Some Pointed Questions

Does your urine contain any sediment? Is the lower part of your back sore, weak and lame? Does your urine have a whitish, milky color? Is there a smarting or scalding sensation in passing it? Does it pain you to hold it? Do you desire to urinate often, especially at night?

If you have any of these symptoms, your Kidneys are diseased and your life is in danger. More people die of such disorders than are killed in wars.

Dr. David Kennedy's Favorite Remedy is a direct and sure cure. It goes straight to the seat of diseases in the Kidneys, Bladder and Blood. It hunts out and drives from the system all the impurities that cause pain in the back, Stone in the Bladder, Bright's Disease, Urinary Troubles, and diseases of the Stomach and Liver. It acts at once. There is no long waiting to see if it will help.

"For years I suffered with my Kidneys," writes THOMAS QUACKENBUSH, of Pittsfield, Mass. "The pain in my back was so severe at times that I was obliged to keep to my bed. I suffered awfully when passing water, which was often discolored with blood. I tried almost everything in the shape of medicine, but nothing seemed to help me. One day I got a bottle of *Dr. David Kennedy's Favorite Remedy* and used it but a little while when it braced me right up. My back became all right, no pain at all; my water cleared up and passed from me without pain, and I grew better in every way. I consider it a great medicine, as it has done wonders for me. My wife uses it for female complaint, and thinks it's the finest medicine in the world."

Sample Bottle Free.

Every man and woman who reads this paper and is in need of medicine, is invited to send full postoffice address for a free trial bottle of *Favorite Remedy* to the DR. DAVID KENNEDY CORPORATION, Rondout, N. Y. Our offer is genuine, and the fact that it appears in this paper is a guarantee that the trial bottle will be sent prepaid. Don't delay in writing, and *mention this paper.*

A large bottle costs $1.00 at all drug stores.

N. PERKINS & CO.

Idea of the Church.

Christianity professes that she is based upon Christ and His teaching as upon a foundation which gives her both life and stable durability. Christianity is synonymous with the Church of Christ. Christ instituted His church to save all men, to point out the way and to give the help necessary to lead all men to eternal life. The church, then, must needs be representative of Christ. Men must, if this be so, men must go through the church to Christ and to eternal life. The church therefore must have certain intrinsic constitutive attributes and marks or signs by which she may be known and distinguished.

We are just celebrating the Easter solemnities commemorative of that divine fact which so overwhelmingly proves the Divinity of Christ, viz., His resurrection, which fact proves also the Divine origin of the religion by Christ established.

Now, we want to know the attributes and the distinctive signs of Christ's work, which, if His work, must necessarily endure in this world.

I intend to make my sermons, at the 10:30 o'clock Mass, for the Sundays immediately to come, explanatory of what the church should be, according to my mind and according to the teaching of Christianity, of which I am an official exponent. I shall therefore give an idea of the church, and then look for its realization. Wherever we find it, that must we do which it teaches, for such is the Divine Will and the command of Christ.

Persons desirous of information with regard to our teaching in this respect, are cordially welcome to these discourses. We seek to be known.

T. A. MURRAY.

Eczema, scald head, hives, itchiness of the skin of any sort, instantly relieved, permanently cured. Doan's Ointment At any drug store.

It is a great leap from the old-fashioned doses of blue-mass and nauseous physics to the pleasant little pellets known as DeWitt's Little Early Risers. They cure constipation, sick headache and billiousness. Benedict & Van Noy.

Notice to Water Consumers.

At the regular monthly meeting of the Village Trustees, it was thought best to make the following announcement: All water rents not paid by April 20th, will be placed in the hands of Crayton L. Earley, Attorney, for collection, with an additional 5 per cent added for the collection. In future all water rents not paid within 10 days from issuance of water bills (June 1 and Dec. 1), will be collected in the same manner, without favor.

Please note the following village law in relation to water rents: "The board of water commissioners shall establish a scale of rents for the use of water, to be called 'water rents,' and to be paid at such time as the board may prescribe. *Such rents shall be a lien on the real property upon which the water is used.*"

BOARD OF TRUSTEES.

Question Box.

Father Murray will make a feature of the regular Sunday night services at the Blessed Sacrament Church, the public answering of any questions concerning religion that may be presented to him. Any person, of whatever religion, or of no religion at all, may ask any question on religion. Questions should be written and placed in the locked question box in the church. No names, unless the writer desires, need accompany the question. All queries will be answered the Sunday night following the receipt of same.

A Statement.

The following is a statement by one of the Board of Education:

Mistaken account of non-resident money being circulated we print a record as it appears on the Secretary's book, comparing previous year with the present, to Feb. 25, 1898. Amount to District, Cr. at close of 1897, $181.00; ditto, Feb. 25, 1898, $103 50

A lazy liver makes a lazy man. Burdock Blood Bitters is the natural, never failing remedy for a lazy liver.

