Dog Owners' Notice

Dog licenses for 1940 expired on December 31st, 1940. The 1941 license fee was due January 1st. Licenses so issued will cover the period from January 1st to December 31st, 1941. Every dog must wear a tag of the current dog license year. A dog without such a tag is not protected by law and no action can be maintained for his injury or destruction.

An unlicensed dog may be seized and killed and the fact that a dog is without a tag is presumptive evidence that the dog is unlicensed.

Dog licenses must be obtained from the clerk of the city or town where the dog is harbored or kept.

License fees: Male dog, $2.25; female dog, $5.25; spayed female dog, $2.25. These amounts include clerk's fees.

No license can be issued for less than the full license year.

The owner of a dog who fails or refuses to obtain a license for the dog as required by law incurs a penalty of $10.00 and costs.

The enumerators of towns and the police departments of cities are required to prepare in January of this year a list of dog owners. The omission of the name of an owner from the enumerator's or police list will not excuse the owner from obtaining a license.

If you owned a dog last year and do not own one now, so advise the clerk of your town or city.

Dog licenses in the Town of Andover are issued by MRS. FLORENCE BLOSS, Clerk, P. O. Address, Andover, New York. 5

A Correction

The News has been asked to correct an item in last week's paper, relative to Rev. Thomas Ferguson. Rev. Ferguson, the News is informed, was not connected with the Christian and Missionary Alliance, but with the Christian Brethren organization.

Then there was the Scoteman who warned the editor that if he did not stop printing Scotch jokes, he would stop borrowing the magazine.

WE ARE SEEKING "JUSTICE AND RIGHT DEALING" FOR ALL FARMERS

"The Nature of Men and of Organized Society Dictates the Maintenance in Every Field of Action of the Highest and Purest Standards of Justice and Right Dealing."
—From Woodrow Wilson's article on "Democracy."

The Milk Marketing Order cannot contribute to "A Living Price for Milk" unless Justice and Right Dealing Prevail . . .

In keeping with the policy of the Dairymen's League for nearly a quarter of a century, our organization has again taken the lead in defense of the rights of all farmers. In the past, we have been called upon to defend farmers' rights against dealers, against radicals, against all who would destroy the united action of farmers. Now, we are defending all farmers against an incorrect interpretation of a Law passed by Congress.

We are making this appeal to the Courts for one reason only: Congress passed the Law under which the Federal Milk Order is operating. Some say Congress meant one thing. Some say Congress meant another. Our Court action is to legally establish exactly what rights Congress intended that farmers should have.

Our Court action is *NOT* AGAINST THE MILK MARKETING ORDER. Nor is it AGAINST THE GOVERNMENT. Nor is it against the Amendments as such. We are simply asking that farmers have a voice in shaping the terms of the order under which they must sell their produce. We are protesting against the fact that farmers' wishes were not recognized in building these Amendments—and we are particularly protesting the method by which the vote is being forced,

Government is not One Man—nor One Group of Men. Government consists of three branches—Legislative, Executive and Judicial. Government is not Departments. But Departments of Government are there for the purpose of carrying out the Laws Congress passes. When these Laws are interpreted differently, then it is up to the Judicial branch of Government to say whose interpretation is correct.

If the rights of farmers are to be saved, farmers must be allowed the right to participate in, or at least question, the final plan for the orderly marketing of their milk. And this is not only defending farmers' rights. But, this action of the League is a defense in favor of labor and business as well. For, if a Department can take away rights of farmers, a Department can also take away the rights of labor and business.

We Want the Milk Marketing Order

The Dairymen's League definitely wants the present Milk Marketing Order to continue. We sincerely believe that the group of Amendments proposed will return farmers LESS money for their milk than they received a year ago. And we contend that some of the Amendments proposed were not based on the evidence as presented at the hearings. Then, farmers were told that they must vote YES on these Amendments as a whole whether they approve of all of them or not. But that is not the worst. They are told they must vote YES on these Amendments, or that government support, which has been a big help to farmers, will be withdrawn.

By giving farmers the right to say "NO" as well as "YES," then farmers have the veto power—a power which we believe Congress intended them to have. But, that right to the power to say "NO" is being denied farmers, under the threat of the extreme penalty of withdrawing Federal milk control from the market.

We farmers of the Dairymen's League DO NOT BELIEVE that some of these Amendments will contribute to the best interests of the Milk Marketing Order and the farm families in this Milk Shed. We of the Dairymen's League DO BELIEVE that Congress intended farmers should have the right to share in making the Milk Order work for the good of all. And, we seek to prevent the loss of the Order, merely because farmers do not agree with the Department's interpretation of Congress' intentions.

As the largest single group of farmers in the Milk Shed, we of the Dairymen's League feel it is our duty, in defense of the Order, in defense of farmers' rights, in defense of farmers' income, to assume the burden of going to Court for a Judicial opinion as to just what Congress meant.

Now—if the Courts should rule that the Department's action is correct—then we farmers will make the best of it. And, if the Courts should rule that our understanding is right—we know that the Department will accept that ruling in the same spirit.
