"A STITCH IN TIME SAVES NINE"

Many of us make good resolutions about turning over a new leaf at the beginning of the school year—but how many of us remember, in the first rush of finding rooms, selecting subjects and securing books that our resolutions will gain us some benefit, only if we stick to them?

After several weeks of school have elapsed, we find that the first lesson meant nothing, to our inattentive minds and the knowledge it was intended to have conveyed to us just never got there at all. So we trudge onward, not realizing that had we learned those first principles of math or English, the later ones would be easier.

We can and should make up those assignments and get back on the right track. JB

Textbooks Are Furnished By School

With the beginning of another school year the students of A. C. S. are fortunate to have another convenience added to their school program—free text books and laboratory manuals.

This system enables all the students to have their books at the same time, which is a great help to them and to their teachers.

On each book cover there is a plate with the user's name, and the date when he received it, thus making him responsible for it. In addition, the students filled out another card to be kept on file in the office.

This new feature has been enthusiastically received, not only by those who were previously unable, financially, to afford school books, but also by those parents whose purchase of books for many children resulted in considerable expense.

The cost of this program will be defrayed by increased state aid, according to a statement made by Principal G. E. Bretsch.

It is believed that the students will show their appreciation for this new system by careful usage of the text books. PEP

Frills and Fashions

New clothes and fashions are being seen day by day on the students in high school, since school has convened.

The majority of girls seem to be very patriotic as far as stockings and socks go, for they are wearing the natural "sun-tan" variety.

Dirindle skirts are becoming quite popular because of the bright colored gaiety which they lend to the wearer, and long-waisted dresses are still in the foreground.

Red and blue, appropriately enough, are the most popular colors so far this year.

Ribbons are still seen on every feminine head. Some of the boys are starting collections, too.

Feather cuts are new attractions and tho they are still in the minority they lend a neat, well-groomed look besides being easy to care for.

As for masculine attire, the boys rate an A on their flashy socks. MJH

Hall Lockers Assigned

Hall lockers were assigned the pupils by Mr. Ingerson last Tuesday.

For the most part the high school pupils will have the same lockers which they had last year.

The Freshmen have different lockers. They were assigned those used by the Seniors last year. SM

School Registration Slightly Lower

Total of 497 as Compared to 512 Last Year.—High School Enrollment Up to 123.

With practically all pupils now back in school, the total enrollment at the end of the first week stood at 497 pupils. This represents a slight drop over last year's registration at the same time. The high school enrollment showed a slight increase with a total of 123 as compared with 118 last September. This increase in high school enrollment and decrease in grade enrollment is due to the passing of an exceptionally large class of 44 from eighth grade into high school. The moving of many families from the Andover area to larger defense employment areas has also contributed to the general decrease.

The enrollment by rooms is as follows:

Kindergarten 31.
Grade 1: (section 1) 28, grade 1, (section 2) 23.
Grade 2: (section 1) 22, (section 2) 19.
Grade 3: 28.
Grades 3-4: 34.
Grade 5: 31.
Grades 5-6: 30.
Grade 6: 31.
Grade 7: 34.
Grade 8: 32.
Freshmen: 45.
Sophomores: 33.
Juniors: 27.
Seniors: 18.

None of last year's graduating class have returned for post graduate work.

Six New Teachers Join Faculty

As the students of A. C. S. once again entered the portals of learning, they were greeted by six new teachers. Already these new teachers and their pupils are good friends.

Faculty members who are new are:

Miss Irene Striker of Buffalo, who is the second grade teacher; Miss Mary Sherwood of Wellsville, commercial teacher; Miss Rita Hussong of Hornell, social studies; Miss Helen Zeil of White Plains, art instructor; Miss Elaine Heinzelmann of Hawthorne, mathematics instructor and last, but not least, the person who cares for the aches and pains of the students, the school nurse, Mrs. Florence Greene of Olean. Janitors "House Clean" While Pupils Vacation

With the assistance of Wilbur (Swig) Lehman and Roland Kemp, "Jim" and John Nobles, janitors-in-chief of the Andover Central School have finished the annual summer clean-up of the "alma mater."

Their report was very favorable. There were only five or six desks in the entire school that were at all damaged and the greater number of these were in the grades.

The work accomplished consisted of cleaning all windows and cleaning and waxing the floors and halls. The gymnasium floor was refinished and equipment in the rooms was thoroly cleaned and refinished.

The painting of the window sills stairways and railings was done by Delmont VanOxx.

In addition to the inside work, the school lawn was mowed, the shrubbery was cared for and the old paint was scraped off the tower, which is to be repainted by Mr. VanOxx. MEB

New Attendance Supervisors Are Appointed

Mr. Maloy, Mrs. Greene Approved By State Education Department

Following the recommendation of the State Education Department that attendance supervisors in schools be appointed from specially qualified teachers on the regular staff, the Board of Education has appointed William H. Maloy, vice-principal, and Mrs. Florence Greene, school nurse, as the attendance staff for the coming year. Mr. Maloy will be in charge of attendance registers and act as general supervisor. Mrs. Greene will make most of the investigation calls.

