Letter to G. W. Wescott,

ANDOVER, N. Y.

Dear Sir,—Paint is one of the things that Railroad Companies know all about.

Do you know what "all about" means? It means, in paint, where to get it.

We sell the paint for two-thirds of the cars and stations and bridges and everything else, that railroad men want to keep good-looking and sound, all over the country.

A man who wants a gallon or two of paint knows nothing about it; buys whatever is handy, or gets some painter to "make" it.

A Railroad Company asks its chemist: "which is the best?"

The cheapest thing, to preserve or beautify anything with, is paint. So the whole world is painted; except, of course, the part of it owned by poor slow folks.

And the paint they use is people's intelligence-meter; or ignorance-meter; tells how much or how little they know.

Lead and oil has had its day. Devoe lead and zinc is the paint.

Yours truly,

F. W. DEVOE & CO.

"You'll Never Know."—

You can't even imagine the splendor of the Lake Shore Limited until you take a trip on this palatial train. The entire train is lighted by electricity and its drawing room and sleeping cars are luxurious as the private chambers of Queen Victoria. A stenographer is always on hand to write your letters, a ladies' waiting maid is ready to minister to the wants of lady passengers, daily stock reports are there for the anxious business man, a library of choice literature is furnished for the literary inclined, and from the observation car the beautiful country thru which this train passes can be seen to greatest advantage. Lavatories, barber shop and bath room, equipped with every convenience, are among the other unusual features of this train, while excellent meals can be obtained onboard. It will indeed be a pleasure never to be forgotten if you buy your ticket via the Lake Shore and Michigan Southern Railway next time you have occasion to go to Chicago and other western cities.

Gas Consumers, Notice!

We desire to notify our customers that we intend, commencing Oct. 1st, 1900, to change to the Meter System in the sale of gas, and that we shall make no contracts from the above date either by yearly or regular monthly rates.

Gas consumers who are connected to our lines at present, and all others who may use gas in the future, are to conform to the above. Meters will be loaned by us upon the receipt of $5 deposited in advance. This deposit will be refunded at any time the consumer discontinues the use of gas and returns to us the meter in good condition, together with the meter deposit certificate so issued for the same.

The price of gas will be 25 cents per thousand cubic feet, subject to a discount of 10 per cent. if paid for on or before the 10th of the month following the meter reading.

Now, in order to take advantage of the summer use of metered gas, the company wish to state to the customers who have a yearly rate and whose contracts as yet have not expired, that they may avail themselves of the same privilege as our regular monthly customers, and connect by meter at once.

We consider that it is the only fair and equitable way of using gas, for in this way you can connect as many stoves or lights as you desire, regardless of the size of the mixer used, and pay for them only when in use.

By the adoption of the meter system, we look forward in giving you an even better service than in the past.

Doing Business With Uncle Sam.

The contract for carrying the mails between Buffalo and western cities is held by the Lake Shore and Michigan Southern Railway, and it is said that no other road in America carries anywhere near as much mail matter as does this great line. Four fast mail trains are operated daily by the Lake Shore Railway, and the fact that the mail-carrying contract has been secured by this great railroad for more than 25 successive years is proof as to the fine service given. Punctuality, high speed and absolute safety are demanded by Uncle Sam and the traveling public. You get the most of all three when you buy your ticket via the Lake Shore and Michigan Southern Railway.

BASE BALL.

Captain Chas. B. Lever vs. Captain Ed. Kinney.

Those whose place of business is on the east side of Main street, generally known as the 25 cent side, have challenged those who obtain their bread and butter by toil on the west or 10 cent side to play a game of base ball on Friday afternoon. One of the attractions of the game will be that both captains, Lever and Kinney, will play in the game, and a suitable forfeit will be given the winning side. Don't come to the game if you are either a kicker or a dyspeptic, as all who go are bound to have a jolly good time. A small gate fee will undoubtedly be asked, and the proceeds be given to the Free Library.

"It is with a good deal of pleasure and satisfaction that I recommend Chamberlain's Colic, Cholera and Diarrhœa Remedy," says Druggist A. W. Sawtelle, of Hartford, Conn. "A lady customer, seeing the remedy exposed for sale in my show case, said to me: 'I really believe that medicine saved my life the past summer while at the shore,' and she became so enthusiastic over its merits that I at once made up my mind to recommend it in the future. Recently a gentleman came into my store so overcome with colic pains that he sank at once to the floor. I gave him a dose of this remedy which helped him. I repeated the dose and in fifteen minutes he left my store smilingly informing me that he felt as well as ever." Sold by Benedict & Van Noy, Andover, and N. E. Coston, Greenwood.

Power Spraying Outfit.

Hugh T. Wraks, representing the Goulds Manufacturing Company, of Seneca Falls, was here the first of this week trying to sell the corporation one of their power spraying outfits. Thru his kindness we have been able to show our readers the kind of instrument other villages are using with the utmost satisfaction in checking the ravages of the maple worm. The price of the outfit is $200, complete with gasolene engine and all. These outfits are now in use at Washington, Albany, Troy, Central Park, New York, and many other cities and villages. It is the only way possible to destroy these worms. It rests in the hands of the board whether or not we shall spray our shade trees. Mr. Wraks will be here again the first of next week.

