Four More Weeks Before Exams

Just a few minutes before exams we realize, usually, just how much we intended to review and didn't. Then our hands get cold and we wish to heaven we had not spent all those moments whispering and throwing paper wads in study hall.

The English students begin to wonder what verb it was that didn't take an object. Yes, then they realize how much they might have done if they had used their study periods to better advantage.

So let's get to work and prevent a case of "just before exam jitters." JB

Hi Herald Staff Attends ACSPA

Four Hi Herald staff members, Elaine Pope, Doris Mead, Dorothy Baker and Susan McAndrew, and Editor Jean Rogers in company with their Hi Herald adviser, Miss Jane Colberg, and Principal Glenn E. Bretsch attended the final quarterly meeting of the ACSPA at Fillmore last Thursday evening.

After a delicious dinner of spaghetti and meat balls, cabbage salad, rolls, pickles, coffee and apple pie a la mode—a la mode given twice, Mr. Earl Tierney of the North Tonawanda High School gave a short talk on "Who Do You Think You Are?"

Short plays were given in the auditorium by the "Bolivar Sentinels" the "Friendship Spies" and the Cuba school newspaper staff.

The first meeting of the year 1942-43 will be held at Cuba in October. Everyone reported a fine time—no one particularly minding the extemporaneous blowing out of fuses and driving from Wellsville home by the light of the moon or a two cell flashlight, neither of which was in good working order. Grade News

In Miss Rectenwald's kindergarten the boys and girls are making a circus. The children will cut the animals out, stuff them and sew them. They will have a circus parade.

In Miss Sequin's first grade they have a baby robin and nest.

In Miss Clark's second grade they are making Indian scrapbooks.

They have sold a total of $3.00 in Defense Stamps.

In Miss Butler's second and third grade they have 17 on the Health Honor Roll. They are making an Indian tepee and head dress.

Everett Davis brought two turtles to school. One is a snapping turtle.

Michael Sullivan from Belfast was visiting here last Tuesday.

In Miss Gottlieb's fourth grade they are studying Henry Wadsworth Longfellow. They have a bulletin board on "Art Pictures."

In Miss Kuhn's fifth and sixth grade they have made "Birds and Flower" maps and "Peace Posters."

In Miss Jordan's fifth grade they are making maps of the U. S. SM

The Janitor's Outlook

"I don't like to wash windows." This positive statement was heard from Janitor John Franklin Nobles. "They don't stay washed even while you're in the process of washing them!"

His favorite movie was "I Married An Angel," and his favorite actor is Nelson Eddy and his favorite actress Dorothy Lamour.

His daily work includes sweeping and cleaning both upstairs and down.

Mr. Nobles states that he doesn't like to have the children slide in the halls, mark on the desks, or throw gum on the floors.

We thank Mr. Nobles for being so kind and wish him much luck in the future. FMM

Band and Chorus To Be Judged at Houghton

On May 21st and 22nd the band and chorus are to be judged at Houghton College. The band will make this particular trip this year instead of the orchestra, for the band did not go to the Elmira Festival because of the shortage of gas and tires. The music festival at Houghton is non-competitive.

Thursday, Choral Day, the chorus will render as its part of the program the following pieces:

"Sea Song," Harms.

"In a Monastary Garden," Ketelbey.

"Music When Soft Voices Die," Kramer.

Friday, band and orchestra day, the band will be judged while playing the following selections;

"Merry Maiden," by Fulton.

"March Normal," by Bennett.

Also Two Chorales.

The members of the band and chorus hope to receive a high rating and a good time on the campus. DM

Hi Herald Receives Excellent Rating

The Hi Herald, as judged by Mr. Earl Tierney of the North Tonawanda High School, received an especially high rating of 80 points out of a possible 85 at a recent A. C. S. P. A. meeting held last Thursday night at Fillmore.

There were no other printed newspaper entries. The next ranking paper, the "Bolivar Sentinel," received 85 points out of a possible 100 points.

The Hi Herald officers and staff were very much pleased with this rating and intend to try to improve their weak points where points were lost, namely keeping humor, impersonal, readers' letters to the editor, and the need for more originality. JR

"On Life and School Exhibits"

These poems were written by a young lady who wishes to remain unknown:

School Exhibit

Cardboard, paper, netting, pins
With these requests, my day begins.
The cardboard's gone, the paper's scarce
Friends seem to be but foes—to harass.
When people enter and I'm set down
I look and try to smile, I frown.
To the stockroom, I am always going—
That's down the hall, where wares I'm showing.
As soon as I get back to the door,
Someone else is here, and I'm gone once more.
I'm very much demanded, as far as I can see
The telephone, the buzzer, they, too, all call for me.
Now, mostly I'm a happy soul and try to keep my head
But honest to Pete, this has me beat—my feet and I, we're dead
The little "kids" are Indians and clowns so I am told
They need much paint and paper too—of red and blue and gold.
We need enough of everything, so all are calm and gay
It really keeps me guessing to continue this all day.
I say, my friends, now please take heed and listen to my plea.
Come visit us on Monday night—inspect and think of me.
For this school exhibit may have its points,
But it sure is hard on feet and joints.

