The ANDOVER NEWS
PUBLISHED WEEKLY BY
Mosher & Backus,
AT ANDOVER, N. Y.

ANDOVER, N. Y., APR. 8, 1903.

$1.00 will be charged for a card of thanks.

Rates for space advertising made known on application at the office.

Five cents a line, each issue, will be charged for resolutions and business notices.

Copy for change of display advertisements must be in the office Tuesday noon to insure change the same week.

Good Judiciary Bill Assemblyman Phillips has introduced another good bill in the Legislature, which has for its purpose the merit of going far toward supplying a remedy for the evils said to exist by reason of the willingness of country Justices of the Supreme Court to go to the larger cities where they receive larger compensation than at home. The NEWS will give a more extended notice of this bill next week.

* * *

For the Ladies. If the writers in the fashion magazines or papers knew whereof they write, linen gowns are to play a large part in the adornment of women during the summer months. The hand embroidery thereon will make them expensive. The heaviest grade of linen, plain figured and mercerized, are used. Lace and coarse embroidery raised on the goods after pattern designs will give a stunning effect. Bands of linen and tucking is employed on flounces, sleeves and the front of waists. These are some of the smart things for stylish people, and of course the cost can be made as much or little as fancy dictates or pocket book allows.

* * *

Exclusion of the Chinese. The Canadian Government has caused to be presented to the Houses of Parliament a measure, while it is not prohibitive, will prove effective in large measure in keeping from the borders of our own country the Chinese who find it easy often to gain access to this country. The bill says every Chinese emigrant landing in Canada must pay $500, and captains or shipowners bringing Chinese are held liable for this sum. Chinese have been landed in Canada for the purpose of entering the United States, and the result because of the Chinese entering that country has been the crowding of Canadian industries and the increase in the Chinese population grows quite rapidly. Undoubtedly the passage of the measure will relieve the tension of the border to a considerable degree.

* * *

Dewey and Hobson. When Admiral Dewey expressed his confidence in the American navy, and aroused the ire of Germany because the comparison was not to the credit of the Emperor's navy, the whole people felt a thrill of pride and thought of the American "behind the guns." However, Hobson, of Merrimac fame, takes issue, and his words are worth listening to. He contends that tonnage, not men, is the measure of a navy's efficiency. The fact is that the German navy, in the matter of tonnage, will soon be ahead, and the merit of the German navy has not been tested in recent years. So it is well to go slow, increase the tonnage of the navy, and surely with an increased tonnage and American gunners there will be nothing to fear, and the American navy may be well nigh invincible.

* * *

Do You Wear Pamajas? Some of the men have been sending queries to the daily press seeking knowledge as to the correct way of wearing pajamas, whether the coat should be tucked in the trousers or worn outside. A correspondent, replying in the New York Sun, says he has always worn the coat outside, and he believes the authorities pronounce that the correct style. Pajamas are worn for comfort, but an eye should be kept on the artistic effect as well. Surely a wide flaunting coat would remind one of the baloon style of shirt of the old firefighters. Somebody will ask what are pajamas? Well, ask some friend of yours. We are inclined to think the only kind of pajamas that will find callers in "Old Allegany" for some time to come are the blue jean kind that you can wear just as you please and that will stand a good hard knocking.

THAT SCHOOL BILL.

The question of the Department of Public Instruction, who shall divide and control the money, has been the cause of the introduction to the State Legislature two or three bills, as well as an endless lot of discussion. The Board of Regents, gentlemen of learning and wide experience, men who have large business interests of their own, and who have a life tenure of office from the appointment by the Governor, compose the Board of Regents. These men, with the large interests over which they have control, do not, nor is it expected, devote their whole time to the affairs of the Board. Necessarily a large amount of the work done must be done by trusted employees, and only come under the supervision of the Board for final judgment. On the other hand, the Department of Public Instruction, presided over by a man appointed by the Governor to serve the term of his office, annually amenable to the people, and who has ever before him, (if he would continue to hold office,) must, without fear or favor, in justice and equity, so manage the affairs of his department that it shall satisfy those to whom he is indebted, that is, the people. Under him are the scores of assistants who will help serve the interest of the people, because it is their interest so to do. So the conclusion can readily be arrived at: If there is to be a change, more responsibility to be placed upon either department or board, the Department of Public Instruction should be the favored body. For a number of years Mr. Skinner, the present head of the department, has managed the affairs, and no party element or political influence has entered or can enter. There should be no politics in the schools. The way to keep it out is to continue to place power in the hands of those who are amenable to the people and whose administration if not satisfactory, can be closed. No less a person than Mr. Draper has given his endorsement of the plan of enlarging the offices of the Department of Public Instruction. What does it matter who or what bodies, whether ecclesiastical or civil, desire? The thing to be done is to do that which will protect the schools from a power political or ecclesiastical, and the bill that continues the power of the Department of Public Instruction does that.

