That people read newspaper advertisements was demonstrated recently in Boston. A small advertisement of a place for a book-keeper was placed by design in an obscure part of the newspaper, away from the classified "ads," and without a head; yet before noon of the day of publication there were fifteen answers. Since that number of book-keepers in want of a place discovered the advertisement, a large number of other readers must have seen it, as there was nothing to direct the attention to any particular person to it.—Philadelphia Record.

A Fiendish Attack.

An attack was lately made on C. F. Collier of Cherokee, Iowa, that nearly proved fatal. It came thru his kidneys. His back got so lame he could not stoop without great pain, nor sit in a chair except propped by cushions. No remedy helped him until he tried Electric Bitters which effected such a wonderful change that he writes he feels like a new man. This marvelous medicine cures backache and kidney trouble, purifies the blood and builds up your health. Only 50c. at Benedict & Van Noy's drug store, and by other druggists.

A large congregation assembled at the union service at the Baptist church Sunday evening to listen to the reports of the W. C. T. U. State Convention held at Hornellsville last week as given by Mrs. Burrows and Mrs. Deming. The papers were interesting and instructive.

Dr. W. H. Lewis, Lawrenceville, Va., writes, "I am using Kodol Dyspepsia Cure in my practice among severe cases of indigestion and find it an admirable remedy." Many hundreds of physicians depend upon the use of Kodol Dyspepsia Cure in stomach troubles. It digests what you eat, and allows you to eat all the good food you need, providing you do not overload your stomach. Gives instant relief and a permanent cure. Benedict & Van Noy, Andover; E. Breeze, Elm Valley.

The C. E. of the Presbyterian church will serve a Hallowe'en supper, Wednesday, Oct. 31st, at Mrs. J. M. Brundage's, from 5:30, until all are served. Following is the menu: Cold ham, baked beans, scalloped potatoes, sauerkraut, rolls, tea and coffee, doughnuts and pumpkin pie. Price, 15c.

Torturing skin eruptions, burns and sores are soothed at once and promptly healed by applying DeWitt's Witch Hazel Salve, the best known cure for piles. Beware of worthless counterfeits. Benedict & Van Noy, Andover; E. Breeze, Elm Valley.

The Alfred Mutual Loan Association matured its sixth series of stock at the regular monthly meeting of the board of directors last Wednesday evening. There were twenty-five shares of $200 each, amounting, therefore, to $5,000 in all. Of this amount $2,600 was paid by discharging the mortgages of borrowing members, and the balance in cash. The stockholders in this series have paid in $139 on each $200 share, thus making an average profit of something over seven and one-half per cent. simple interest on the investment.—Sun.

"For three days and nights I suffered agony untold from an attack of cholera morbus brought on by eating cucumbers," says M. E. Lewther, clerk of the district court, Centerville, Iowa. "I thought I should surely die, and tried a dozen different medicines but all to no purpose. I sent for a bottle of Chamberlain's Colic, Cholera and Diarrhœa Remedy and three doses relieved me entirely." This remedy is for sale by Benedict & Van Noy, Andover; and N. E. Coston, Greenwood.

"It is not generally known," said a banker, "but it is true that paper money can be washed and ironed as easily as a pocket handkerchief. A wealthy woman of my acquaintance has all her money laundered before she uses it. She turns the notes over to her maid, who washes them thoroly with hot water and ordinary soap suds, and spreads them out on a table to dry. Then she dampens them slightly and presses them with a medium hot smoothing iron. If the bill is not frayed, this process will make it as bright and crisp as when it first left the Treasury. If one could see the water in which a dozen commonly circulated bills were washed it would give them a permanent aversion to the trade of tellar."

"Little Colds" neglected—thousand of lives sacrificed every year. Dr Wood's Norway Pine Syrup cures little colds—cures big colds too, down to the very verge of consumption.

Do not get scared if your heart troubles you. Most likely you suffer from indigestion. Kodol Dyspepsia Cure digests what you eat and gives the worn out stomach perfect rest. It is the only preparation known that completely digests all classes of foods; that is why it cures the worst cases of indigestion and stomach trouble after everything else has failed. It may be taken in all conditions and cannot help but do you good. Benedict & Van Noy, Andover; E. Breeze, Elm Valley.

HOW PEOPLE GET DRINKS.

Prohibition Laws Are Ineffectual to Prevent Alcoholic Indulgence.

"I have spent the summer in a prohibition state," said the woman who has just come down from Vermont, relates the New York Tribune, "and I was amused at the experience I had with express agents when I wanted to get a little alcohol to use for toilet purposes. I really wanted it to put on my hair to keep it in curl. When I stated my reason for wanting it, as is necessary in order to comply with the law, the agent, who was a regular New England Yankee, grinned from ear to ear as he said:

"'Well, miss, that's a new one on me. They give all sorts of reasons for wanting alcohol, but I never heard tell of using it to curl the hair before. When the clock mender comes through the country they buy gallons of alcohol to clean their clocks with. Every old boozer in the country around has a clock to be cleaned. Then they use it for sprains and for cleaning spots off clothes, but never before for curling the hair.'

