Letter to Slocum Bros.,

ANDOVER, N. Y.

Dear Sirs,—It is your business to know what materials to put into a house as well as to plan it. Of course, you know the effect of zinc on lead in paint—toughens it. Do you also know the greater effect of zinc ground in?

For a painter can't grind; he can only mix. Devoe lead and zinc is thoroly ground in oil. The result is an intimate mixture.

Your painter can only mix; he can't grind; there's no need of grinding by hand. He should buy lead and zinc ground together in oil.

Devoe lead and zinc is that; the proportions are right besides. It outlasts lead and oil two to one, and costs no more—even less; for handwork can't compete with machinework.

Yours very truly,

F. W. Devoe & Co.

"Little Colds" neglected—thousands of lives sacrificed every year. Dr. Wood's Norway Pine Syrup cures little colds—cures big colds too, down to the very verge of consumption.

Almost 1,000 Miles a Day.

The Lake Shore and Michigan Southern Railway, in conjunction with the New York Central, makes the trip of 986 miles between New York and Chicago in 24 hours or an equivalent of nearly 1,000 miles per day. No other road in America can point to such a record as this for a sustained rate of speed and yet withal it has been remarkably free from even trivial accidents, thus disapproving the statement of many people that high speed is an adjunct of danger. Those who buy their tickets via the Lake Shore and Michigan Southern Railway make an investment which covers the best in travel that can be bought.

Gas Consumers, Notice!

We desire to notify our customers that we intend, commencing Oct. 1st, 1900, to change to the Meter System in the sale of gas, and that we shall make no contracts from the above date either by yearly or regular monthly rates.

Gas consumers who are connected to our lines at present, and all others who may use gas in the future, are to conform to the above. Meters will be loaned by us upon the receipt of $5 deposited in advance. This deposit will be refunded at any time the consumer discontinues the use of gas and returns to us the meter in good condition, together with the meter deposit certificate so issued for the same.

The price of gas will be 25 cents per thousand cubic feet, subject to a discount of 10 per cent. if paid for on or before the 10th of the month following the meter reading.

Now, in order to take advantage of the summer use of metered gas, the company wish to state to the customers who have a yearly rate and whose contracts as yet have not expired, that they may avail themselves of the same privilege as our regular monthly customers, and connect by meter at once.

We consider that it is the only fair and equitable way of using gas, for in this way you can connect as many stoves or lights as you desire, regardless of the size of the mixer used, and pay for them only when in use.

By the adoption of the meter system, we look forward in giving you an even better service than in the past.

Seven Trains a Day.

The Lake Shore and Michigan Southern Railway runs seven trains a day between Buffalo and Chicago, or as many as any other two lines put together, thus making it possible for the traveler to leave the former city at almost any time of day or night he may desire and enabling him to reach Chicago or any other western cities in the shortest possible time. Its cars are models of inventive genius and are roomy, comfortable and perfectly ventilated. Uniformed attendants are always on hand to do your slightest bidding, and all thru trains are equipped with modern toilet rooms and lavatories where plenty of fresh water, good soap and clean towels are ready for your use. When you buy your ticket over the Lake Shore Railway, you not only buy your passage, but all the comforts which care and good management can supply.

Dollars for Minutes.

True it takes some time to go through our store, as it is one of the largest and most interesting Home Furnishing Houses in Western New York. It's dollars for minutes. Money savings on every article are always so apparent that the name of Wooster and low prices for best goods have long since became household words. Low prices reign here the year 'round, but just now they are so amazingly low that it's like finding money to the wide-awake housewife.

You are invited personally to make T. G. Wooster & Bro's Home Furnishing House your headquarters on the 4th of July, and while you are resting a moment, we will have someone ready to usher you thru, and show you our immense establishment and the bargains which we have to offer: For Hornellsville certainly will have a program that everyone who is patriotic to their country cannot afford to miss. Come one, come all. You are welcome not only to Hornellsville, but to the Home Furnishing House of T. G. Wooster & Bro.

A Very Pretty Home Wedding.

The home of Mr. and Mrs. John Deming on Barney street, Andover, was the scene of a very pretty wedding at 9:30 a. m., Thursday, July 5, 1900, when Miss Rose Lemirah Baker, oldest daughter of Mrs. Deming, became the bride of Prof. John Estes Vincent of Cape Vincent, N. Y. The spacious Deming home was tastily decorated with field and domestic flowers for the happy occasion. Forty guests had assembled by invitation to witness the beautiful marriage ceremony of the Methodist Episcopal church as performed by the Rev. W. B. Wagoner. The whole affair was very informal, which added greatly to the beauty and pleasure. After the ceremony a sumptuous wedding breakfast was served to the bridal party and guests. The repast was most efficiently served by the Misses Helen Baker, Sylvia Hardy, Ethel Boyd and Carrie Williams.

