We take the following from the of Gowanda Gazetie: We are informed that the Biis railroad management, have conferred with the B & J. R. R. dwith a view of obtaining the use of the B. & J. rout from the Eric road a: Dayton to Buffalo. The object of this move, which is a wise one, is to make a more direct route.

M. V. Moore, the good natured previous of the Glean House, has met with quite a fiest latty. Thirty young pigs have died on his hands within a few days of regizectic or of a similar disease. He succeeded in saving the remainder of the drove, by saturating a rag with kerosene oil and cramming it down their throats, and bathing their uccks with the same substance. This renewy may be of value to others.— DYE STUFFS PAINTS, OILS, pys of that age, rem.