CASTORIA.

The fac-simile signature of Chas. H. Fletcher is on every wrapper.

TWO WRITE UPS.

Lanphear Mills.

The Lanphear Mills, conducted by Walter Lanphear, has so large a bearing on the trade of Andover, as to require more than ordinary consideration at our hands. The concern was inaugurated in 1892, and forms an important adjunct to the farming interests of this section, and is therefore headquarters for flour, feed, meal, grain, etc. The mill is a two story structure, having dimensions of xxx feet. The entire establishment is equipped and supplied with the full roller process, the machinery being driven by a 50-horse power engine, and it is in fact one of the best fitted mills in this section. The business is of a wholesale and retail character, and the leading flour and feed dealers in this section are supplied from this concern, they being attracted by the reliability of the goods and the liberal inducements offered in both terms and prices. A large business is done in the manufacture of buckwheat flour, for which this mill has won an enviable reputation for superior quality. That the products from the mill are unrivaled in excellence is shown by the immense quantities manufactured and sold. Mr. Lanphear having a large local trade, and an increasing wholesale trade. The equipment of the mill is complete in every particular for the manufacture of buckwheat and graham flour, and table meal and feed. A specialty is made of custom grinding. Mr Lanphear is favorably known and is closely identified with everything pertaining to the best interests of Andover. In addition to his flour mill Mr. Lanphear also operates a saw mill, and is headquarters for every class of lumber for building purposes.

N. Perkins & Co.

An establishment that occupies a leading position in this section is that of N. Perkins & Co., manufacturers of and dealers in harness and horse furnishing goods, and its reputation is such that it is looked upon by many as headquarters for reliable dealings in that line. Mr. Perkins has been identified with the harness business for four years, and has built up an extensive and select patronage which, is by no means confined to Andover, but extends throughout this whole section. Though handling none but the best and most reliable goods in his line, and doing only first class work, Mr. Perkins is by no means extravagant in his prices; on the contrary he is in a position to invite comparison with those of other dealers, the quality of material and workmanship being considered. He employs none but the most competent workmen, and all the custom work is done by him or under his immediate supervision, and therefore there is a positive surety that but one grade of work, and that first-class is ever turned out from his shop. If you want a harness that will look well, wear well, fit well last well, and prove to be the cheapest in the long run it will pay you to patronize this firm. There is no dealer who is better prepared to give unsurpassed value for money received. Mr. Perkins is well and favorably known, and is highly esteemed by his patrons and the general public.

A good investment is to purchase a bottle of Chamberlain's Cough Remedy. It is good when you first take cold; it is good when your cold is seated and your lungs are sore. It is good for any kind of a cough and is pleasant and safe to take. For sale by L. A. Burdick.

SOUTH ANDOVER NEWS.

The National Transit Pipe Line Company have extended their lines to the Hunt farm, lot 7.

Several of our young men attended a "social hop" at Kinney, Pa., Monday night. All report a very pleasant time.

Brainard and Tenny started the drill Monday morning for Atwood, Lynch & McEwen, No 2 on the Dean farm, lot 7.

Atwood, Lynch & McEwen are building the rig for No 4 on the Lynch farm, lot 49.

The sugar makers in this section are very busy just at present. They report a very good "run."

Patrick McLaughlin, sr. has returned from a tour through Scio, Belmont and Friendship, visiting old time friends and acquaintances.

The patrons of the South Andover Cheese factory held their annual meeting Monday afternoon. A. M. Mingus offered to make, insure and deliver cheese to wagon for 7½ per pound, which was accepted. H. H. Clarke was re-elected president, also P. Cannon & Son were re-elected secretary and treasurer. The milk made up at this factory brought 70.21 cents per hundred. The number of pounds of milk for a pound of cheese was 9.39. This is an excellent showing and one that should attract dairymen living midway between this and other factories.

Miss Margaret Donovan, of Wellsville, who has taught two very successful terms of school in the Palmer Valley district, began the spring term Monday.

S. B. Keough and family have moved to Wellsville. Pat. Dougherty is going to work the farm the coming season.

GORWIN HILL NEWS.

John Cochrane went to Rochester last Monday. We understand he will be absent several days visiting among his relatives and friends.

The maple sugar business has again revived and quite a quantity is being made.

H. W Boyd visited friends in this place last Sunday.

Ransom Monroe has moved from T. Comstock's house, East Hill, into Mr. Daniel Bullard's house in this place.

John N. Boyd and Charley Stritz were welcome callers among their friends in this place, Sunday.

