THE ANDOVER NEWS.

VOL. XI., NO. 36. ANDOVER, ALLEGANY COUNTY, N. Y., APRIL 27, 1898. ONE DOLLAR PER YEAR.

IF IT DOSEN'T PAY TO ADVERTISE IN THE NEWS, WHY DO SO MANY PEOPLE USE ITS COLUMNS ?

Health for Everybody!

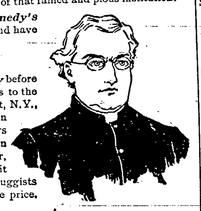
When the Kidneys, Bladder and Urinary Organs are in a healthy state, a person is practically disease-proof. Sickness can hardly find a foothold when those organs are well and strong. The Kidneys sift and strain from the blood poisonous and waste matter. When they are weak and diseased, the poisonous particles do not pass off, but remain in the system. They cause pain in the small of the back, Stone in the Bladder, and Bright's Disease.

It is easy to tell if your Kidneys are disordered. Put some urine in a bottle or glass for 24 hours. If there is a sediment, you have Kidney disease. Other signs are a desire to urinate often, particularly at night, and a smarting, scalding sensation in passing water.

Nothing is so good for curing diseases of the Kidneys, Bladder and Urinary Organs as *Dr. David Kennedy's Favorite Remedy*, that grand medicine which has been before the public for over 30 years. It should be taken without delay by men and women who have any of the above symptoms, as the disease is apt to prove fatal if not attended to.

From the Convent of the Good Shepherd, Troy, N. Y., comes this short but pointed endorsement, signed by the sisters of that famed and pious institution:

"We have used *Dr. David Kennedy's Favorite Remedy* for Kidney trouble, and have found it very efficacious."



Sample Bottle Free!

If you wish to test *Favorite Remedy* before buying it, send your full postoffice address to the DR. DAVID KENNEDY CORPORATION, Rondout, N.Y., and *mention this paper*. You will then receive a sample bottle, free, and circulars giving full directions for its use. You can depend upon the genuineness of this offer, and all sufferers should take advantage of it at once. The regular size is sold by all druggists for $1.00 a bottle, and it is well worth the price.

At a meeting of the Allegany County Publishers' Association, held at Bolivar, April 25, 1898 the following rules were unanimously adopted to take effect the week beginning May 9, 1898:

RULE 1.—That not less than 5 cents per line be charged for resolutions of respect, and local notices of entertainments from which revenue is to be derived.

RULE 2.—Cards of thanks to be charged $1.

RULE 3.—Obituary notices, except such as are published as a matter of news, and lists of wedding presents to be charged for at not less than 5 cents per line.

ONE OF TWO WAYS.

The bladder was created for one purpose, namely, a receptable for the urine and as such it is not liable to any form of disease except by one of two ways. The first way is from imperfect action of the kidneys. The second way is from careless local treatment of other diseases.

CHIEF CAUSE.

Unhealthy urine from unhealthy kidneys is the chief cause of bladder troubles. So the womb, like the bladder, was created for one purpose, and if not doctored too much is not liable to weakness or disease, except in rare cases. It is situated back of and very close to the bladder, therefore any pain, disease or inconvenience manifested in the kidneys, back, bladder or urinary passage is often, by mistake, attributed to female weakness or womb trouble of some sort. The error is easily made and may be easily avoided. To find out correctly, set your urine aside for twenty-four hours; a sediment or settling indicates kidney or bladder trouble. The mild and the extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney and bladder remedy, is soon realized. If you need a medicine you should have the best. At druggists fifty cents and one dollar. You may have a sample bottle and pamphlet, both sent free by mail, upon receipt of three two cent stamps to cover cost of postage on the bottle. Mention the ANDOVER NEWS and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The proprietors of this paper guarantee the genuineness of this offer.

Educate Your Bowels with Cascarets.

Candy Cathartic, cure constipation forever. 10c. If C. C. C. fail, druggists refund money.

The Woman's Christian Temperance Union of Andover meets the first and third Thursday in each month.

We wonder how many people in Andover realize that during the past year $10,000 has been spent, in this town, for tobacco. This is no estimated amount, but the result of careful investigation, and falls short of the actual sum spent, as no figures could be obtained from some dealers. $10,000 spent for that which injures both body and mind, and still we hear complaint of hard times!

The Catholic Total Abstinence Society has declared a boycott on all grocers who operate a bar where liquor is sold in connection with their business. A resolution calling upon all friends of temperance to refuse to patronize all grocers having liquor departments was passed unanimously at a meeting in Handel hall.—*The Facts.*

—o—

Four healthy cocker spaniels, which were born on Washington's birthday, 1895,—the males being brothers, and the females sisters,—have been for three years the subject of an interesting experiment by a professor in Clark University. Alcohol, not enough to produce intoxication, has been mixed with the daily food of two of these dogs. The others have had none. One result is that, as compared with the sober dogs, the alcoholics, Bum and Tipsy, have become timid, slovenly, lazy and weak. Yet the worst efforts of the whisky diet appear in the offspring. Bum and Tipsy have been the parents of twenty pups, six of which were born dead, and eight malformed, six only being healthy. On the other hand, the normal pair have had sixteen pups, of which fifteen are living and healthy. Remembering that the "alcoholics" have never been drunk, such an experiment helps one to understand the downfall of many a family whose head has prided himself on being a "moderate" drinker. —*Youth's Companion.*

Unity of Religion; or, Christ's Church is One.

"And in the last days the mountain of the house of the Lord shall be prepared, on the top of mountains, and it shall be exhausted above the hills; and all nations shall flow unto it." Isaias 2: 2. In his sermon last Sunday, Father Murray said this prophetic utterance referred to the Church established by Jesus Christ, the Redeemer of men. The "mountain of the house of the Lord" is figurative of the prominence of the one true Church of Christ. The unity of the Church is deduced from the figures applied to her in the Sacred Scriptures; for there the Church is called a kingdom, city, house, temple, body, a virgin espoused to Christ as the husband. The Church is one fold of which Christ is the Shepherd. The Church was founded upon the Rock which was Peter. The sole end, and the reason of the existence of the Church is to reproduce Christ in every community in the world. To do this effectually the Church must be one. The Church must teach the doctrine of Christ, which is one. The Church must, the speaker said, be one in doctrine or faith, one in the administration of the sacraments, one in her government. It was to his Church that Christ said, "Going therefore teach ye all nations; baptizing them. . . . Teaching them to *observe* all things whatsoever I have commanded you." Matt. 28: 18.

A western paper is authority for the statement that in the beginning God created the heavens and the earth. Then he made the editor and the liberal advertiser and prompt paying subscribers, and it was good. The next day a blizzard set in and he created the man who didn't take his home paper, and then he rested. The devil then got into the moulding room and he created the fellow that takes the paper for years and then fails to pay for it. And after completing that sorry job, having a few lumps of mouldy, pigsty mud left, he made the excuse for a man who settles his subscription by instructing his postmaster to mark his paper "refused," and he felt so mean about it that he has been kicking himself ever since.