"Here's To It"

In the windy days of November
Pause, tho it will grieve you
Pause, and remember
Leave if you will
And do not regret me.
Try, if you care to—
Try to forget me.
Try to forget.
I am willing indeed.
Try if you wish,
May you never succeed.

The author has written poems for Hi Herald before and these are the latest of her efforts. DM

Are the Seniors or are they not going to have class night?

Several seats were changed around in first period study hall.—Wonder why?

Some ride you took Monday night eh Marg. B. and Mary Baker?

What's this we hear about a weiner roast to be held soon at a certain Senior girl's home?

Dates have already been made for the Junior-Senior picnic.

Autograph books are getting to be quite "comme it faut." Among the students, particularly among the Seniors.

The Seniors are really going to town on their idea for the ball.

Why so few people attending Social Hours?

Did you enjoy the movie Sunday night, Marilyn H.?

The Senior's problem: Who is going to be Principal on Senior Day?

Did you enjoy your "shellacking" job, Chick Gath?

As for the dates for the ball—one is quite extraordinary. PEL

Pleads Guilty at Social Studies Trial

Upon the submission of numerous stories based upon trial cases which might be adapted for dramatization, the Social Studies Class for the ninth grade chose Richard Steadman's trial-for-murder story to be enacted last Monday.

Richard, being author of the situation at hand, played the role of defendant who was placed on trial for the deliberate murder of a girl. Prosecuting Attorney, namely Albert Fisher, thru his skill and knowledge of the situation, won the case over the Defending Attorney, namely Carlton Ordway, who was unable to convince the jury of the defendant's innocence. Altho the witnesses, S. McAndrew, J. Yannie, Alden Kaple and Harold Joyce, tried to sway the decision one way or the other, immediate prosecution was delayed during a recess from court from Thursday until the following Monday. At the second opening of court, the defendant was tried and found guilty of first degree murder and sentenced to death in the electric chair. Dick Potter humorously, but adequately, fulfilled the position of clerk in "swearing in" the witnesses to the stand. ALH

The Real Story of the Early Worm

"Yes, dad," said the up-to-date youth flippantly, "that's a very nice story about the early bird and the worm, but it seems to me that the worm didn't get much by rising early."

ANDOVER MEETS WHITESVILLE IN DECIDING GAME

The locals will attempt to hold off Whitesville High tonight (Thursday) and win the Class B, Section 1 baseball crown.

The Panthers are the only Section 1 ball club that remains unbeaten after wins over Scio, Canaseraga, Angelica and Alfred-Almond. Whitesville has gone down before Canaseraga and Angelica this year but still hold the championship jinx over the locals. They have won two championship games from Andover, one in baseball last year and one in basketball this year. If the Purple Panthers lose this game they would have to play the winner of the Canaseraga-Angelica tilt tonight and this would probably put the clamps on the locals chances for a championship team. If Andover beats Whitesville tonight (let's pray) they would have to play off Fillmore, the winner of the Class B, Section II loop for the Allegany county Class B baseball crown some time this next week.

The lineup for tonight's deciding game will be: "Naze" Dolan catching; "Jake" Shellman pitching; "Milt" Gorsuch on first, Jim Driscoll on second; Jack Dean on short and "Chuck" Holt on third. The outfield will also remain the same with "Pepper" Ryan, Harold West and Horan in their regular positions. MG

PURPLE PANTHERS BEAT ALFRED-ALMOND 5-4

The Purple Panthers of Andover Central School won their third league game from a strong Alfred-Almond team last Friday afternoon.

The locals scored three runs in the first inning, to take the lead and kept it from then on. Dean, Ryan and Holt accounted for the first three tallies.

Alfred-Almond scored single runs in the first, second, fifth and seventh to account for their total.

"Doc" Ludden started the game on the mound but gave away to Shellman in the third, who pitched nice ball the remainder of the game.

"Franie" Horan and "Pepper" Ryan each collected two hits for the Purple and White. Horan got two singles and Ryan a single and a triple.

