THE ANDOVER NEWS.

HAMILTON C. NORRIS, EDITOR

ANDOVER, N. Y., JULY 1, 1891.

Senator Carlisle, who is just bristling with Presidential lightning rods, says any Democrat can win next year. It is safe to wager that he added in his mind "except Cleveland."

Are the newspapers "bluffing" England or has Uncle Sam really made up his mind that John Bull has got to really withdraw his greedy claims against puny little Venezuela?

There are no flies on the Colorado constable who seized and detained an express train on the Missouri Pacific railway until he was paid a judgment against the company amounting to $17.50.

The fellow who says the Farmers' Alliance doesn't amount to anything as a political factor is getting difficult to find, and before long the dime musuem managers will be after him to exhibit among the other freaks.

Gen. Mahone is credited with having said recently that he was in favor of any ism that would "bust" the Democracy. Judging from the elections in Virginia for several years past Mahonism has proven unequal to the task.

Political parties are in the minds of some people like armed revolutions; if successful they are right, if unsuccessful they are wrong. Such people are never worried about the principles of either parties or individuals.

The small fry politicians are having a good deal to say about who is to receive the Presidential nominations next year; but the big fellows, those who really control things, are keeping silent in seven languages on the subject.

New York city boys have always been considered tough, but the one through which 2,500 volts of electricity passed for five minutes, without injuring him, is certainly the toughest on record. He should lose no time in becoming a ward politician.

This is the season for a reduction in prices in all branches of trade in order to force business. Even Chicago divorce lawyers are advertising cut prices, one fellow agreeing to furnish divorces for $24, and allowing that to be paid in instalments.

Ohio Republicans breathe freer since ex-Congressman Grosvenor went to Europe. "Keep Grosvenor in Europe until after the election; if the appropriation doesn't hold out we'll furnish the money for his salary and expenses," is said to be what a prominent Ohio Republican telegraphed to Secretary Foster.

The New York *Sun* credits the Ohio Republicans with being willing to sacrifice Senator Sherman to appease the Farmers' Alliance of that State. But the indications are that Senator Sherman will show the same unwillingness to walk the plank that was exhibited by his late colleague Mr. Ingalls, of Kansas. The longer a man stays in office the longer he wants to stay.

Johnstown, Pa., is a wealthier city than she was two years ago, when the floods came and beat upon her. Her prospects are brighter and many other business men are richer. The Cambria Iron Works and Gautier Steel Works gave employment to 6,000 men. The corporations owning these plants lost $2,000,000 in the flood, but 6,200 men are now on the pay rolls of the iron works, and the steel works will employ 6,000 additional men when the additions are completed.

During the present year many disastrous failures among the National banks in various sections have done much to bring discredit upon the system, which has been by its friends claimed to be well nigh perfect. The majority of these failures have been caused by downright thieving on the part of bank officials, and in more than one case it is charged that the Government bank examiners have either connived at crookedness or been criminally negligent. Once destroy popular faith in the efficiency of Government supervision of the National banks and the system is doomed, as that has from the first been the strongest argument in favor of the system, and no close observer can deny that recent events have shaken the confidence of the public.

This year there were nineteen lieutenantcies in the army to be filled by appointments from civil life, and of the nineteen selected for examination six are the sons of Army officers. It should be remembered that these appointments are entirely outside of the graduates of West Point, where many sons of army officers are every year appointed. The building up of a military or office holding aristocracy is every bit as objectional as the titled aristocracy of Europe, and it will not be long tolerated in this country. It may become necessary for Congress to exact a law prohibiting any son of any man in any branch of Government service being selected to fill an appointive office, in order to protect the rights of the people not in the magic circle.

Rsduced Rates to Silver Lake.

On account of the Silver Lake Assembly, the Erie Railway Company will sell excursion tickets from Andover to Silver Lake and return at $2.10 for round trip. Said tickets will be sold from July 6 to August 18, inclusive, and will be good for return trip on or before Aug 20.