"I really felt guilty, as though I wanted it myself to use as a beverage, but my name was entered in the book and against it were the words: 'Half pint alcohol for curling the hair.'"

Two million Americans suffer the torturing pangs of dyspepsia. No need to. Burdock Blood Bitters cures. At any drug store.

Not an Ordinary Man.

"He's no ordinary man," remarked the observant citizen.

"Is he, then, above the average?"

"Well, I won't say that," replied the observant citizen, "but he must be either above or below it. He is very courteous and considerate, and only the truly great and the absolute nobodies are that."—Chicago Post.

H. H. WILLIAMS.

Women's Federation Meeting.

Friday was indeed a Woman's Day in Andover, the early train bringing from the west seventy-five or a hundred ladies as delegates and visiting members, to the Sixth Annual Convention of Allegany County Federation of Women's Literary Clubs and Societies, which met in the auditorium of the Methodist Episcopal church. The ladies of Andover had been busy for a day or two as shown by the tasty manner in which the church was decorated with bunting and flowers representing the colors of the home clubs.

The Federation proper was called to order at 10 o'clock by the President, Mrs. Walter C. Willis of Friendship, and prayer offered by Rev. E. Alice Bradley also of Friendship.

Miss Minnie A. Clair of Andover presided at the organ, and gave a selection, following the invocation.

The address of welcome was given by Mrs. A. B. Richardson of Andover, and responded to by the President, Mrs. Willis.

After the report of the credential committee, and the roll call of clubs, the officers and committees made their reports in the following order: Recording Secretary, by Miss Belle F. Cummings of Wellsville; Corresponding Secretary, Mrs. Frederic C. Mulkin of Friendship; Treasurer, Mrs. T. Peck of Belfast; Picnic Committee, Mrs. W. M. Litchfield; Reciprocity Committee, Mrs. H. H. Sortore; ang Library Committee, by Miss Mary A. Crowley.

The election of officers resulted as follows:

President—Mrs. Walter C. Willis of Friendship.

First Vice President—Mrs. Charles Ricker of Fillmore.

Second Vice President—Mrs. R. B. Burrows of Andover.

Recording Secretary—Miss Belle F. Cummings of Wellsville.

Corresponding Secretary—Mrs. F. C. Mulkin of Friendship.

Treasurer—Mrs. T. Peck, Belfast.

Adjourned at noon for luncheon furnished by the ladies of the M. E. Church in the parlors of the church.

At 2 o'clock p. m., the meeting was called to order, and the following program was carried out:

Organ selection, Miss Minnie A. Clair
Paper—"Triumphs of Time," Mrs. J. R. Freeland
Vocal solo, Miss Mary Cannon
Address, Rev. Annis F. Eastman, Elmira
Vocal solo, Mrs. Maud Prest
Discussion, "The influence of Women's Clubs, as regards the Church, Education and Social Life,"
Led by Mrs. Wm. C. Dunham
(Three minutes talk by each delegate.)
Report of Committee on Resolutions.
Adjournment.

The address of Rev. Mrs. Eastman was unexceptionally fine, and we regret that we are unable to even give a synopsis of it. Her subject was "Poetry and Life," and in everything good, she said, was found the ingredient of poetry. It must have been heard in order to appreciate the address, as pen or pencil fails to bring out the beauty of thought she expressed or the manner in which she delivered it.

Mrs. Zimmerman of Bolivar, chairman of the Committee on Resolutions, submitted the following:

Believing that the organizing of woman's clubs is a benefit to any community, and that the school life of a majority of women is far too short, and that systematic reading and study is a duty every woman owes to herself and home;

Be it resolved, That we consider it the duty of the clubs whose success is already assured, to extend their sympathy and encouragement to those who are endeavoring to organize new clubs.

Whereas, as thru the generosity of the State of New York, great opportunity has been approved for the establishment of new libraries:

Be it resolved, That whenever possible, we aid and encourage the founding and maintenance of free public libraries.

Resolved, That we extend thanks to the Hawthorne and Lucy Stone Clubs of Andover for their hearty welcome, and to Mrs. Eastman and others, who have assisted in making the program successes.

Resolved, That we extend our thanks to Mrs. Willis for the badges furnished the delegates.

Resolved, That we extend thanks to the press and musicians for all favors shown us, and the members of the Methodist Church who have so kindly opened its doors for our use.

At the close of the session an invitation was extended to the delegates and guests to partake of a lunch given by the club women of Andover, which was greatly enjoyed by all. Expressions of delight in recognition of the hospitality extended the visiting club women in such a variety of ways, were heard on all sides, and the guests departed, carrying with them most pleasing recollections of this charming characteristic of Andover's club women.