Crossett, Kelly and Thorngate held the hitting honors for the opposition.

PURPLE PANTHERS WHIP ANGELICA FOR FOURTH WIN

The local high school team won its fourth straight league victory against a powerful Angelica nine last Monday on the local diamond.

"Jack" Dean doubled in the first and was brought in by Ryan's single to account for the locals first tally. "Jake" Shellman who again twirled for the locals went wild in the second inning when Angelica scored runs against him.

Shellman again walked three men in the third and loaded the bases. This threat was wiped out when Ryan caught a fly and threw a man out at the plate for a double play.

"Naze" Dolan struck the winning blow in the fifth inning. After Dean singled Horan struck out, Ryan walked and Holt was safe on an error, filling the bases. Dolan then singled in Dean and Ryan for the winning runs.

"Jack" Dean collected three hits to lead the locals' offensive against the opposition.

ANDOVER OUTPOINTS CANISTEO IN DUAL TRACK MEET

The local tracksters turned in another win over a larger school last Wednesday when they outpointed Canisteo Central in a dual meet by a 56-43 score.

Those who did the most on the score card were:

Miles Gorsuch and Chuck Holt who scored 22 of Andover's 56 points. Gorsuch placed first in the mile and tied for first in the high jump with Gorton of Canisteo; Chuck Holt placed first in the javelin and shot and second in the discus. Vars took second in the broad jump and the 220 yard dash. Dean took a first in the 100 yard dash; Oakes took a first in the 440 yard dash while "Slip" Karcanes took a first in the half-mile.

This has been one of the best years in Andover's track history, taking meets from Canisteo, Alfred-Almond and nearly toppling Wellsville's usual championship team.

The summary of the Canisteo meet is as follows:

100 yd.—Dean, 1st. 10.8 sec.
220 yd.—Vars, 2nd. 25.8 sec.
440 yd.—Oakes, 1st. 60.2 sec.; Temple, 3rd.
880 yd.—Karcanes, 1st. 2:24; Dolan, 2nd.
Mile—Gorsuch, 1st. 5:16.4. Witter, 2nd; Kaple, 3rd.
Broad jump—Vars, 2nd. 19 ft., 9 in. Dolan, 3rd.
High jump—Gorsuch, tie first—5 ft. 5 in.
Shot—Holt, 1st. 39 ft., 2 in.—Temple, 3rd.
Discus—Holt, 2nd, 101 ft., 7 in. Ruger, 3rd.
Javelin—Holt, 1st. 144 ft., 10 in. Emery, 3rd.
Pole vault—Howland, 3rd. 8 ft., 7 in.

Andover, 56; Canisteo, 43. MG

FOOD TO KEEP YOU FIT

GETTING ALONG WITH LESS SUGAR

Even growing boys and girls, hard-working farmers, and factory and office workers, can get along with less sugar than they are used to eating, says the New York State College of Home Economics.

Several different ways to cut down on sugar can be used: Eat more energy-giving foods, such as fruits, nuts, cheese, eggs and bread; reduce the amount of sugar in some favorite dishes; and use some honey, sirups, and molasses in place of sugar for sweetening foods.

Probably most American homemakers will prefer to save their sugar rations for use in "special occasion" desserts and, the rest of the time to use foods that do not require added sweetening and of simple desserts made with honey, maple sirup, corn sirup or molasses. For centuries, in dozens of different countries, crackers and cheese and fresh fruits have been favorite end-of-the-meal foods of rich and poor alike. Other desserts that require little or no sugar are: dried fruits, cooked or uncooked; nuts, fruit whips; gelatin desserts; custards and puddings.

Baked products in which substitutions are made should be baked at a lower temperature than the recipe calls for. Replace half of the sugar by a substitute. The following amounts of sirups and honeys, as a substitute for sugar, have been found satisfactory:

HONEY OR MOLASSES: Use the same volume as for sugar but reduce the liquid in the recipe one-fourth cup for each cup of honey or molasses used. When using molasses in cakes and cookies, add one-half teaspoon of soda to the dry ingredients for every cupful of molasses.

MAPLE SYRUP: Use one and one-fourth cups for each cup of sugar called for and reduce the liquid one-half cup for each cup of sugar replaced.

CORN SYRUP: Substitute equal amounts and reduce the liquid one-third cup for each cupful of syrup used.

Turning the Tables

"Please, ma'am, your dog has killed three of father's prize fowls," said the small boy.

"Oh, I'm quite sure my Fido would never do such a thing," said the old lady.

"But father saw one of the chickens in his mouth," said the boy.

"Purely circumstantial evidence," she snapped, and the boy departed.

