Rumpff-Steadwell Scandal.

George Rumpff of Angelica was arrested at Friendship Monday evening of last week by Officer Williams, charged with drawing a revolver on W. H. Steadwell at the American House Sunday night, and on being arraigned in court gave bail in the sum of $200 for his appearance Thursday. Later, the same night, Rumpff was again put into custody by Sheriff Hodnett on the charge of alienating Steadwell's wife's affections, and removed to Belmont, where he was lodged in jail. Domestic infelicities between Steadwell and wife, of which Rumpff is said to be the cause, were the beginning of the trouble and an action for divorce has been instituted. Mrs. Steadwell has engaged counsel to defend Rumpff and there is little probability that she and her husband will ever become reconciled. At last accounts Rumpff was in jail but strenuous efforts were being made to have him bailed out, in which event he will doubtless be brought here to answer the charge against him.

LATER.—Inquiry at the county jail finds Rumpff still confined there, and news from Friendship has it that he and Mrs. Steadwell had been in Friendship for several days before Mr. Steadwell's appearance on Monday.

NO BAIL SECURED.

Rumpff was taken from the Belmont jail to Friendship on Thursday and arraigned on the first charge, that of assault on William Steadwell. He pleaded guilty and paid $25. The Sheriff then brought him back to jail on the authority of the order of arrest granted by the Judge in the "alienation of affections" matter. He will be held until bail bonds for his appearance at trial, to the amount of $1,000, are furnished by two bondsmen. Rumpff has so far been able to secure only one bondsman in the person of his brother in-law, Charles Frank, the well-known Standard oil agent of Wellsville.—Dispatch.

This will afford a grand opportunity to witness the wonderful progress and transformation which has taken place within the last six months.

STYLE

FASHION has ruled the world ever since Eve robbed the orchard in the Garden of Eden. It started with Fig Leaves,—goodness knows where it will end.

Fashion is responsible for about 99 per cent. of the industries of the world. Don't believe it, eh? Well just sit down and figure out exactly what you could live on and not suffer from hunger or cold, then subtract the result from your income, and see what you have left.

But don't try to live that way. Gracious no! Why, what would we do then? What would we do with this vast improvement in the latest arts and styles in the decorations of Home comforts and ease,

For instance, our Ladies' Desks are daintier and more artistic than ever. Prices ranging from $3.50 to $50.00.

Andover vs. Whitesville.

The Whitesville school football team came to Andover on Wednesday afternoon of last week and played the High School boys of this place on the Richardson gridiron. The game was an even match of football playing. The Whitesville boys found Andover's weakness to be thru the line while the Andover boys circled the ends with ease for short gains. Both sides made their scores early in the first half, and then both teams braced up and neither side scored again. There was a strong wind across the field, so neither side kicked goal. The score was 5 to 5 at the end of the game. The line-up was as follows:

Whitesville.	Position.	Andover.
P. Clark	L. E.	Bassett
G. Bassett	L. T.	McTighe, Joyce
Bassett	L. G.	Tracy
Crandall	Center	Hardy.

Papal Blessing.

They who visit the Eternal City esteem it a great favor, long to be cherished in grateful memory, to visit St. Peter's and the Vatican, to be presented to his Holiness the Pope, and to receive his fatherly blessing. The privilege was enjoyed by Father Murray, Rector of the Blessed Sacrament Church, on his recent visit to Rome, and he obtained also from the holy Father a special blessing for his people at Andover. This papal blessing, to which is attached a plenary indulgence, will be imparted at the Blessed Sacrament church next Sunday, after high mass, by Father Murray, in the name of the Supreme Pontiff. There will be a discourse appropriate to the occasion.

Mrs. Ella Potter.

Mrs. Ella Potter, wife of Frank W. Potter, passed from earth to heaven Oct. 19th, 1900. She was born in New York July 7th, 1853, and united with the First Baptist Church of Andover March 24th, 1868. She was a woman of varied accomplishments, of sincere devotion to the church, and of strong religious convictions. During the last few years, while deprived for the most part of the helpfulness and fellowship of the services of the Lord's house, because of great afflictions, her religion was very sweet and precious, her God was very real, and her faith strong. She was a true hearted Christian, and her loss will be mourned by many who knew her, and to whom she was much attached. Her heavenly rest has come. The funeral of Mrs. Potter took place Oct. 20th, from her home in Andover. Services were conducted by her pastor, Rev. V. L. Eggleston, assisted by Revs. W. L. Burdick and Stephen Burdick. Truly it may be said of her, "Blessed are the dead who die in the Lord."

