When so afflicted, you can conquer the trouble [illegible] *David Kennedy's Favorite Remedy*, the greatest medicine that [illegible] has ever known for curing Kidney, [illegible], Blood and Liver Diseases.

James Lettice, of Canajoharie, N. Y., tells of his wonderful cure: "Some years ago I was attacked with pains in my back and sides that were painful. I could not control my kidneys, and what came from me was filled with mucus and blood. An Albany doctor was to perform an operation upon me, and said my home doctor could take care of me after. I saw an advertisement of *Dr. David Kennedy's Favorite Remedy*, which seemed to fit my case, so I decided to try that before I submitted to the operation. I began its use. When I had taken about two bottles the flow from the bladder grew cleaner, and the pain stopped, and in a short time I was saved from the surgeon's knife, and am now well."

Favorite Remedy also cures Eczema, Scrofula, Rheumatism, Dyspepsia and Constipation. For Female Troubles it is unequaled. It is sold for $1.00 a bottle at all drug stores.

Sample Bottle Free! In order that sufferers may be convinced of the curative virtues of *Favorite Remedy*, a free sample bottle will be sent, prepaid, to those who send their full postoffice address to the DR. Phillips & Owen.

An establishment which is an important factor among the mercantile interests of Andover is that conducted by Phillips & Owen. These gentlemen have been actively engaged in business here since 1894 and have succeeded in building up a business which is both large in amount and select in character. The stock carried is a large and miscellaneous one and is carefully selected for meeting the demands of all classes. On entering the store we note the large dry goods department. Here is displayed everything in this line of staple and fancy goods, notions, ladies' and gent's furnishing goods and a full line of carpets which are marked at prices that make quick sales. In the shoe department is to be found the latest styles in boots, shoes, slippers and rubber goods in the best quality at the lowest prices. Then there is the grocery department where is to be found a large array of both foreign and domestic groceries. The department has gained the reputation of selling goods cheaper than any other store in this section.

Messrs. Phillips & Owen's connection with the leading jobbing houses is of that ample character, that by buying in large lots and paying spot cash they are able to secure the best commodities at inside figures and to offer them to patrons at prices which makes this establishment the leading headquarters for the most prudent buyers. Phillips & Owen have established a very extensive and influential business connection and are accounted among that class of men in whom the future development of the town rests.

Popple & Reimann.

The foundry and machine shop of which Popple & Reimann are the proprietors, is one of the principal concerns of its kind in this section. The business was established by Mr. A. O'Donnell a quarter of a century ago, and came into the possession of the present firm on March 15, 1895. From the outset it has been most successful and has proven a valuable addition to the town. The plant now occupied is a commodious building for foundry and machine shop and every convenience and facility are possessed to aid in the prosecution of affairs. Here is carried on the manufacture of gray iron and brass castings, and every description of machinery castings is executed, while a general machine shop is also operated. Milling machines, mill gearing, pulleys, shafting and general repair work is executed, the establishment being well fitted for this branch of the business. All productions are as near perfect as possible and from the start of this firm to construct this product with a view to durable service at a minimum of cost for repairs, in fact all articles manufactured here are unsurpassed for proportionation, adjustment of parts, strength and solidity. Estimates are furnished and drafts and patterns are made to order and in fact everything coming under the head of brass and iron casting, and general machine work is executed in the highest degree of workmanship and excellence. In conclusion we will state that the firm of Popple & Reimann is reliable and progressive and ranks among the leading industrial enterprises of Andover and vicinity.

Imperial Hotel.

F. W. CORRAN, MANAGER.

Among hotels to which our attention is directed are none more worthy of recognition than the "Imperial" which is under the enterprising management of Mr. F. W. Corran. The hotel is a commodious two story structure, located on the corner of Main and Greenwood streets. There are one parlor and reception room and a nicely equipped dining room, besides fourteen sleeping rooms, all well lighted, nicely furnished, scrupulously clean and comfortable and heated by natural gas. A most liberal table is kept and the lunch served embraces the best the market affords. The service is prompt and courteous and everything possible is done to promote the comfort of guests. The imperial possesses strong claim on public favor and enjoys a very distinct popularity. The rates are moderate, while special rates are made by the week or to regular boarders. The management of the entire business is under the supervision of Mr. Corran, who has had a large experience in this line of business. He is a genial host and makes everybody comfortable while sojourning with him. In connection with the hotel is a well conducted barn which is provided with a good dry stable for the accommodation of horses. The boarding of horses also receive prompt attention.
