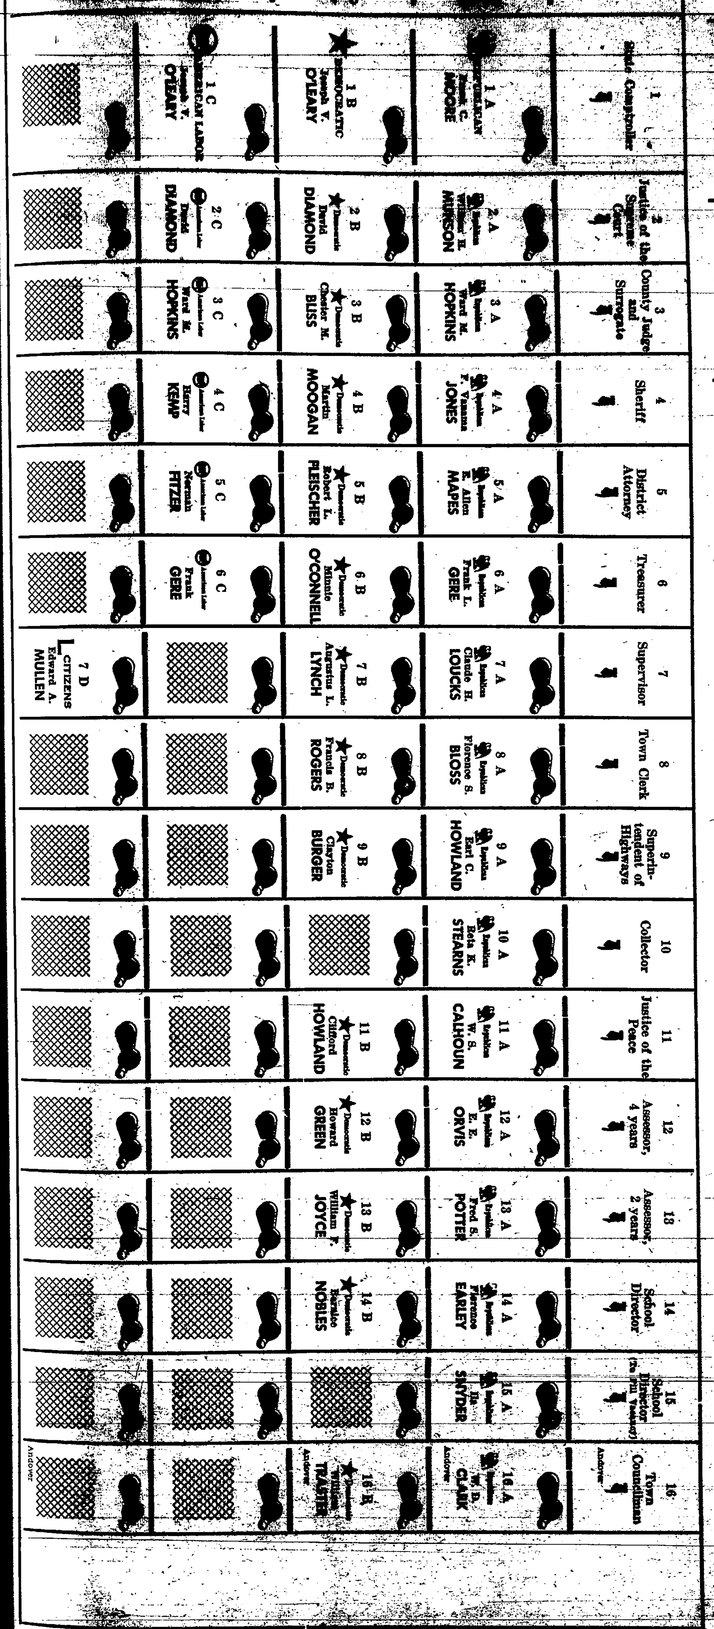
SAMPLE BALLOT AND DIRECTIONS FOR VOTING



DIRECTIONS FOR VOTING ON THE VOTING MACHINE

Swing the handle of the Curtain Lever (overhead) around to the right as far as it will go, and leave it there. This will close the curtain around you and unlock the machine for voting.

To vote on the Amendments, turn down a pointer over either "YES" or "NO" of each amendment submitted and leave them down.

At the left end of the machine (in column 1) you will find the names of the candidates for State Comptroller. Turn down the pointer over the name of the candidate you wish to vote for and leave it down.

Keep on in the same manner to the end of the ticket, taking care to turn down a pointer for every office AND LEAVE THEM DOWN.

After arranging your ticket (leaving the pointers DOWN over the names of the candidates you wish to vote for) swing the handle of the Curtain Lever to the left as far as it will go, and leave it there. This will register your vote, and return the pointers to their unvoting position, after which it will open the curtain.

A FEW WORDS OF EXPLANATION

Each candidate's Pointer is located just above his name; so be sure to turn down the Pointer ABOVE the name of the candidate you wish to vote for.

—The voting machine will push them back you have not voted to go out). No one knows how you have voted when you leave the machine.

As no votes are registered until you move the curtain lever to open the curtain, you can make as many changes as you wish in your vote while the Curtain Lever is at the right hand side. You can turn down the wrong Pointer path it back in place, and pull down the correct one.

The machine is so arranged that you CANNOT turn down more than the proper number of Pointers for any office. Therefore you need have no fear of spoiling your ballot by voting for too many.

In the case of an office to which more than one candidate is to be elected, you can turn down the proper number of Pointers anywhere in that group, even though one be directly below the other.

TWO SUGGESTIONS

FIRST: Read the Sample Ballot below carefully and decide which candidates you wish to vote for.

SECOND: Call the Town Clerk and find out where a voting machine is on public exhibition, so that you are sure you can vote on it without trouble or delay. A few minutes so spent will familiarize you with the machine and may save time on Election Day.
