AMONG OUR NEIGHBORS.

GREENWOOD.

Winter is wearing away.

Revival meetings at the M. E. church this week, conducted by the pastor.

Fred Hubertus and sister Clara and Miss Jennie Randall of Canisteo called on Mr. and Mrs. Thomas Eagan Sunday.

Mrs. Sidney Scribner attended teachers' examination at Canisteo Thursday and Friday of last week, Miss Mary Woodward teaching in her room during her absence.

Ed. Carpenter and wife of Portville are guests of Leon Mills.

Mrs. Lenord Wright of Horseheads spent several days with Mrs. G. M. Webster last week.

The Y. P. C. U. of the Universalist Church are to hold a social at the residence of Mrs. F. D. Young Friday evening, the 19th. All are cordially invited.

W. O. Slocum and wife and E. Cole and wife drove to Howard Saturday.

F. O. Davis and L. S. Davis of Canisteo and G. M. Webster and wife attended the funeral of Fred Osborn at Elm Valley on Thursday of last week.

Mrs. Wm Wingate and Mrs. W. O. Slocum visited Hornellsville Thursday last.

T. O. Swan and wife and Thomas Eagan and wife attended a party of the Maccabees at Hamilton Cornell's at Jasper, Friday evening.

Mrs. James O'Connor is confined to her house with rheumatism.

Buyers were paying 45 cents per bushel for potatoes Saturday.

Hon. M. F. Smith of Hornellsville was in this city Friday.

Fred Paine of Andover was in town Thursday.

Rev. and Mrs. C. E. Sutter were in Canisteo Monday.

The hall in the hotel is being fitted up for use.

Mott Allison, Jr. of Canisteo was in town Monday, calling at our office.

F. S. Robinson and wife of Andover visited Mr. and Mrs. John Guyon Friday.

Miss Myra Trowbridge of Whitesville has engaged to teach in the Bassett school district.

Miss Myrtle Smith of Bennett's was the guest of Mrs. Jesse Webster Monday.

Little Margaret Sutton, daughter of Rev. C. E. Sutton, got caught by one of her fingers in a clothes-wringer Monday, inflicting a serious and painful wound.

Miss Rebecca Guyon is visiting the family of Felton Robinson at Andover.

Bert Goff and wife were guests of his brothers, Merton Goff, at Independence, Sunday.

Adolphus Hardy, Esq. of Jasper was in town Monday, on business, making a pleasant call at our sanctum.

John Guyon and wife attended the Grange meeting and dinner at Murray's Corners in West Greenwood, Saturday.

The anthem sung at the morning service at the M. E. church was finely rendered by the choir.

T. O. Swan is lumbering on his farm in Jasper.

Miner Shaw paid Hornellsville a business visit on Saturday.

H. A. York and L. G. Burton were at Owayo last week, looking over the ground for a market.

James Miner and wife visited at Floyd Smith's at Canisteo Monday.

F. O. Davis was calling on old neighbors Monday.

Horatio Gurnsey and wife of Jasper visited at Miner Shaw's Monday.

E. W. Plaisted has rented the house and lot on South Main street, formerly occupied by Vern Mavoy.

Mrs. Hartlett York is sick with la grippe.

We learn that Clinton Richardson, who was quite a noted violinist, died very suddenly at Genesee Forks on Saturday.

Darius Shaw and son have sold the farm known as the Asa H. Stephens farm, comprising about two hundred acres, together with the cows, to John Rogers of West Greenwood. This is one of the finest farms in town. The consideration was $6,000. We extend a welcome to Mr. Rogers.

Pat Kerhan of Rough and Ready is carring hay this week at the station.

G. D. Woodward, who has been ill so long, is improving, and was out of doors Monday for the first time in several months. We are glad to learn of his convalescence.

Logs are being rushed into the mill yard at D. Parshall's, upwards of 40,000 having been delivered there Monday of this week.

Last week, Leroy Furman, while chopping for Frank Updyke, was severely injured in his left eye by a chip, and at this writing, indications are that the sight is destroyed.

