton is preparing a number of amendments to the ballot law which bears his name. The recent election, as was expected, proved the law to be faulty in several respects. The amendments are designed to make the new law less cumbersome and to reduce the expense necessary under its provision.

The members of the Kansas Farmer's Alliance have decided to try their Sub-treasury scheme themselves and not wait for the National Government to take it up. They have formed a stock company with a capital of $250,000, and propose to warehouse their grain and hold it for higher prices, advancing money at low interest to such farmers as need it.

The general supposition is that the new apportionment bill, which enlarges the electoral college to 444 votes, if it becomes a law, will apply to the coming presidential election. The New York *Herald*, however, observes that "the vote will not be 444 at the coming presidential election, for the reason that the new apportionment law will not go into effect till March, 1893."

THE COUNTY SEAT BUSINESS.

The NEWS is in favor of consolidating the County Seat at Belmont. We are in favor of it because it is a great inconvenience to people in this part of the county to be obliged to go to Angelica to attend court. The great cry about "keeping up two sets of county buildings," "enormous expense," &c. is all nonsense. Allegany county has but one Clerk's office, one jail, one Surrogate's office, and the only building that is duplicated is the court house. It costs the county no more to hold a term of court at Angelica than it does at Belmont. Nevertheless we are in favor of consolidating the county seat. It is useless to compel the people to travel overland to Angelica when their business could just as well be transacted on the line of the railroad.

The Board of Supervisors passed a resolution asking Assemblyman Thompson and Senator Fassett to secure the repeal of the law of 1860, which made Angelica a half-shire. Naturally the repeal of this law would throw the whole business back to Belmont. But we make the prediction that the county seat will never be consolidated in that manner. The constitution of the state of New York provides that the Legislature shall not pass a bill changing or locating a county seat. This work must be done by the Board of Supervisors and the people of the county. When Leslie W. Russell was Attorney General of this state he was asked by the member of Assembly from this district if the repeal of the law of 1860 would be constitutional, and he replied, in an elaborate written opinion, that it would not.

What is the use of spending time in trying to accomplish something which would not stand a legal test?

The Board of Supervisors could have done better service by passing a resolution consolidating the county seat, and making provision for the submission of the question to the people of the county—the only legal way in which the change can be brought about.

I. O. G. T. Resolutions.

At the County session of Good Templars held at Friendship, Dec. 9 and 10, the following resolutions were read and adopted:

Whereas, we deplore the alarming influence of the drink traffic in our county and the unscrupulous machinations on the part of the liquor traffic to violate existing laws, wherefore be it resolved, that we extend to the County Judge, and his associates in office, our sincere thanks for the just penalties inflicted upon the several trangressors, and also to those who have been instrumental in prosecuting the violaters of the excise laws.

Resolved, that we commend the action of our Legislature granting to the electors of the state the privilege of voting upon a Constitutional Amendment for prohibiting the manufacture and sale of intoxicating liquors. And we would recommend that the subordinate Lodges of the county organize immediately for a vigorous campaign work.

Resolved, that we extend our thanks to the Genesee Valley *Post*, the Friendship *Register*, the *Every Week*, or any other organ publishing temperance literature.

Resolved, that we are under special obligations to Dr. Mann for his able address and his many timely words of instruction to the Lodge.
