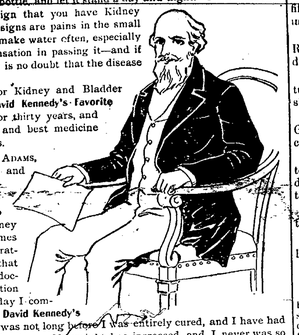
How to Prolong Life

No man or woman can hope to live long if the Kidneys, Bladder, or Urinary Organs are diseased. Disorders of that kind should never be neglected. Don't delay in finding out your condition. You can tell as well as a physician. Put some urine in a glass or bottle, and let it stand a day and night. A sediment at the bottom is a sure sign that you have Kidney disease. Other certain signs are pains in the small of the back—a desire to make water often, especially at night—a scalding sensation in passing it—and if urine stains linen there is no doubt that the disease is present.



There is a cure for Kidney and Bladder Diseases. It is Dr. David Kennedy's Favorite Remedy. It has been for thirty years, and is today, the greatest and best medicine known for these troubles.

Mr. William W. Adams, cor. Jefferson Avenue and Clifton Street, Rochester, N. Y., says:—

"Three years ago I was taken with Kidney disease very badly; at times I was completely prostrated; in fact, was so bad that a day was set for the doctors to perform an operation upon me. Upon that day I commenced the use of Dr. David Kennedy's Favorite Remedy, and it was not long before I was entirely cured, and I have had no return of the trouble since. My weight has increased, and I never was so well as I am now. Dr. David Kennedy's Favorite Remedy saved my life."

Favorite Remedy acts directly upon the Kidneys, Liver and Blood. In cases of Nervousness, Dyspepsia, Rheumatism, Ulcers, Old Sores, Blood Poisoning, Bright's Disease and Female Troubles it has made cures after all other treatments failed. It is sold for $1.00 a bottle at drug stores. A teaspoonful is a dose.

Sample Bottle Free! Send your full postoffice address to the Dr. David Kennedy Corporation, Rondout, N. Y., and mention this paper, and a sample bottle of Favorite Remedy will be sent free. Every sufferer can depend upon the genuineness of this offer, and should send at once.