The next annual meeting of the Federation will be held in Friendship.

ANDOVER HIGH SCHOOL

Miss Marguerite Norris was promoted from the Intermediate to the Grammar Department last week, as the result of superior class work.

The entertainment by the Stephensons last Wednesday evening proved to be a very pleasing one. The instrumentalists were of a high order, and the readings of Amsbary were of very entertaining order. The audience was large and appreciative. The high School course has started off with fine indications for a complete success. The exact date of the lecture by Dr. Lewis will be announced next week.

Miss Minnie Eastwood entered as a student last week.

The young men of Delta Theta gave a well prepared program last Tuesday evening. The work of the two societies exhibits progress from the start. The program of the Kappa Zeta last Monday night was of a high order. The two societies have voted to hold a joint meeting on Nov. 13th.

Stephenson Quartet Company.

The entertainment course of the High School was opened last Wednesday evening at the Opera House by the Stephenson Quartet Company, consisting of Miss Lalla, Miss Elsie and Miss Clara Stephenson, with Mrs. Etta H. Stephenson at the piano. Wallace Bruce Amsbary, the humorist, is a strong assistant. Misses Lalla and Elsie show talent in handling the violin, and they not only elicited applause but were repeatedly encored. Miss Clara, in making a specialty of the violoncello, was a marvel in her skill and wonderful execution on that instrument. She seemed to be the favorite of the audience, without depreciating in the least the talent of the other sisters, as shown in the demand for more and more. Mr. Amsbary, in his pleasing and natural impersonations of the many selections, kept the audience in the best of humor.

Obituary.

C. M. Mallory, whose death is here noted, was a son of Augustus Mallory, a former resident of Greenwood. He is well known here, and is a nephew of H. H. Mallory. He is also a cousin of W. B. Coats of Wellsville and of A. M. Burrows of this village, who visited him last year on their western tour. The Reedley (Cal.) Exponent says of him:

C. M. Mallory was born in Steuben county, N. Y., Oct. 18, 1851, and died near Reedley, Fresno Co., Cal., Oct. 3, 1900, within a few days of his 49th birthday. He received a substantial practical education in his native district. In 1868, being full of an enterprising spirit, he came West and located in Oregon. In 1870 he located a claim near where the town of Hepner is located. In 1878 he moved into town and was appointed postmaster of that thriving town. In connection with this office he went into the confectionery business and afterward added a drug department. In 1880 he sold out and engaged in the sheep industry but soon returned to the drug business. In 1882 he was married to Miss Mary Davis, who, with their daughter Maud, is left to mourn the loss. During his incumbency as postmaster he had to make up the mails in the night and contracted a severe cold which settled on his lungs and from which he never recovered. On account of his ill health he came to California, and settled near Reedley nine years ago.

Bryan at Andover.

Notwithstanding the facts that Tuesday morning's dawn was ushered in with a heavy rainfall, that about an inch of mud greeted the pedestrian, and a heavy sky looked down upon our little village with a dismal frown, about 500 people, Democrats, Republicans, Prohibitionists, men, women and children, congregated at the Erie depot to hear and see the Hon. W. J. Bryan at the rear platform of his private coach. The train arrived at just 11 o'clock and departed at 11:15, being here fifteen minutes. Mr. Bryan was very plainly dressed in a black suit, and presented more the appearance of a country pettifogger than a candidate for the Presidency. In his eight-minute speech he touched upon the employer intimidating the votes of his employees, the Australian ballot, imperialism and the trusts, giving each about one minute's time. At the conclusion Mrs. Bryan appeared by the side of her husband and threw a wreath of flowers on the heads of the assembly, and away they flew.

Andover always uses a speaker right, whatever his politics, and it kept its reputation good on this occasion, notwithstanding the fact that every three out of four, at least, of the voters in the audience will vote the straight Republican ticket.

Concerns Our Daily Bread.

Prof. Prescott Believes there is Serious Danger in the Alum Baking Powder.

The high cost of cream of tartar, the chief ingredient of a pure baking powder, has induced some manufacturers to substitute burnt alum (which costs but three cents a pound) largely or wholly in lieu of cream of tartar, making a very low cost but unwholesome baking powder.

Our most eminent physicians are continuously warning the public against the use of alum baking powders because of the unwholesome qualities which such powders impart to the food.

When such eminent authority as Prof. Prescott, of the Michigan University, declares that alum lessens the digestibility of the food, that its use in food has always been deemed contraband, and that it would be proper to suppress the alum baking powder by law, it is time for consumers to give the matter serious attention. They should examine their store-rooms and their supplies as they come from the grocery.

Generally, alum baking powders are sold at a lower price than pure powders, but the difficulty of recognizing them from their appearance caused the Government Chemist to recommend, as a matter of safety, the use of a well-known brand of baking powder, such as the Royal, which his tests showed, he says, to be made from the most healthful materials, entirely free from alum and every adulteration.