Fred White got his arm severely pinched between two logs at the mill yard Monday.

Miss Alice Updyke of Andover is spending a week's vacation with her brother, Frank Updyke, in Christian Hollow.

On Thursday of last week Wes. Knight slabbed and corded up ten cords of wood in four hours and fifty-eight minutes.

Wesley Reynolds of Hornellsville was in town Saturday, calling upon friends.

The representative of the Mutual Gas Company is in town receiving gas rents.

Philip Saunders of Saunders was in Greenwood Monday.

Church Directory.

M. E. CHURCH.

Preaching at 11 a. m.
Class meeting at 12 m.
Sunday School at 12 m.
Junior League at 3 p. m.
Epworth League at 6 p. m.
Preaching at 7 p. m.
Rev. C. E. Sutton, pastor.

UNIVERSALIST CHURCH.

Young People's Christian Union at 3 p. m.

CHRISTIAN CHURCH.

Sunday School at 12 m.
Y. P. S. C. E. at 3 p. m.
Preaching at 7 p. m.

Terrible plagues, those itching, pestering diseases of the skin. Put an end to misery. Doan's Ointment cures. At any drug store.

Rexville.

John Harden spent a few days of last week in Wellsboro.

Mrs. Michael Bermingham, who has been visiting in Hornellsville for a few weeks, is at home again.

Henry Simpson and son Ernest of Troupsburg were in town Saturday.

Several of our young people attended teachers' examination at Canisteo Thursday and Friday.

Misses Emily and Mary Failing are visiting in Hornellsville.

F. E. Williams and wife of Troupsburg were pleasant callers in town Sunday.

The remains of Mrs. Wilber Jones arrived here on train 1 Monday and were taken in charge by Undertaker Williams. Funeral on Tuesday at the home of her parents, Mr. and Mrs. James Hallock, Troupsburg.

Jay Smith and Hosea Colbert have secured work at Stone Dam, and started for that place Sunday.

Frank Lewis on Wednesday evening. A very pleasant time is reported.

A surprise was given to F. L. Granter and family on Wednesday evening last by the old and young people of this vicinity, and was a very enjoyable affair.

Miss Hattie Potter has come home for a rest and to recuperate her health. Miss Lydia Hardy has gone to Knoxville to work in her place.

S. B. Hauber and wife took dinner with J. O. Potter and family on Sunday, it being the first time he has been out from home since his injury some time ago.

It is expected that Eld. Schieffer will be back from his wedding trip in time for service next Sunday at 2 p. m. C. O. D.

"Little Colds" neglected—thousands of lives sacrificed every year. Use Wood's Norway Pine Syrup cures little colds—cures big colds too, down to the very verge of consumption.

JASPER.

Seymour Dennis, an aged citizen of Jasper, is very low and is not expected to live.

Wm. Sluyter of Saunders and Miss Lena E. Harton of North Bingham, formerly of West Union, were married at the M. E. parsonage, Jan. 4th, by Rev. George Shearon.

The bay roadsters of Geo. Dennis broke from their moorings and left Ross Dennis and went homeward bound until they collided with Mack Zeh near the cheese factory. No damage done.

Wedding bells were in order at Geo. Heckman's, Jan 10th, when his daughter Susan and Frank Woodward were joined in holy matrimony.

A new arrival at Frank Bowen's at Eight Square. It's a boy and 8 pounds at that.

Esquire A. E. Hardy was in town Saturday.

A. H. Dennis and family spent Friday evening at W. B. Miller's.

Ed. Hays and Harlan Whiting were at Wm. Hale's Monday, to buy a horse.

Calvin Lamson, Town Collector, holds forth at Esquire A. E. Hardy's on Thursday.

C. Dibble was a caller at W. B. Miller's Friday.

M. Lathrop and wife of Woodhull, A. Springs of Troupsburg, Wm. Hale and wife and W. B. Miller and wife were summoned Thursday to the bedside of Seymour Dennis on account of serious illness.