Some time later he returned.

"Please, ma'am, father sent me to tell you that circumstantial evidence might point to his having shot your dog, but he reckons you'll find he died of lead poisoning."

The association embraces all clubs from Buffalo and intervening cities with some of the best vocal talent in Western New York, about 500 voices in all. The concert was held Saturday evening in Syracuse and was followed by the "After-Glow" a luncheon by the clubs and entertainment by their own artists. They went from Wellsville by chartered bus, returning Sunday.

Louisa's Letter

I have several letters which were written to me before Christmas and in them were stamped envelopes. Some of the problems in these letters have been changed by now and it would be foolish for me to try to advise the writers without knowing a little more about present circumstances. If these people who have sent me stamps and have not received an answer will write me again and not enclose stamps I shall be glad to send them a personal answer. LOUISA.

To Broken-Hearted—Ala.

I do not know whether you are still worried about the other girl and your boy friend or not. It may be that you are interested in someone else by now.

However I think that most of us become too possessive when we fall in love. We are jealous if the object of our affections seems to enjoy being in the company of anyone else. And this is strange. For if we love anyone we should like them to be happy and admired. If they refused to laugh and be pleasant with other people we would soon become bored with them and find them as unattractive as other people do. As long as the dates are only with you and he is interested in you, there should be nothing to worry about. It is a good idea never to look for trouble.

To L. J. L.—Penn.:

I am so sorry that you are just getting an answer to your letter. I am also interested to know if the same situation exists in your household that existed last September.... I do hope your husband has gotten over his infatuation for the other woman. So often men of his age act foolishly, but it usually wears off in time.

Perhaps your husband needs a little flattery and pampering. You say he is good to you but that he says he feels like a boarder. Do you praise him and make a lot over the things he does well, or do you just take things for granted? All of us like to be admired and flattered, but so often women get the idea that they are the only ones who need a little petting.

Perhaps that is why your husband started straying—he liked to be around someone who thought he was wonderful.

Let me hear from you. LOUISA

To B. C. and J. M.:

I think you are a little young to have real true-true dates with boys, but not too young to go in pairs to the pictures or to group parties. If you have a regular time to be home and your parents can trust you to go where you say you are going, it would be very well to have a date occasionally. But the trouble is that so many young girls abuse this privilege by parking along country roads, which is a very dangerous and unwise thing to do.

I think it is all right at your age to wear lipstick to parties or on special occasions, but if you wear it to school, wear very little so that it will seem to be your natural color. Rouge and lipstick smeared on school girls with a heavy hand is in very bad taste. Yours, LOUISA.

HOW, WHAT AND WHY?

Special to the Andover News

The Andover News has arranged with the Office of Information of the New York State Colleges of Agriculture and Home Economics to answer questions about problems of farm and home. If you enclose a self-addressed, stamped envelope and mention the name of this paper you will receive a direct reply to your query from the colleges. Do not ask more than one question in one letter or on one postcard. Ask as many questions as you like, but make each one a separate communication.

Storage Egg Quality

Mrs. W. B. S. asks: "Are storage eggs inferior to fresh?"

Prof. H. E. Botsford of the poultry department replies: "In New York State any egg may be deemed fresh which meets the quality of Grade A or higher, providing it is not more than 30 days old. According to this definition, many new laid eggs need not necessarily be fresh.

"Freshness appears to be associated with the way eggs are handled and kept after they are laid. Many eggs, of fine quality when placed in storage, are upon removal superior to other eggs which may be relatively new-laid. Storage is designed to maintain the quality of the egg. Nothing detrimental happens to the egg as a result of being stored.

"Because many eggs are stored during spring and early summer when conditions for new-laid eggs are not particularly favorable to maintaining quality, these eggs may lose much of their original quality before going into storage. The storage then will not improve the quality but merely maintain it.

"Eggs that have been in storage should be eaten quickly after removal, for they lose quality faster than do new laid eggs of similar quality that have not been in storage. Any difference between storage eggs and new laid or fresh eggs are likely to be in condition of albumen or yolk and not nutritive differences."

Paint Basement Walls

W. H. S. asks: "What is a good preparation to use on basement walls other than ordinary whitewash?"

Prof. B. B. Robb of the agricultural engineering department answers: "Concrete walls can be painted with a cement paint to which color pigments have been added. Several commercial cold water paints are also available, as are white enamel finishes for fairly smooth walls. More information has been sent you under separate cover."

Bare Cupboard

Boarding House Landlady: "There is a mouse in the pantry. How can I get rid of it?"

Hungry Boarder: "Shut the door and let it starve."
