At the appointed time, everything lying in readiness, the respected couple were invited in and all sat down to a bountiful dinner.

Sciatic Rheumatism Cured.

"I have been subject to sciatic rheumatism for years," says E. H. Waldron, of Wilton Junction, Iowa. "My joints were stiff and gave me much pain and discomfort. My joints would crack when I straightened up. I used Chamberlain's Pain Balm and have been thoroly cured. Have not had a pain or ache from the old trouble for many months. It is certainly a most wonderful liniment." For sale by O. E. Vars & Son, Andover, and N. E. Coston, Greenwood.

A Trying Ordeal.

On the train Tuesday morning in a crowded car was a wedding party, and the ordeal that the newly wedded pair passed thru must have been trying at least. They were bombarded by a continuous fire of rice from Rexville until the car floor contained enough rice to feed a Japanese regiment thru a seige at Port Arthur, and the fusilade continued thru the streets of Canisteo. On the back of the happy husband was pinned a placard reading "We are on our honey-moon." This was followed by another reading "We are married, see." The newly wedded pair took these manifestations of friendship in the best of humor all of which shows that they will meet the problems of life philosophically

LIKE FINDING MONEY.

L. A. Burrows Officers Popular Medicine at Half-Price.

L. A. Burrows, the popular druggist, making an offer that is just like finding money, for he is selling a regular 50 cent bottle of Dr. Howard's celebrated specific for the cure of constipation and dyspepsia at half-price. In addition to this large discount he agrees to return the money to any purchaser whom the specific does not cure.

It is quite unusual to be able to buy fifty cent pieces for a quarter, but that is what this offer really means, for it is only recently, thru the solicitation of Druggist L. A. Burrows that this medicine could be bought for less than fifty cents, he urged the proprieters to allow him to sell it at this reduced price for a little while, agreeing to sell a certain amount. The result has justified his good judgment, for the sale has been something remarkable.

Anyone who suffers with headache, dyspepsia, dizziness, sour stomach, specks before the eyes, or any liver trouble, should take advantage of this opportunity, for Dr. Howard's specific will cure all these troubles. But if by any chance it should not, L. A. Burrows will return your money.

The Japs are not much on horseback. Rudyard Kipling's description of a Japanese cavalry charge, which ended with the troopers continuing on their course after their horses had stopped, is memorable and substantially accurate.

Robbed The Grave.

A startling incident, is narrated by John Oliver of Philadelphia, as follows: "I was in an awful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides, no appetite, growing weaker day by day. Three physicians had given me up. Then I was advised to use Electric Bitters; to my great joy, the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know they robbed the grave of another victim." No one should fail to try them. Only 50 cents, guaranteed, at O. E. Vars & Son, Andover, and N. E. Coston's, Greenwood, drug store.

SOFT CORE

Like the running brook, the red blood that flows through the veins has to come from somewhere.

The springs of red blood are found in the soft core of the bones called the marrow and some say red blood also comes from the spleen. Healthy bone marrow and healthy spleen are full of fat.

Scott's Emulsion makes new blood by feeding the bone marrow and the spleen with the richest of all fats, the pure cod liver oil.

For pale school girls and invalids and for all whose blood is thin and pale, Scott's Emulsion is a pleasant and rich blood food. It not only feeds the blood-making organs but gives them strength to do their proper work.

A Great Sensation.

There was a big sensation in Leesville, Ind. when W. H. Brown of that place, who was expected to die, had his life saved by Dr. King's New Discovery for Consumption. He writes: "I endured insufferable agonies from asthma, but your New Discovery gave me immediate relief and soon thereafter effected a complete cure." Similar cures of consumption, pneumonia, bronchitis and grip are numerous. It's the peerless remedy for all throat and lung troubles. Price 50c, and $1.00. Guaranteed by O. E. Vars & Son, Andover, and N. E. Coston, Greenwood, Druggists. Trial bottles free.

Refused to Discuss Treaty.

Berlin, April 13.—The reichstag reassembled and took up the budget. Chancellor Von Buelow, answering various questions of Dr. Sattler, said he could not discuss the Franco-British colonial treaty at length since the British parliament was discussing it and the French chamber of deputies had not yet discussed it. The German government saw no hostile purpose in the entente against any other power.

CLOSE INSPECTION

CLOSE INSPECTION reveals the true character of an article. There are many pretentious bits of jewelry to which "distance lends enchantment." We have another sort, however. The more closely you examine it, the more you appreciate its RICHNESS AND LUSTER. This is "our kind." We sell nothing else, and our jewels all have the true and lasting brilliance that goes with genuineness. A few new articles we wish to call your attention to are, "The new golf hat pins," "Our new line of ladies woven wire fobs," the new "military sets" for ladies shirt waists with your monogram engraved on each pin, gents woven wire fobs and many other articles to numerous to mention.