Your correspondent recently called at the home of Alex. Conkey and met Mrs. Abba Austin (a sister of George Adams deceased) and the mother of Esquire E. Austin of Troupsburg. She is nearly 81 years of age and hale and hearty and assisting in the house work. Her mind is clear and she is a good visitor and one of a very few women who can boast of living to see the fifth generation of decendants and has a picture of the same and delights to show it to her company.

Best line of Shilling Dress Goods at Coston's.

ELM VALLEY.

The youngsters seem to be enjoying our good sleighing.

Wm. Hincher has been appointed postmaster here in place of F. S. Osborn, who lately died.

Miss Margaret Leonard is home. She has been spending the summer and fall in Mauch Chunk, Pa.

Otis Bliven of Scio was in this place on business, Monday.

E. J. Homles passed a few days with his parents in Scio last week.

Mrs. Cole and Miss Grace Cole of Wellsville were in this place Sunday.

Mrs. A. J. Cole and daughter Lotta have returned home.

Jacob Hann and wife visited in Standards Saturday.

Chas. Burdick returned Sunday night.

"I wouldn't be without DeWitt's Witch Hazel Salve for any consideration," writes Thos. B. Rhodes, Centerfield, Ohio. Infallible for piles, cuts, burns and skin diseases. Beware of counterfeits. Benedict & Van Noy.

Bayles Batson of Alfred was in town on business Monday.

Meetings at the school house in charge of Elder Stocum will continue during the week. The attendance has been good.

School opened in District No. 1 Monday morning with Miss Myra Trowbridge of Whitesville as teacher. James Corbett, the former teacher, has accepted a position in J. W. Mitchel's Drug Store at Canisteo.

The social and oyster supper last week at George Carter's for the benefit of the Presbyterian church at Canisteo was well attended, and a good time is reported. The church treasury was enriched to the extent of about $11 also.

Miss Lena Bassett is visiting friends at Canisteo.

Edward Shaw of Alfred was in town recently looking after the hay crop.

John Millard of Adrian is also in the market after potatoes. He has a car located on the switch and would like to fill it at 45 cents per bushel.

Work on the new cheese factory of W. C. Bassett is progressing very nicely.

Having a Great Run on Chamberlain's Cough Remedy.

Manager Martin, of the Pierson drug store, informs us that he is having a great run on Chamberlain's Cough Remedy. He sells five bottles of that medicine to one of any other kind, and it gives great satisfaction. In these days of la grippe there is nothing like Chamberlain's Cough Remedy to stop the cough, heal and cure the throat and lungs and give relief within a very short time. The sales are growing, and all who try it are pleased with its prompt action.—South Chicago Daily Calumet. For sale by Benedict & Van Noy, Andover, N. Y.

Two million Americans suffer the torturing pangs of dyspepsia. No need to. Burdock Blood Bitters cures. At any drug store.

Canisteo.

John Slawson has purchased the vacant lot of M. Allison on East Main street. Consideration $700.

B. S. Allen, the village iceman, has filled his ice house with 12 and 14 inch ice secured from a pond of spring water near Rexville.

Miss Genevieve Davis entertained a few of her friends at her home on Greenwood street, Friday evening.

A very pleasant social was held at the home of George Carter, Jr., Friday evening. A sleighload from this place were in attendance. The proceeds, about $6, has been turned over to the building committee of the Presbyterian church.

Miss Alice Doty, who was painfully burned at the Episcopal Chapel, Sunday, Dec. 31st, is rapidly recovering.

At a meeting of the Board of Directors of the N. Y. & Pa. Railroad held at Hornellsville this week, it was *decided to extend the road to Ceres* and to build a round house and machine shop at Canisteo.

A new telephone line is being built from Greenwood. When completed we will have local telephone connection with Greenwood, Rexville, Andover and Whitesville, and many subscribers along the line. It is expected to be completed within the next thirty days.

George B. Sherman died at his home on Depot street, Thursday, Jan. 12th, aged 64 years. The funeral was held in the Baptist church Sunday afternoon under the direction of A. R. Miner & Son and was in charge of the Abram Allen Post, G. A. R.

YOUNG HICKORY.