Miss Maud Dodge, of Knoxville, Pa., is with Loren Pingrey's people again. We are informed she expects to remain here during the summer.

Mrs. D. P. Corwin, who has been sick for several weeks past, is improving slowly.

Miss Elva Hann visited friends in Elm Valley the first of the week.

John Porter has been employed here repairing the house in which Mr. Riel Franks.

An elegant house and lot. For particulars call at this office. tf

NOT A $25 BICYCLE. FOR $25. BUT A $75 BICYCLE

The ERIE BICYCLE was a $100 wheel in 1895, and all the experts recognized it as a leading high-grade wheel.

Since 1895 the ERIES have been sold regularly for $75, and generally regarded as one of the best wheel values in the market.

J. N. Adam & Co. sold over 2,500 ERIE WHEELS at a cut price last year, and every buyer was pleased.

Now the Queen City Cycle Company has gone out of business, and their successors---the Day Manufacturing Co.---have sold to J. N. ADAM & Co. every ERIE wheel now in existence---the latest and best Eries of all---for a lump cash price, which enables J. N. Adam & Co. to crown their triumph by closing them out at $25 each. Ladies' Eries, $26.

The Day Manufacturing Co. will continue to carry a complete line of Erie parts, and repairs will be as easy to procure and as inexpensive as ever.

There are other Bicycles sold for $25, but every one of them is made to sell at this price and yield both the maker and seller a profit. The Erie is the solitary instance of a regular $75 wheel which has been a success at $75, now selling at a low price.

Regular Cycle Board of Trade guarantee goes with each wheel.

We likewise sell the famous Waverly Wheels this season, either men's or ladies', for $50 each.

WILLIAMS & LANGWORTHY.

Bicycle and Bicycle Sundries.

A great trick rider may perform feats on a bicycle, but an every-day rider is satisfied to make quick time, with little exertion, on a light, easy riding wheel like the ENVOY. It is the best wheel on the market for a century run, and never tires the rider. We are selling them for $45.00.

Our Grocery and our Crockery Departments are full to overflowing.

Save money by giving us your trade.

Williams & Langworthy.

SYNOPSIS

Of Father Murray's Discourse at the Blessed Sacrament Church last Sunday.

Assuming as a consequence of his Easter Sunday discourse on the "Divinity of Christ," that Christ is God—that Christ instituted a Religion, established a Church—Father Murray, on last Sunday, spoke of what we ought naturally to look for from His (Christ's) Church, and what we ought to find in it; what it is naturally calculated to do for men.

And, as Christ is God, the speaker said, He must possess unlimited power, infinite wisdom, and unbounded love. Now when such a person sets Himself about instituting a Church whose mission is—as was Christ's—the salvation of ALL MEN in the WHOLE WORLD, we must look for in this Church just what we would find in Christ. For Christ said, "As the Father sent ME," by the same Almighty and unlimited Authority, "I send you." Go! teach. Go to all men; teach all men. Teach all things, *i. e.*, all truth.

Christ's work was to save souls by teaching all necessary truths, and by MAKING MEN KNOW these TRUTHS—by leading men and guiding them to His eternal kingdom with INERRANCY. The work of the Church must be and is identical with the work of Christ. The Church then must have the same authority that Christ has—the same power to teach, the same right to teach, the same inerrancy in teaching men all truth.

The Church must vindicate her right. Christ sent her. Therefore she has a just claim. She has power to teach. Christ the Almighty God—Infinite Power, Wisdom, Love—said to her: Go, teach, and I am with you doing this; I am with you teaching. You, my Church, will not and cannot err, for I will not let you err; I will restrain you from falling into error. Do my work. I am with you doing it, helping you to do it.

The Church is indefectible. As she came from the hands of Christ so she continues ever like Christ, ever ancient, ever new. She is like the intellectual rays that proceed from God as their source. They never change, always having the light of truth and warmth of love divine.

This Church must evidently be one. We so conclude from the nature of the work she has to do—teach. Christ is one. His truth is one. Heaven, the goal, is one. Ways are not many, but must be essentially one; and must be one in such a manifest manner as to be easily recognizable by all men and all nations and all ages, by old and young, rich and poor, educated and illiterate.

The discourse next Sunday—at Mass, 10:30 a. m.—which will logically flow from the data given above, will be a consideration of "How the Church should be and is one," or "Unity of the Church of Christ."

Spring and Summer Millinery.

Mrs. E. C Martindale has just received her stock of Millinery, and wishes to say to her old patrons that she is thankful for past favors and wishes a continuance of the same. Children's school hats a specialty.

Mrs. Helen Beebe will assist in the trimming department. A large line of ribbons will be sold cheap. Call before purchasing elsewhere.

E. C. MARTINDALE.