* * *

That Burdick Inquiry. Whether or not the abolishing of the office of coroner for Erie county was effective in guarding against certain evils one is apt to question who reads the Burdick inquiry. Justice Murphy, in his findings, made some queer statements. Why did he censure Mrs. Burdick? What authority had he for that? She was only a witness and nothing in her conduct in the court called for a rebuke. Police Justices, when acting as coroners, are not censors of the morals and manners of the city of Buffalo unless the law has given them that right. The business of the court was, if he could, to find not how E. L. Burdick came to his death, and not to put thru the third degree either Mrs. Hull, the children or any other witness that was called. The fact is they all suffered enough in the shock, and their punishment may indeed be greater than they can bear.

* * *

J. Pierpont Morgan says prosperity is here to stay and will continue for some time to come. He ought to know whereof he speaks.

* * *

The special election to be held for the extension of the water main to the new silk factory should receive the hearty endorsement of all our voters.

* * *

To get all the sunlight and dry up some of the muddy, damp places, the trimming of the trees would prove effective.

* * *

$100 Reward, $100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution, and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Address, F. J. CHENEY & CO., Toledo, O.
Sold by Druggists, 75c.
Hall's Family Pills are the best.

Are You Using Allen's Foot-Ease?

Shake into your shoes Allen's Foot-Ease, a powder. It cures corns, bunions, painful, smarting, sweating feet. At all druggists and shoe stores, 25c.

New Stamped Envelopes. The new stamped envelopes that have been put on sale at the post offices are really beautiful affairs as far as the work on the stamps are concerned. There are few denominations, 1 cent, 2 cents, 4 cents and 5 cents. Franklin's bust is in white on the 1 cent envelope. The 2 cent has a red oval, with Washington's bust in white. The 4 cent on a brown square with Grant's bust in white, while the bust of Lincoln is an elliptically shaped background in blue adorns the 5 cent stamp. The work is indicative of the artistic taste that is becoming a characteristic of the American people.

* * *

Aaron B. Parker's friends are trying to boom him for the Presidency by printing and scattering his decisions favoring the workingmen, thruout the Western states.

* * *

It will soon be time to get the streets of the village in order. Has anything been done to raise the streets (or lower as the needs may be) to the proper grade?

* * *

Keeping House for the Brain.

The brain is an exacting tenant. Its house must be kept clean and fresh or there will be trouble with the landlord. The brain needs a constant supply of good wholesome food. "Ze" the new cereal, tastes good and supplies the nourishment needed, because "Ze" is made from brain strengthening grains, invigorates the tired system and kindles activities. You will like "Ze" at any meal. Grocers sell it.

WANTED.—Men to learn barber trade. New system. Only eight weeks required. Wages Saturdays. Tools donated. Diplomas awarded. Positions positively guaranteed when through. Special inducements now. Write for catalogue. Molers' Barber School, 380 Canal St., New York city.

Children Just Love It.

No other laxative in the world is so good for the children as Laxakoin. It tastes nice, acts mildly as a laxative, improves the digestion, relieves colic and other stomach troubles, and always brings to baby sweet temper and sweet sleep, 25 cents. L. A. Burrows. 1

Removal.

John F. Paine the merchant tailor, has removed from the "News" building to room in the rear of P. C. Lynch's Livery office.

Thanking his customers for past favors, he solicits their future patronage.

From the Best Sources.

How and where a Furniture stock is bought determines its value and quality. We could buy cheap stuff and sell to you at cheap prices. You might think we would be good people to trade with—but—we wouldn't be. We buy from the best sources, pay fair prices, and charge you a fair profit—just enough to pay for handling the goods. We wouldn't touch cheap quality for a great deal. We intend to maintain our reputation for honesty in all things.