The bride is a graduate of the State Normal School, Mansfield, Pa. She has for several years successfully filled the position as preceptress in the schools at Alexander Bay, Fort Plain and Andover. She is a young lady of excellent attainments, and one whose friends are very numerous. The groom is a promising young man and has been a successful educator at the head of the school at Depoville, and will continue the principalship of the school at South Forgeville, where they will make their future home. The happy couple have the best wishes of their legion of friends.

The out of town guests were: P. W. Laurance and wife, D. T. Hauber, wife, daughter Mary and son Giles, of North Bingham, Pa.; Misses Clementine and Emily Chapin, Whites Corners, Pa.; Mrs. T. W. Clarke, New Milford, Pa.; Mrs. Rena Learzelere, Boston, Mass.; Miss Florentine Vincent, Cape Vincent, N. Y.; Miss Edith Stetson, Stockville, N. Y.; E. D. Baker and wife and Miss Cora Deming, Niagara Falls; Mrs. A. D. Wilcox, Hornellsville, N. Y.; Miss Alma Tucker, Almond, N. Y.; F. M. Lee, and daughter Mabel, Alfred.

The presents were numerous and valuable, among them a bed-room suit, couch, clock, toilet set, silver, table linen, china, etc.

Mr. and Mrs. Vincent will spend their honeymoon at Niagara Falls and Thousand Islands.

Sneak Thief.

Yesterday, Mrs. V. L. Eggleston and Mrs. E. L. Hann went way up the mountain side to gather red raspberries. After climbing one of the hardest hills known to mankind, and clambering into the berryfield almost exhausted, they found a goodly number of the luscious fruit. They had picked fifteen quarts and left them, as they supposed, in a safe place, and returned to gather more. Upon their return they found some contemptable sneak thief had stolen all their fruit and escaped with it. This beats all genuine, low meanness we ever heard of. When a lady wishes berries bad enough to climb around over hills for them, thereby paying in time and strength twice their value, to have a lazy culprit walk off with them is truly culpable.

When those wishing to compare the dire meanness of a person to anything else, we have all heard them say, "Mean enough to steal the pennies from a dead man's eyes." We think now the expression might be changed to "Mean enough to steal the person's berries." Mr. Eggleston offers a reward of 15 cents a quart for the return of the stolen berries.

Every Portion of Chicago.

The Lake Shore and Michigan Southern Railway, in conjunction with the Elevated Railway system of Chicago, will take you direct to almost any part of that city you may wish to reach. The trains of the Union Elevated Loop leave from the Lake Shore depot in the metropolis of the West so that all passengers on the Lake Shore have to do is to step from one train into another, and they can reach almost any part of Chicago without the expense of cabs and hacks. This is only one of the many advantages offered by the Lake Shore and Michigan Southern Railway. Full particulars may be found in the little book entitled "The Union Elevated Loop in Chicago," which will be sent free of charge on application to A. J. Smith, G. P. A., Lake Shore Railway, Cleveland, Ohio.

Cheap Excursion to Hickory Hurst and Dunkirk.

Now take the Erie's cheap excursion to Dunkirk, Sunday, July 15th. New Electric Railroad is now completed to Hickory Hurst, and trolley cars will take passengers to this beautiful Lake Erie resort. Excursion tickets will be good two days to return. Don't miss this great trip. Train will leave Andover at 7:42 a. m. Fare, round trip, only $1.25.

Dr. Clark, Eyesight Specialist,

will be at the American House Thursday and Friday, July 19th and 20th. Headache pain in and over the eyes entirely relieved with proper adjusted glasses. Hundreds of Andover references. Free examinations.

Quickest Route to Pittsburg.

The Lake Shore and Michigan Southern Railway runs five trains a day between Buffalo and Pittsburg, two going West and three going East. The time between the two cities is made in seven hours. Those who have occasion to make a trip to the "Smoky City" should buy their tickets via the Lake Shore. Its cars are the most comfortable and luxurious in existence, and it affords the combined advantages of low fare, quick time, comfortable cars, courteous attendants and fine roadbed. When you buy your ticket via the Lake Shore Railway you get the best that modern ingenuity can supply.