The position of attendance supervisor is an outgrowth from the old "truant officer" position and the State has set up certain educational qualifications for this position. All previous temporary appointments have been cancelled by the State Education Department, and all schools are required to appoint fully qualified attendance supervisors, beginning this year.

In preparation for this position Mr. Maloy attended a special two weeks course for attendance supervisors this summer at Cornell University. Mrs. Greene also took work at the University of Buffalo this summer.

It is the duty of the attendance supervisors to investigate absences from school and to assist in every possible way in keeping children in school regularly. Since most causes of absence are due to sickness, the combination of the position of school nurse with that of attendance investigator is particularly valuable.

Pupils Spent Summer Working

This particular summer vacation proved to be quite an unusual one for the Andover Central School students because the majority of them worked.

The data which follows will give the casual reader an insight into the ways and means by which a cross-section of the students earned a little money.

Doris Mead worked on her own "ranch."

Elaine Pope worked in Bolivar.

Marilyn Hardy worked at Mulholland's.

Arthur Temple worked in Painted Post.

Arretta Dunham worked at Eno's Dairy Bar.

Virginia Loring as secretary for her father in Wellsville.

Doris Sick at Mrs. Atwood's home.

Paul Kilbane mowed lawns for local residents.

Kenneth Cook worked in Kentucky.

George Karcanes, in Elmira.

Betty Rogers, on her own farm.

Kenneth Williams, in the H. H. William store.

Ruth Lynch, at her home.

Kenneth Howland, at the Andover Observation Post.

Susan McAndrew, at her sister's in Washington, D. C.

Charles Holt worked in the Mount Morris canning factory.

Mary Baker, at O'Laughlin's.

Barbara Childs, at "June's" in Canisteo.

Anne McDonough, "slaved at home" (quote).

Roland Kemp and John Potter, machinists' course at Alfred. MJH

Eleven New Pupils In School Here

Eleven new pupils have transferred from different schools to attend Andover Central School this year.

They are: Anna Flynn, a sophomore, formerly of Greenwood Central School; Virginia Empson, an eighth grader who has come from the Scio Central School; Catherine Flynn, a fourth grader; Richard and Michael Flynn, both in the sixth grade; Teddy Flynn, a third grader; Louis Flynn a first grader, all of whom have previously attended the Greenwood Central School; Maxine Baker from Wellsville; Ralph Howard from Cuba and Marie Gilbert from Whitesville are now enrolled in the fourth grade at Andover.

Students are also very glad to welcome back to school Donald Burger, a freshman, who has been attending the Mt. Morris hospital school. He last attended school in Andover when he was in the fifth grade. DB

New Books Purchased For School Library

The new library books which Miss Anderson, the school librarian, ordered last June have arrived. These books will soon be ready to put on the library shelves for the general use of the students.

Some of these are late editions of the older books we now have in the library. They consist of:

"Circus Days," "Beatrice the Brave," "Song of Years," "My Antonio," "Secret Garden," "Little Men," "Little Women," "A House of Her Own," "With the Eagles," "Meeting on the Bounty."

Some of the new fiction books are "Bethel Merrdiay," "Vanished Island," "At 33," "Cross Creek," "Poor Richard," "My Friend Flicka" "My Sister Eileen," "High Courage," "The McKenneys Carry On."

A number of books for the use of grade children will soon be on the shelves for their use. BB

Library Features Three Timely Bulletin Boards

Altho school has just begun, the teachers have already prepared attractive looking bulletin boards.

In the library Miss Anderson has arranged a board display called "Coming Attractions." Under this heading are listed the books "Cross Creek," "Fantasia" and "The Duke Decides."

The second bulletin board is called "Old Favorites," under which are found the book covers of "Berlin Diary," "Big Family" and "Cheerfulness Breaks In."

The last bulletin board is entitled "Pals In Print." On this are listed four children's books. These are "Bob With the Railroad," "Bunny and the Birds" "MacGregor" and "Scampy." WG

New Course In Art Is Offered

A course in art is now being offered to the high school pupils of A. C. S. under the instruction of the new art teacher, Miss Helen Zeil. This course is called Design I and may be taken by high school students as a fifth subject.

The students will study the principles and elements of design in a scene of nature applied to art and craft activities. They will also learn to draw in perspective, bind books, design Christmas cards, make posters, and decorate textiles. This work will be exhibited from time to time in the show case in the main corridor near the office.

There will be regular classes three days a week and voluntary attendance the remaining two days. This is a full year course which gives one half a unit of credit.

Each grade pupil will have instruction in art for one hour every week. PEP

Ag. Students Win Prizes at Angelica Fair

The majority of the boys enrolled in Mr. Fribolin's classes visited the Allegany County Fair held at Angelica from Sept. 2 to Sept. 5.