James H. Johnson is happy. It is a girl.

On Monday morning last week A. H. Lewis, while doing his chores, in some way upset his lantern and set some loose hay on fire in his barn, but with some difficulty got it put out.

The house of J. D. Hardy caught fire on Monday last but was soon extinguished.

The last of the cheese from this factory was shipped last Tuesday. It sold for 12 cents per pound, as also has all the cheese since Sept. 8th.

School begins Monday the 15th with Raymond Bates as teacher again.

There was a social at the home of

---

of the poor, to bring them into sense of their Maker, a likelihood of the salvation of their souls, and to pour out upon them out over it.

Among the immense number of international conventions to be held in Paris next year the quietest will be a world's convention of dear-mutes and their educators.

The total eclipse of the sun in 1900 comes two days before Memorial day.

Help... Nature

Babies and children need proper food, rarely ever medicine. If they do not thrive on their food something is wrong. They need a little help to get their digestive machinery working properly.

SCOTT'S EMULSION OF COD LIVER OIL WITH HYPOPHOSPHITES OF LIME & SODA

will generally correct this difficulty.

If you will put from one-fourth to half a teaspoonful in baby's bottle three or four times a day you will soon see a marked improvement. For larger children, from half to a teaspoonful, according to age, dissolved in their milk, if you so desire, will very soon show its great nourishing power. If the mother's milk does not nourish the baby, she needs the emulsion. It will show an effect at once both upon mother and child.

50c. and $1.00, all druggists.
SCOTT & BOWNE, Chemists, New York.

YOU will find that the best

PERFUMES,

STAIONERY,

CONFECTIONERY,

DRUGS,

GROCERIES, &c, &c.

Can always be found at

G. W. SMITH & CO.'S.

Eureka Harness Oil is the best preservative of new leather and the best renovator of old leather. It oils, softens, blackens and protects. Use

Eureka Harness Oil

on your best harness, your old harness, and your carriage top, and they will not only look better but wear longer. Sold everywhere in cans—all sizes from half pints to five gallons. Made by STANDARD OIL CO.

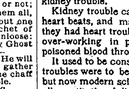
Impossible to foresee an accident. Not impossible to be prepared for it. Dr. Thomas' Electric Oil. Monarch over pain.

...What the people are in agitation, we do not understand their tranquillity is to return; and when they are at peace, we do not see how tranquillity can depart.—Le Druyere.

Over-Work Weakens Your Kidneys.

Unhealthy Kidneys Make Impure Blood

All the blood in your body passes through your kidneys once every three minutes.



The kidneys are your blood purifiers, they filter out the waste or impurities from the blood. If they are sick or out of order, they fail to do their work.

Pains, aches and rheumatism come from excess of uric acid in the blood, due to neglected kidney trouble.

Kidney trouble causes quick or unsteady heart beats, and makes one feel as though they had heart trouble, because the heart is over-working in pumping thick, kidney-poisoned blood through veins and arteries.

It must be remembered that only urinary troubles were to be traced to the kidneys, but now modern science proves that nearly all constitutional diseases have their beginning in kidney trouble.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and extraordinary effect of Dr. Kilmer's **Swamp-Root**, the great kidney remedy is soon realized. It stands the highest for its wonderful cures of the most distressing cases and is sold on its merits by all druggists in fifty-cent and one-dollar sizes. You may have a sample bottle of Swamp-Root free, also pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing Dr. Kilmer & Co., Binghamton, N. Y.

Home of Swamp-Root

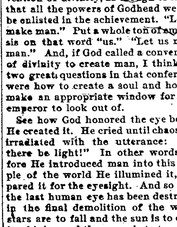
"According to different authorities, from 50 to 75 per cent. of our insane and imbecile people have become such directly or indirectly through drink. We have more than 265,000 of these to care for. If one-half the number were saved from their sad fate, the saving in action the enormous sum of $18,000,000 yearly would be saved in their maintenance.