"Because"—

Because it runs more frequent trains. Because its cars are typical of utmost comfort and ease. Because its trains are always on time. Because its attendants are courteous. Because it maintains such a high rate of speed. Because it is surrounded by every safeguard that modern ingenuity can devise. Because all experienced travelers always use it. These are among the reasons why you should buy your ticket via the Lake Shore and Michigan Southern Railway when taking a trip between Buffalo, Cleveland, Pittsburg, Toledo, Cincinnati, Chicago, St. Louis and other western cities

An Aged Veteran Passed Away.

Samuel S. Randolph was born in Manchawkins, N. J., Nov. 22, 1819, and died in Andover on Memorial-day, May 30, 1900, aged 80 years, 7 months and 8 days. About the year 1837, he took up his residence in Cuba, where he began the business of machinist and general blacksmithing. Cuba was then a small village. Feb. 1, 1844, he was united in marriage to Miss Emily Setchel, who survives him. He resided in Cuba about fifty years, and was one of the leading men in his earlier days of activity. He, with several other young men, were the leading spirits of early Methodism.

In April of 1861, he enlisted in the army under the government call for two years volunteers. He became a member of the 23d Regiment, New York Infantry, and served his two years. He was orderly sergeant, a good officer and a brave soldier. His active engagements were at the battles of Antietam, Fredericksburg, Second Bull Run and several others. During the winter of 1861 he injured his left hand by falling a tree while in winter quarters. As years went by the injury developed in rheumatism, wasting the hand and arm, finally dislocating the shoulder. His sufferings have been intense for years, terminating in death.

About five years ago Mr. and Mrs. Randolph moved to Andover so as to be near their only son David, who is in the employ of the Mutual Gas Co. Mr. Randolph was a skilled mechanic, an industrious man, a wise provider, an upright man and citizen, a man who was held in the highest esteem by all who knew him. He bore his intense suffering with Christian fortitude and patience, and when the end came it was the calm and quietness of a blessed sleep. At the hour when in Andover the boys in blue were decorating the graves of the noble dead with garlands of flowers, Comrade Randolph was receiving the word of "welcome home" from the life of the great Captain of his salvation. A beautiful time and a beautiful death to die.

Funeral services were conducted from the house of his son, David Randolph, Elm street, with a short discourse by Rev. W. B. Wagoner, and music by the Presbyterian choir, after which the remains were taken in care by the members of Edward Seaman Post, No. 481, G. A. R., who consigned his remains to the tomb in Hillside Cemetery, according to the beautiful service for the burial of their dead.

Mr. Randolph leaves to mourn his loss a wife whose sleepless vigilance and tender and uncomplaining devotion were a marvel of self-sacrifice and affection, also two daughters, Mrs. T. F. Shepherd of Bay City, Mich., and Mrs. Robert Bowen of Watertown, N. Y., and son David at Andover, and a brother, John Randolph of Olean, and two sisters, Mrs. John Norton and Mrs. Lyman Roberts of Angelica.

There were present at the funeral from out of town: John Randolph, Olean; Mr. and Mrs. Hiram Moulton, Charles Moulton and Mrs. J. H. Setchel of Cuba, Mr. and Mrs. Herman Roberts and George Norton of Angelica, and Mrs. Robert Bowen of Watertown.

Bishop C. C. McCabe: "I have heard Prof. Ford in his readings and impersonations. Every time I hear him he makes me feel a year younger. He makes me laugh and cry, and that does me good. I expect to go to hear him every opportunity, and if I can hear him forty-one times more, I may fill out my century and celebrate my one hundredth birthday."

The common cattail, which grows in abundance in this vicinity, says the Franklin News, has become a valuable article of commerce. The once worthless weeds have largely superseded wool, cotton and hair for mattresses and upholstery, and are said to be admirable substitutes, for the cost is far less than the material mentioned. The demand is exceeding the supply and is increasing.

The Allegany Baptist Association meets at Whitesville Wednesday, Thursday and Friday of this week. The following delegates and members of the Baptist church expect to attend: Rev. and Mrs. V. L. Eggleston, Mrs. A. M. Burrows, B. S. Brundage, Mrs. Belle Ingraham, Drexia Scott, J. D. Cheesman, Mrs. Mary Church, Mr. and Mrs. Ira Jones, Miss Bertha Jones, Eli Baker, Mrs. N. Perkins and Mrs. E. Stearns.

To get even with the Philadelphia children who sent a message to Kruger with resolutions of sympathy, the board of education of Windsor, Ont., dispatched on the Queen's birthday, May 24th, two delegates to Manila, bearing to Aguinaldo "resolutions of sympathy from 2,500 school children of Canada." Besides expressing sympathy the Canadians will declare "admiration for the brave stand the Filipinos have made against the unjust war urged against them by the Americans."

The cement walks laid by Messrs. Atwood and Vars on Main street are an ornament to our village. We understand that it would be continued nearly the entire length of Main street if the board would do the proper thing in the way of rebate. Surely it would be money well invested whether the village helps pay for it or not. We like the public spirit of the gentlemen who have already put down the walk, and run the chances of rebate, and it looks now as tho it were all chance.

Card of Thanks.

We wish to express our thanks to the G. A. R. for their attendance at the funeral services of our husband and father, to the Presbyterian choir for music so appropriately rendered; also to Mr. Penny and others who furnished flowers, and to kind friends and neighbors.
