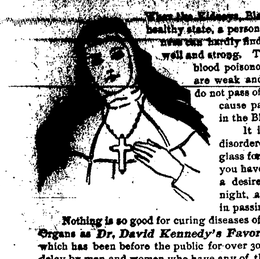
Health for Everybody!



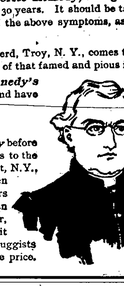
When the Kidneys, Bladder and Urinary Organs are in a healthy state, a person is practically disease-proof. Sickness can hardly find a foothold when these organs are well and strong. The Kidneys sift and strain from the blood poisonous and waste matter. When they are weak and diseased, the poisonous particles do not pass off, but remain in the system. They cause pain in the small of the back, Stone in the Bladder, and Bright's Disease.

It is easy to tell if your Kidneys are disordered. Put some urine in a bottle or glass for 24 hours. If there is a sediment, you have Kidney disease. Other signs are a desire to urinate often, particularly at night, and a smarting, scalding sensation in passing water.

Nothing is so good for curing diseases of the Kidneys, Bladder and Urinary Organs as *Dr. David Kennedy's Favorite Remedy*, that grand medicine which has been before the public for over 30 years. It should be taken without delay by men and women who have any of the above symptoms, as the disease is apt to prove fatal if not attended to.

From the Convent of the Good Shepherd, Troy, N. Y., comes this short but pointed endorsement, signed by the sisters of that famed and pious institution:

"We have used *Dr. David Kennedy's Favorite Remedy* for Kidney trouble, and have found it very efficacious."



Sample Bottle Free!

If you wish to test *Favorite Remedy* before buying it, send your full postoffice address to the DR. DAVID KENNEDY CORPORATION, Rondout, N.Y., and *mention this paper*. You will then receive a sample bottle, free, and circulars giving full directions for its use. You can depend upon the genuineness of this offer, and all sufferers should take advantage of it at once. The regular size is sold by all druggists for $1.00 a bottle, and it is well worth the price.

Dr. David Kennedy's Favorite Remedy
CURES ALL KIDNEY, STOMACH AND LIVER TROUBLES.

Truth wears well. People have learned that DeWitt's Little Early Risers are reliable little pills for regulating the bowels, curing constipation and sick headache. They don't gripe. Benedict & Van Noy.

One Minute Cough Cure surprises people by its quick cures, and children may take it in large quantities without the least danger. It has won for itself the best reputation of any preparation used today for colds, croup, tickling in the throat or obstinate coughs. Benedict & Van Noy.

Gubo Granite Works.

The above firm has on hand the largest assortment of finished Monuments and Tablets out of the leading Granites, all highest grade work ever offered to the public.

They will be sold at greatly reduced rates for the next two months, my object in so doing being to avoid carrying a heavy stock through the coming winter, which is very expensive. Any one wishing to purchase in this line will find it to their advantage to call. This work will be sold and at figures that cannot help satisfying the customers. It's all first class and modern in design.

Come early and save at least 10 per cent. All work guaranteed.

E. O'MALLEY, Proprietor.

From Every View Point.

In traveling, the four most important points to be considered are safety, punctuality of service, comfort and speed. The Lake Shore and Michigan Southern Railroad combines them all. Its road-bed and equipment surpass those of any other railway in America. And the fact that the United States Government has selected this road for the fast mail trains proves that punctuality and speed are part of its daily routine.

If you contemplate a trip between Buffalo and Cleveland, Toledo, Chicago, or points in the West and Southwest, be sure and travel over the Lake Shore.

A Young Girl's Experience.

My daughter's nerves were terribly out of order. She was thin and weak; the least noise startled her, and she was wakeful at night. Before she had taken one package of Celery King the change in her was so great that she could hardly be taken for the same girl. She is rapidly growing well and strong, her complexion is perfect, and she sleeps well every night.—Mrs. Lucy McNutt, Brush Valley, Pa. Celery King for the Nerves, Stomach, Liver and Kidneys is sold in 25c. and 50c. packages by L. A. Burrows, Andover and F. S. Osborn, Elm Valley.