We keep from 80,000 to 90,000 criminals on an average in our jails and prisons. No one would estimate their cost to the state or country at less than $150 a year each, notwithstanding the value of the labor of some of them, which would reduce the cost to 300,000 yearly for this item. With prohibition at least three-fourths of this amount, or $63,750,000 would be saved. But this is a very low estimate. The real cost of our places of penal punishment alone is not less that $400,000,000.

No person in Norway may spend more than six cents at one visit to a drinking place.

Paul Bennington, of St. Louis, who is a nephew of President Kruger of the Transvaal, is reputed to be the tallest man in Missouri. He recently said that the Boers have been preparing for this war since 1894 and have been turning out ammunition at the big dynamite factory in Pretoria.

Veteran L. W. Stone,



Anita, Iowa, served his country during the late war at the expense of his health. The story concerning his restoration to health is given below in his own words:

"When I returned from the army my constitution was broken down. I suffered extreme nervousness, and indigestion. Physicians did not help me until one prescribed Dr. Miles' Nervine, and today I am in better health than I have been for thirty years."

DR. MILES' Restorative Nervine

is sold by all druggists on guarantee, first bottle benefits or money back. Book on heart and nerves sent free. Dr. Miles Medical Company, Elkhart, Ind.

THE TABERNACLE

Dr. Talmage Discourses on the Wonders of the Eye.

The Two Great Lights of the Human Face—How They Are Honored Throughout the Bible—Windows of the Soul.

[Copyright, 1900, by Louis Klopsch.]

In this discourse Dr. Talmage, in his own way, calls attention to that part of the human body never perhaps discoursed upon in the pulpit and challenges us all to the study of omniscience. Text, Psalm 94:9: "He that formed the eye, shall He not see?"

The imperial organ of the human system is the eye. All up and down the Bible God honors it, exists it, illustrates it or arraigns it. Five hundred and thirty-four times it is mentioned in the Bible. Omnipresence—"the eyes of the Lord are in every place." Divine care—"as the apple of the eye." The clouds—"the eyelids of the morning." Irreverence—"the eye that mocketh at its father." Pride—"oh, how lofty are these eyes." Inattention—"the fool's eye is in the ends of the earth." Divine inspection—"wheels full of eyes." Suddenness—"in the twinkling of an eye at the last trump." Oliverian sermon—"the lamp of the body is the eye." This morning's text, "He that formed the eye, shall He not see?"

The surgeons, the doctors, the anatomists and the physiologists understand much of the glories of the two great lights of the human race, but the vast multitudes go on from cradle to grave without any appreciation of the two great masterpieces of the world of sight. If God had lacked anything of infinite wisdom, He would have failed in creating the human eye. We wander through the earth trying to see wonderful sights, but the most wonderful sight we ever see is not so wonderful as the instruments through which we see it.

It has been a strange thing to me for 30 years that some scientist with enough eloquence and magnetism did not go through the country with illustrated lectures on canvas 30 feet square to startle and thrill and overwhelm Christendom with the marvels of the human eye. We want the eye taken from all its technicalities, and some one who shall lay aside all talk about the pterygomaxillary fissures, the sclerotic and the chiasma of the optic nerve and in plain, common language tell you and I and everybody can understand present the subject. We have learned men who have been telling us what our origin is and what we were. Oh, if they would come down from the dissecting table and from the classroom of the university and take the platform, and, asking the help of the Creator, demonstrate the wonders of the human eye! If I refer to the physiological facts suggested by the former part of my text, it is only to bring out in plainer way the theological lessons of the latter part of my text: "He that formed the eye, shall He not see?"

I suppose my text referred to the human eye, since it excels all others in structure and adaptation. The eyes of fish and reptiles and moles and bats are very simple things because they have not much to do. There are insects with a hundred eyes, but the hundred eyes have less faculty than the two human eyes. The black beetle swimming the summer pond has two eyes under the water and two eyes above the water, but the four insectile are not equal to the two human. Man placed at the head of all living creatures must *have supreme equipment*, while the blind fish in the Mammoth cave of Kentucky have only an undeveloped organ of sight, an apology for the eye, which, if through some crisis of the mountain they should go into the sunlight might be developed into positive eyesight.