To be Killed by Electricity.

There are six murderers in Sing Sing prison who have been sentenced to be killed by electricity. They are Shibuya Jugigo, Chas. McElvaine, James J. Slocum, Harris A. Smiler, Nicolo Trezza and Joseph Wood. Slocum, Smiler, Wood and Jugigo are to be executed during the week beginning Monday next, unless their counsel secure writs of habeas corpus, stay of proceedings or a reprieve from Governor Hill. The lawyers employed by McElvaine and Trezza have, it is believed, secured stays that will postpone the execution of their clients. There appears to be no doubt, however, that at least two and probably three of the murderers will be placed in the chair of death next week. Counsel for Slocum and Smiler have about given up all hope of saving their clients' lives, while the lawyer who has fought hard for Wood will make another attempt in his behalf this week. It is said the prison officials at Sing Sing are to begin to-day preparing for next week's terrible work. The warden will not know until Saturday how many of the six condemned men he will have to order in the chamber of death. As there is only one chair prepared for the murderers they will have to be executed one after the other.

AN INTERESTING LETTER.

Written from Andover, Giving Testimonial for Dr. Kilmer's Swamp Root.

ANDOVER, N. Y., May 3, 1891.

DR. KILMER:

Dear Sir: I thought I would write you a few lines and tell you how much we think of your remedies. About three years ago my husband commenced to fail very rapidly with kidney trouble. He lost his appetite and became so weak that the least exertion would cause him to lie down. He could scarcely walk. He doctored with all the local physicians here, but without getting any relief. He gave up and said that he could not live three months. One day we received one of your "Guides to Health" through the mail, and I persuaded him to get a bottle of your Swamp Root and try it. Before he had taken the whole of the first bottle we could see a change for the better. He kept up the treatment for some time, until he was able to do considerable work, and to-day he is so much improved that it is not necessary for him to take the medicine all the time, and he can walk a mile and a half to the village and back.

We have also tried your Indian Cough Cure, and never found anything that could beat it. I noticed in our "Guide to Health" that you would send six beautiful cards and a picture of yourself. We would be very glad to get your picture, as we are certain he would have been in his grave, if it had not been for your Swamp Root. We recommend your medicines everychance we get.

MRS. D. B. LEE.
Andover, N. Y.

[The preceding testimonial was set up in this office from the original letter writen by Mrs. Lee.—ED. NEWS.]

The golden rod is the state flower. The returns have been classified, and show that 144,562 votes were cast, which is 16,236 less than the number of pupils on the register on May 1st. The golden rod received 79,001 and the rose 65,561, giving a majority of 13,460 for the golden rod.

The monument erected to the memory of the late Hon. Jno. G. Hall is certainly a very fine one and an ornament to our cemetery. Modest in design and massive in proportions, being one of the largest in western Pennsylvania. It is constructed of Barre, Vt., granite standing thirty-six feet high and weighing over thirty-eight tons. Foley Bros., of Olean, N. Y., are the designers and manufacturers.—*Ridgeway Democrat.*

Speaking of the legality of the short term beneficial societies which have been organized under the laws of New Jersey, Secretary of State Henry C. Kelsey says: "My opinion is that they would not only be held liable under the insurance laws, but that they were swindles pure and simple." Col. Harvey, the Commissioner of Insurance, is familiar with my views and, I believe, in entire sympathy with them.

The partnership heretofore existing between Mrs. Emery Cook and Mrs. J. Seaman is dissolved by mutual consent. The business will be continued by Mrs. Seaman. All persons having accounts with the firm are requested to settle the same with Mrs. Seaman on or before August 10, 1891.

Twenty-two members of Seaman Post, G. A. R. and the Woman's Relief Corps visited Whitesville Post last Saturday evening, and had a royal good time, if we may judge from the many expressions of pleasure spoken by those who went. They say that Whitesville folks know how to entertain company.