Any society having supper will be supplied with Japanese napkins free, by the asking.

S. J. FOWLER.

NEW HATS.

Have you seen our new line of Men's Hats and Caps for spring. They will more than please you. The "Three in-Wun" is a big hit.

Men's Shirts.

A nobby line of men's shirts just in, all the latest. We can show you some of the best styles on the market.

Waistings.

New Wash Goods, new P K's. The new basket weave, in fact everything in up to date stuff.

Spring Shoes.

Our line of spring shoes are the best, up-to-date styles at the lowest prices. The Tracy work shoe has no equal. Empress Shoes for ladies are the best shoes made for the money.

Williams & Crandall.

Please call and see our Easter Neckties for ladies and gentlemen.

Job Printing That's Up-to-date.

We have just received some of the latest type faces and can furnish you with up-to-date Job Printing at astonishingly low prices. Don't wait 'til your Stationery is all gone, but place your order now. Satisfaction guaranteed. We print everything.

STREET CAR ACCIDENT.

An Andover Lady Hurt While in New York Last Week.

While in New York last week with Mrs. S. J. Mourhess, Miss Frances Ensworth met with a serious accident in alighting from a street car. In some way she was thrown to the pavement and struck her head with a heavy blow upon the brick, rendering her unconscious. She was taken to the hospital and treated until she could be brought home. She is now slowly recovering. Miss Ensworth has been trimmer in Mrs. Mourhess' millinery store several seasons and is widely known in this village.

The May Designer.

The handsome cover of the Designer for May is significant of the many good things which follow, prominent among which are, of course, fashions and millinery for spring and summer, also many novelties in trimmings, all of which are most attractively illustrated. "What Women are Doing" and "Helps Along the Way" are two departments which grow in interest each month. "Points on Dressmaking" treats this month of the making of shirred garments, and the "Lesson in Millinery" tells how to make a Shepherdess hat. It is a remarkably attractive number.

If you have anything to buy, sell or exchange, you can reach almost every one in this section with an item in the NEWS. Only 5 cents a line. tf

It Costs Less.

If you wish to keep your friends living away posted as to things doing in Andover, just remember the NEWS, sent every week, will be cheaper than a letter every week, and will give them more information. tf

BURROWS' BARGAINS

CLOTHING

CLOTHING

The men who want the best to be had in ready to wear Clothing, and at a moderate price. The men who appreciate the little things that combine to give to a Suit, a pair of Trousers, or an Overcoat, that distinctive style and up-to-date appearance that characterizes the well dressed man. To these we extend this week a special invitation to visit our Clothing Department.

After carefully considering nearly every well known line of manufactured Clothing on the market, we have selected a large portion of our Spring and Summer Suits from the line manufactured by one of the most reliable clothing establishment in the country.

The H. H. Cooper Co.

They are not only leaders in style, but every garment is guaranteed to be honestly made thruout. Unscrupulous manufacturers in these days of sharp competition are weaving in shoddy and cheap grades of wool, which are almost impossible to detect at sight, but which soon come to the surface when the garment is worn. This kind of Clothing is made to sell, not to wear.

We sell Cooper Clothing with a guarantee that means what it says. "YOUR MONEY BACK IF NOT ENTIRELY SATISFACTORY." The prices thruout the entire line are from one to three dollars per Suit below any other line we have seen. Don't pay $10 for a Suit you should buy for $8, nor $12 for a Suit you should buy for $10, and so on to the end of the chapter. Compare this Clothing and the prices with other kinds. You will soon be convinced as we have been, that it's the best to be found and the prices the lowest. In materials the line includes Cheviots, Homespuns, Undressed Worsteds, Black and Blue Serges, Cassimers, etc. Our spacious clothing rooms on the second floor have never presented a more attractive appearance. Visit this department before selecting your Spring Clothing.

Cravanette Rain Coats.

The Cravanette Water-proof Rain Coat is one of the most sensible garments manufactured. It is fast taking the place of the light Overcoat, as it answers the same purpose. It is absolutely water-proof. We are showing a nice line of these coats. We sell the regular $12 Coat for $10. The regular $15 one for $12.

We Always Pay the Highest Prices for Butter, Eggs, and All Kinds of Produce.

A. M. Burrows & Son.
