School Dances

School dances are put on by the members of the Junior and Senior classes each year.

These dances are held as money-making projects as well as for an evening's entertainment. Good music is furnished and there is no reason why a good turn out should not be present.

The class should support its dance as far as possible, and next, the local townspeople, with outsiders coming in last. At some of the school dances out of town people have supported them nearly alone.

In order to have successful school dances these three groups need to cooperate at all times and not let one do it alone one time or two of them the next.

Liquid Air Demonstration In Assembly

Professor Paul Saunders of Alfred University gave his well known liquid air demonstration in Assembly Friday morning. Grades five through twelve attended the assembly.

Professor Saunders, after explaining that liquid air is composed of nitrogen, oxygen and carbon dioxide, demonstrated the extremity of the coldness with several very interesting experiments such as dropping various articles into the container holding the liquid air. The result was that even the softest were made as hard as rock in a very short space of time. He pointed out the various properties of liquid air and demonstrated each of them.

It was a very informative and interesting program.

Public Speaking In Guidance

On Friday, December 10th, the Guidance class met under the direction of Mr. McGee for training in public speaking. The class improved a great deal over their last attempt by showing less stage fright and better posture.

During the week the class completed their discussion on courtesy and began a discussion of honesty in connection with situations both in and out of school. Probably the most important point mentioned was that honesty or dishonesty, practiced over a long period of time, becomes a habit; thus the need of forming early the correct habit of honest living.

Defeats 1937 Champions

A fighting high school team took over the last year's Class C champs Tuesday night by a score of 25-26 at Angelica.

The Purple and White took the lead at the start of the game and held it by 5 or 6 points thruout the first three quarters. In the last quarter, the Angelica team, in an attempt to overtake the Purple and White, made nine points to Andover's three.

The opposing team was favored by two exceptionally tall boys who did most of the scoring for Angelica.

The Andover team showed an exceptional weakness on foul shots. They were unable to make more than two free throws out of 13 tries.

Seven different players were used by Andover and all performed creditably.

In a preliminary the Angelica seconds defeated the Andover seconds by a score of 13-7.

Christmas Program Next Tuesday Night

The annual Christmas program will be put on this year by the Girl's Chorus and the High School Dramatic Club, on Tuesday evening December 21st.

The program will consist of Christmas music by the Girl's Chorus with appropriate pantomimes and settings, a Christmas reading, and the presentation by the dramatic cuib of "Where Love Is," a delightful one act Christmas play.

Members of the chorus will be arrayed in robes made from light blue cheesecloth and the pantomimes will be further enhanced by special lighting effects.

The scene of the play is laid in the medieval setting of a cobbler's but, with Donald Hardy playing the part of Martin, the cobbler. Other members of the cast are Henry Anton, Fotiney Karcanes, Fern Holroyd Charles Burgett, George Greenan and Mary Ellen Driscoll.

An admission of 25 cents will be charged to cover the cost of production and to start a fund for the purchase of musical instruments. Tickets will go on sale this week.

Christmas Festivities Open With Dance

One of the most delightful dances ever held in the Andover High Gym took place Friday, December 10, under the auspices of the senior class.

The decorations were unusaly attractive. Scarlet and white streamers forming a canopy, walls gayly festooned with bells, candles and evergreen; lighted Christmas trees all these formed a beautiful and appropriate setting for the enchanting rhythm of Johnny Fitz-Gerald's orchestra and the gay couples dancing to it.

Mr. and Mrs. Ray McGill and Mr. and Mrs. Archie Bloss chaperoned.

The committees in charge of the dance were:

Decorations: Chairman, Charlotte Cook; Helen Dean, Katherine Barber.

Invitations: Chairman, Thelma Ahrens; Mary Greenan, Marion Swarts.

Advertisements: Chairman, Charles Burgett; Carl Will, Donald Hardy.

Ticket Sellers: Donald Hardy, Carol Burdick.

Andover Meets Strong Team Friday

The Andover High School basketball team will have a tough battle tomorrow night when it meets one of the strongest teams Whitesville has had in years. Andover has won its first two league games and is out to win its third. Wellsville defeated Whitesville by only six points at Wellsville, so it looks as tho it would be hard fought basketball for the Panthers.

Whitesville's best men are Pritchard and Snow, both of whom are experienced players.

The Andover Keystoners will play Hornell, strongest team in the league Friday night also in a game likely to determine the championship of the town team league.

A capacity crowd is expected to witness this bargain attraction

——AHS——

Mr. McGee: "Who will define a circle?"

Charley Spicer: A circle is a round straight line with a hole in the middle."

Bowling Activities

Bowlers Triumph Over Alfred

The Andover bowling team beat the Alfred team by a score of 3 to 1 Monday night, Dec. 13th, in a hard-fought match. The first two games were taken by Andover by 86 and 68 pins respectively, but the team could not keep up the pace and dropped the last game by 66 pins. The team thus won the first two game points, and the match point.

High three games: R. Joyce, 545.
High single game: Russell, 215.

Gottlieb Pfeiffer, whose wife died a week ago, moved down from the farm last Saturday and will live with his son, Howard, this winter here in the village.

Mrs. C. L. Travis, wife of the superintendent of the Borden milk plant, met with a very unfortunate and painful accident last Saturday about noon. In answering a call at the door, she caught her foot under the edge of the rug and fell, breaking her right arm just below the shoulder. She was taken to Hornell where an x-ray revealed a break in the shoulder besides that of the arm. Drs. Stewart of Hornell and Taylor of Whitesville cared for the injuries. It happened that she was to celebrate her birthday that afternoon and the members of her birthday club arrived not knowing of the accident, but with characteristic Travis hospitality, they were not permitted to leave as they proposed to do, so remained and had a most delicious roast turkey dinner ready to serve when she returned from Hornell. She received much sympathy and many lovely gifts, but has an injury which will require many weeks to heal.

The Christmas season will be celebrated in Whitesville M. E. church by Christmas music during the Sunday morning services next Sunday and a union Christmas tree Wednesday evening, Dec. 22 at the church. Santa Clause will be present to greet the 100 or more Bible school students and all will receive gifts. Come and meet Santa.

Sentinels of Health

Don't Neglect Them!

Nature designed the kidneys to do a marvelous job. Their task is to keep the flowing blood stream free of an excess of waste matter. Nine out of every 10 people are constantly producing weeks worth of the kidneys must remove from the blood if good health is to endure.

When the kidneys fail to function as Nature intended, there is retention of waste that may cause body-wide distress. One may suffer nagging backache, persistent backache, attacks of dizziness, getting up nights, swelling, puffiness under the eyes—feel tired, nervous, all worn out.

Frequent, scanty or burning passages may be further evidence of kidney or bladder disturbance.

Use a tested and proper treatment. It is a diuretic medicine to help the kidneys get rid of excess poisonous body waste. Use Doan's Pills. They have had years of public approval. Are endorsed the country over. Insist on Doan's. Sold at all drug stores.