Card of Thanks.

The undersigned desires to express his gratefulness and thanks to all those kind friends who so tenderly ministered to and helped in the late sickness, death and burial of his wife. Especially would he thank Mrs. Elizabeth Phillips, Josie Cokeley, Mrs. Mable Thompson and Miss Lizzie Hyland for their kindness, and the Baptist choir for the music at the funeral services.

FRANK POTTER.

"What Becomes of the Money?"

To the Editors of the ANDOVER NEWS:

To the question, "What becomes of the money received by the Mutual Gas Co., Limited, of Andover, from its patrons?" having been agitated somewhat of late, or rather, what portion of the same is paid out in Andover, we submit the following statement:

Cash paid for labor during the year just closed, from Oct. 1st, 1899, to Oct. 1st, 1900, $7,280.73 (seven thousand, two hundred and eighty dollars and seventy-three cents), giving steady employment to ten men representing families, a force of twenty-one men being now employed, all of which live in the town and village of Andover. The above amount does not include several thousand dollars paid out for drilling new wells during the past year, much of which was expended in Andover except what was necessary for material shipped from oil well supply companies out of town. All lumber has been purchased in Andover and vicinity.

One reason for making the above statement is to refute the claim of certain persons who represent to people who have no means of knowing the real facts, THAT ALL THE MONEY paid to the Mutual Gas Co., Limited, for gas by its patrons was taken out of Andover for investment. We further state and will make oath to the fact, if necessary, that over one hundred thousand dollars in cash has been paid to the land owners and to day laborers of Andover during the past twelve years, or since the organization of the Mutual Gas Co., Limited, in Andover.

We also state that not one dollar received for oil or gas has ever been expended out of said Andover except what was necessary for material which was shipped here and used to improve the field. After making the above statement we ask again, Has the Mutual Gas Co., Limited, been a help or a hindrance to the steady growth of Andover village since the organization of the company in 1888?

Teacher's Institute of the Second Commissioners District.

The Institute was held in the High School building in Wellsville, beginning Monday, Oct. 15th, and continuing until Friday afternoon.

The forenoon of the first day was spent in registration. The total number present, including teachers and members of the training classes, was about two hundred and forty.

During the noon intermission a large number of the teachers took advantage of the opportunity to hear the men of national reputation at the Prohibition mass meeting in the Opera House. The afternoon exercises were opened by a short address of welcome by Commissioner Burdick, who introduced the Conductor, Irving B. Smith, A. M., of Warsaw. Prof. Smith is a man of broad and valuable experience and his first address created a very favorable impression on the teachers. An interesting talk on "Color" by Prof. Babcock of Alfred closed the day's program.

In the evening the teachers of Wellsville gave an informal reception to the members of the Institute. Several short addresses were given and light lunch was served.

As the Institute was graded, the forenoon sessions consisted of three divisions. The principal speakers of Tuesday were Prof. Babcock, Miss Sara A. Collier, and Supt. Fox Holden of Olean, who supplied in place of Dr. Milne of Geneseo. Miss Collier's work in English was very instructive and helpful. Hon. Chas. E. Titch of Rochester gave a lecture in the evening.

On Wednesday, Mrs. Miller of Ithaca on Nature Study and Miss Stone of Binghamton and Miss Rice of Buffalo on Drawing took up the forenoon, while Prof. Smith addressed the entire Institute in the afternoon. An illustrated lecture on the Philippines was given by Prof Smith in the evening.

Thursday's program consisted of Penmanship instruction by Prof. Wells, English work by Miss Dunston, and Compulsory Education by Mr. Sullivan. Dr. Davis of Alfred gave the evening lecture.

By a vote of the teachers a session was voted for 8 o'clock Friday morning and to close at noon. Dr. Schenitz of Geneseo occupied two interesting periods. Prof. Kenyon of Alfred on Mathematics, Miss Bacon of Buffalo on Primary work and Miss Van Rensselaer of Randolph on Literature made up the program.

As a whole the Institute proved pleasant and profitable. Many old acquaintances were renewed and new ones made, and much was given to assist the teachers in their work.