In the first chapter of Genesis we find that God without any consultation created the light, created the trees, created the fish, created the fowl, but when He was about to make man He called a convention of divinity, as though to imply that all the powers of Godhead were to be enlisted in the achievement. "Let us make man." Put a whole ton of emphasis on that word "us." "Let us make man." And, if God called a convention of divinity to create man, I think the two great questions in that conference were how to create a soul and how to make an appropriate window for that emperor to look out of.

He must be honored the eye before He created it. He cried until chaos was irradiated with the utterance: "Let there be light!" In other words, before He introduced man into this temple of the world He illumined it, prepared it for the eyesight. And so after the last human eye has been destroyed in the final demolition of the world, stars are to fall and the sun is to cease its shining and the moon is to turn into blood. In other words, after the human eyes are no more to be profited by their shining the chandeliers of Heaven are to be turned out. God, to educate and to bless and to help the human eye, set on the mantel of Heaven two lamps—a gold lamp and a silver lamp—the one for the day and the other for the night.

To show how God honors the eye, look at the two halls built for the residence of the eyes. Seven bones making the wall for each eye, the seven bones curiously wrought together. Kingly palace of ivory is considered rich, but the eye, waiting until the porteullis be lifted. Something hurled 95,000,000 of miles and striking an instrument which has not the agitation of even winking under the power of the stroke.

There also is the merciful arrangement of the tear gland by which the eye is washed and through which rolls the tide which brings relief that comes in tears when some bereavement or great loss strikes us. The tear not an augmentation of sorrow, but the breaking up of the arctic of frozen grief in the warm gulf stream of consolation. Incapacity to weep is madness or death. Thank God for the tear glands and that the crystal gates are so easily opened. Oh, the wonderful hydraulic apparatus of the human eye! Divinely constructed vision. Two lighthouses at the harbor of the immortal soul under the shining of which the world sails in and drops anchor.

What an anthem of praise to God is the human eye! The tongue is speechless and a clumsy instrument of expression as compared with it. Have you not seen the eye flash with indignation, or kindle with enthusiasm, or expand with devotion, or melt with sympathy, or stare with fright, or leer with villainy, or droop with sadness, or pale with envy, or fire with revenge, or twinkle with mirth, or beam with love? It is tragedy and comedy and pastoral and lyric in turn. Have you not seen its uplifted brow of surprise, or its frown of wrath, or its contraction of pain? If the eye say one thing and the lips say another thing, you believe the eye rather than the lips. The eyes of Archibald Alexander and Charles G. Finney were the mightiest part of their sermons. George Whitefield enthralled great assemblages with his eyes, though they were crippled with strabismus. Many a military chieftain has with a look hurled a regiment to victory or to death. Martin Luther turned his great eye on an assassin who came to take his life, and the villain fled. Under the glance of the human eye the tiger, with five times a man's strength, snarls back into the African jungle.

How it adds to John Milton's sublimity of character when we find him at the call of duty sacrificing his eyesight. Through studying at late hours and trying all kinds of medicament to preserve his sight he had for 12 years been coming toward blindness, and after awhile one eye was entirely gone. His physician warned him that if he continued his work the other would have gone too. The great poet was in a quandary. Shall I do my work or shall I save my eyesight? Shall I let my eyes go out in the service of my country or shall I let them go out in the dark? The great poet decided in favor of his country, and, sitting down, he dictated to his daughter the immortal sonnet on his blindness, the last line of which is, "They also serve who only stand and wait." Oh, what a day that will be for those who went groping through this world under perpetual obscuration or were dependent on the hand of a friend with an uncertain staff feeling for and for the aged of dim sight, whom it might be said that "the light which look out of the windows is darkened," when eternal daybreak comes in!

What a beautiful epitaph that for a tombstone in a European cemetery: "Here reposes in God Katrina, saint 85 years of age and blind. Her sight was restored to her May 1840."

The Richest Gold Mine.

It is estimated that greater quantities of gold and silver have been taken in the sea than are now in circulation on earth.