The boys had a booth on Pasture Improvement, which brought them $18. Their livestock judging team took second place, the potato judging team took fourth place, and the poultry judging team took ninth prize.

Delegates visited the Junior State Fair at Cortland and also attended the annual F. F. A. meeting at Cortland Normal School.

The boys and girls who took prizes at the fair were:

Dick Ludden who showed three yearling Ayrshire heifers which took second place.

Charles Lewis, who presented two Holstein calves which took third place and two pigs which took second place.

Charles and Billy Dougherty who presented one heifer calf each.

Two 4- Club girls, Kathrine Joyce who presented a Holstein heifer calf which took first award.

Phyllis Burdick who showed a Geurnsey heifer calf which received third award.

Other people showed vegetables. CMH

Principal Bretsch Attends New York University

Those who like to read how the students spent their summer vacation likewise would be interested in knowing how Principal Glenn E. Bretsch spent his. He changed places with his school children and Mr. Bretsch went to school.

He attended the summer session at New York University in New York City this summer.

Mr. Bretsch is taking a course, which, when finished, will honor him with the degree "Doctor of Education."

It was a six weeks' course which he took and he must attend summer school for several years before the degree is conferred.

The course which Mr. Bretsch studied this summer consisted of two parts, High School Management and Problems of Contemporary Life. AEM

Medical Exams Started

In the absence of Dr. Leahy, the medical examinations are being given this year by Dr. S. B. Scott, assisted by the school nurse, Mrs. Greene. A thoro examination will be given each child with particular emphasis on eyes, teeth, posture and nutrition.

The findings of the examinations will be reported to the parents by Mrs. Greene, in many cases by making personal visits to the homes. With our country at war and needing able bodied men and women to work and fight, the importance of correcting defects at an early date cannot be too much emphasized.

Mrs. Greene will also assist the teachers in the teaching of proper health habits to children. She will be available for consultation by any parents who have health problems relating to their children. If such parents will send a note or telephone the school, the nurse will be glad to call at the home.

Mr. Maloy Now Vice Principal

Following the resignation of William McGee, the Board of Education has appointed William H. Maloy, teacher of science for the past three years, to the position of vice principal.

As vice principal Mr. Maloy will be in charge of high school corridors and will assist in junior and senior high school discipline. He has also been appointed as supervisor of attendance and will be in charge of checking of attendance registers and reports. He will assist also in the making of other reports.

LITTLE BITS OF HUMOR

Unimpressed

An English tourist was on his first visit to Niagara Falls, and a guide was trying to impress him with their magnitude.

Guide: "Grand!"

The visitor was silent.

Guide: "Millions of gallons a minute."

Tourist: "How many in a day?"

Guide: "Oh, billions and billions."

Tourist (looking at the falls carefully and then in a very calm voice) "Runs all night, too, I suppose.'

Big Blow

The conceited colonel was complaining about his subordinate officers.

"I'm obliged to do everything myself," he grumbled. "I'm my own captain, my own lieutenant, even my own sergeant."

"Trumpeter, too!" muttered a major.

Consolation

A friend met a cheerful Irishman who had plainly suffered hard knocks.

"Well, Pat, how are you getting on now?" he inquired.

"Oh, O'im still hard up, but Oi've a fine job in Honolulu and fare paid. Oi sail tomorrow."

"Sure, man, you'll never be able to work there. The temperature is 100 in the shade."

Pat had cheerfully endured too much to be discouraged.

"Well," he replied hopefully "Oi won't be workin' in the shade all th' toime."

The Details

"Would you swear," asked the judge sternly, "that you saw the late Mr. Brown shot from am bush?"

"Well, no, judge," stammered the witness, "but I did see him shot from a blackberry bush."

One Mistake

A ticket inspector entered a train. He examined several tickets, and told all of the holders that they were in the wrong train. They must, he said, change at once.

As his progress along the carriage continued, he found still more passengers who had made a mistake about the train.

Then one of them had a bright idea, and asked the ticket inspector whether he was not in the wrong train.

He was.

Good Reason

A recruit reported sick and complained to the medical officer that he couldn't eat. The M. O. first inspected his teeth and tongue, then his throat and tonsils. Finding nothing wrong, he prodded the lad in the stomach and back and asked him if he had any pain at all.

"No, sir," said the recruit.

"Well, I can't find anything wrong," replied the M. O. "How, do you feel yourself?'

"Oh, fine, sir."

"Well, why on earth can't you eat?"

"I've lost my knife and fork."

THE ANSWERS

1. Within 15 feet.
2. The flight of one plane on a mission; ten planes, attacking the same objective, equal ten sorties.
3. The number of Hindus and Moslems, respectively.
4. Each has presented a precious art collection to the National Art Gallery in Washington.
5. Yes.
6. None; both terms apply to England, Scotland, Wales and Northern Ireland.
7. 92,973,000.
8. Nothing; the classification has been abolished. Formerly, it included men with minor defects, such as bad teeth or defective eyesight.
9. 3,269 out of 934,100.
10. Yes.