Save Your Eyes.

Reading on trains is usually a very disastrous proceeding so far as the eyes are concerned, but not when you travel via the Lake Shore & Michigan Southern Railway. All day coaches on this road are lighted by the Pintsch gas system, conceded to be the best gas light in use. All limited trains are lighted with electricity, supplied by a 30-horse power Westinghouse engine and dynamo.

Not only in a matter of light is the Lake Shore unexcelled; but its road bed is so smooth that passengers are not subjected to the jolting experienced on other roads.

Be sure and travel via the Lake Shore when going west.

Mirage.

We'll read that book, we'll sing that song,
But when? Oh, when the days are long:
When thoughts are free, and voices clear;
Some happy time within the year—
The days troop by with noiseless tread,
The song unsung; the book unread.

We'll see that friend, and make him feel
The weight of friendship, true as steel;
Some flower of sympathy bestow—
But time sweeps on with steady flow,
Until with quick, reproachful tear,
We lay our flowers upon his bier.

And still we walk the desert sands,
And still with trifles fill our hands,
While ever, just beyond our reach,
A fairer purpose shows to each,
The deeds we have not done, but willed,
Remain to haunt us—unfulfilled.

LESSONS FOR BOYS.

"Soon after coming to New York as a clerk to the late Lyman Reed, I received a good lesson from an Ohio merchant who used to buy goods of us. 'Make yourself so useful,' he said, 'that they cannot do without you.'

"Well, I worked upon that advice, until Mr. Reed offered me a partnership in the business. The first morning after the partnership was made known, Mr. James Geery, the old tea merchant, called in to congratulate me, and he said, 'You are all right now. I have only one word of advice to give you: be careful whom you walk the streets with.'

"What valuable lessons: Do your best, and be careful about your association! Let every boy take these lessons to heart; they are the foundation-stone of character and honorable success.—*Words of an eminent merchant.*

Robbed the Grave.

A startling incident, of which John Oliver, of Philadelphia, was the subject, is narrated by him as follows: "I was in a most dreadful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides, no appetite—gradually growing weaker day by day. Three physicians had given me up. Fortunately, a friend advised trying Electric Bitters; and to my great joy and surprise, the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know they saved my life, and robbed the grave of another victim. No one should fail to try them. Only 50 cents per bottle at L. A. Burrows' drug store.

Death of Wm. H. H. Russell.

Word has been received that Wm. H. H. Russell died at Sacramento, Cal., Aug. 8th. Some years ago he suffered several strokes of paralysis of a slight character, and his health has gradually failed up to the time of his death. During the past year he has been almost helpless, and at last succombed to the grim messenger, Death. Since he left Allegany county he resided at Los Angeles until about four years ago, when he removed to Sacramento. Mr. Russell served this county as clerk for several years previous to his removal to California. He leaves in this county a father, John Russell, of Scio, a brother, James Russell, and two daughters from his first wife, Mrs. Chas. Very of Belfast, and Mrs. H. C. Norris of this village. He also leaves in California a widow and two children.

Eighty-fifth Regiment Reunion.

Sixty of the surviving members of the 85th New York Regiment of Volunteers met in annual reunion at Cuba on Thursday of last week. The gathering was an unusually happy one. The roster shows that only about 125 members of the regiment are now living and sixty was therefore a remarkable attendance. The next reunion will be on the first Wednesday in September of 1899 at Portville.

The officers elected were: President, Lieut. R. M. Whitney of Olean; Vice President, Hon. O. A. Fuller of Wellsville; Secretary, George A. Greene of Belmont; Treasurer, Jesse C. Greene of Andover.

Among those present, were Jesse C. Greene, C. F. Davis, A. C. Crandall, G. B. Herrick, and B. Doran of this place.

Dividends.

The value of Surplus as an evidence of strength needs no argument at a time when the panic of 1893 and the succeeding years of financial depression are fresh in the mind of every man of affairs. But surplus serves another purpose; it is the measure also of profit, it is the fund from which dividends are declared. The largest surplus held today by any organization in the world is held by the Equitable Life Assurance Society of the United States and is over forty-three million dollars. This surplus is larger by any other life company.