The Erie water tank at Scio burst about 12:30 last Friday, completely demolishing the brick structure, and falling upon the track with such force as to bend the steel rails. The tank-man had just left for dinner or he would have certainly been killed. A large force of men were at once put to work cleaning up the debris, and as the switch was open trains were not delayed.

Rev. Lucius C. Davis, who has been pastor of the Baptist church in this place for the past two years, will preach his farewell sermon next Sunday morning. Union services will be held at the Baptist church next Sunday evening, which will also be conducted by Mr. Davis. During his residence here Mr. Davis has done faithful work for the advancement of religion, and has also made a host of warm friends who will wish him continued success. He has accepted a call to the pastorate of the Baptist church in Yates, N. Y., and will leave at once for his new field of labor.

The Hornellsville correspondent of the Elmira *Advertiser* says: Hon. Milo M. Acker of this city, the very honored Assemblyman from this district, is engaged in the preparation of a work on "Highway Law" which will be brought out shortly by Jas. B. Lyon, the Albany law-book publisher. There is at present no book upon the subject which can be read intelligently by the average man, and Mr. Acker seeks to fill this long felt want, and he has done so very successfully. The advance sheets give promise of a valuable and successful book, which add to the Assmblyman's present reputation.

The issue of the illustrated Buffalo *Express* of July 5th will be a handsome souvenir number of the Army of the Potomac, which will hold its annual meeting this year in Buffalo, July 3 and 4. The *Express* will contain full account of the same, and will be profusely illustrated with scenes and incidents of the past and present, including phototypes of Sheridan at Five Forks, McClellan taking leave of the army, Alger leading the folorn Hope at Boonville, and many others; also fine sketches made during the war illustrating incidents of army life, and excellent articles on phases of the campaign of the Army of the Potomac, with portraits of many prominent generals.

The alliance pic-nic in R. A. Pease's grove last Friday was an enjoyable affair, and was attended by a large number of people, many residents of this village being present. A short but interesting program was given by the scholars of the Lane school, of which Miss Rogers, daughter of T. D. Rogers, is teacher. The little ones all did finely and received much applause. Other features of the exercises were an oration by Neil Carr, which was exceedingly good, singing with guitar accompaniment by Miss Mattie Stuart, a declamation by Douglas Young, and a selection rendered by Miss Archie Eaton, an elocutionist of much ability. After the above program had been rendered, Mr. Geo. A. Scott, State Secretary of the Farmers' Alliance, was introduced and spoke for some time upon topics relative to the Alliance. He was interrupted by rain, but resumed his speech after the shower passed over. The Andover Band was present and their music added much to the enjoyment of the occasion.

Found Dead in Bed.

Last Friday morning John J. Carr, a resident of this place, 80 years of age, was found dead in his bed. He lay across the bed in such a position as to lead to the belief that he attempted to rise and fell back on the bed. Heart disease is supposed to have been the cause of death. The funeral was held Sunday at the house, Rev. G. W. Gibson officiating, and the burial took place at Hallsport. Mr. Carr left a wife and five children.

Deming-Rosebush.

In Andover, June 24, at the residence of the bride's parents, by Rev. G. M. Janes, Mr. Burr W. Deming, of Brockport, to Miss Florence E. Rosebush, of Andover.

Everything conspired to make this a most pleasant and interesting occasion. The company was large; the presents, from the beautiful parlor set to the most simple household utensil, were every one of them appropriate and desirable, and, last but not least, the ceremony was exactly on time. Mendelsohn's wedding march was played by Miss M. Maud Janes.

Early in the evening the happy couple started on their trip, which will include Plainfield, N. J., New York and various other places of interest. Brockport, where Mr. Deming has a position in one of the banks, will be their future home.

The Fourth!

The celebration at Hornellsville on the Fourth of July will be the largest in Western New York.
