remodeling it and would endeavor to give us fine hotel accommodations.

It was moved and carried that we adjourn the July and August meetings and at the annual meeting in September that we go to Swinks Hotel for a banquet.

The Committee on Andover's entertainment was given a rising vote of thanks for their work in bringing the recent fair to so successful a conclusion.

W. F. O'Connell, Chairman of the Committee on Roads, was called upon for a report, and said that his committee first preferred to make their report to the executive committee at its next meeting. Their request was granted.

The fire-alarm question being again raised, President E. J. Atwood reported that the trustees of the Village had visited several places to inspect their fire alarm system. That Mr. Laizure of the Erie was obtaining a locomotive tire, and it was to be used for a fire alarm. If they were properly hung they would make noise enough to suit anyone.

E. J. Atwood inquired what had become of the club's effort to create a humane officer in Andover. The subject was referred to the Executive Committee for action.

Jas. P. Cannon was appointed marshall of the day for the automobile trip.

Twenty-eight present said they would go on the auto trip.

After adjournment a few minutes longer were given to singing the rally song, when one of the most enthusiastic club meetings yet held came to a close.

J. HARVEY BACKUS.
Secretary.

THIS NEW GUY GREEN DRUG CO.

The well known drug firm, Teeple-Green Drug Co., which has conducted the Central Drug Store in Wellsville for the past nine years, has made a change of name to Guy Green Drug Co., and will continue the business as heretofore under the title "Central Drug Store." The stock in the concern remains in the same hands, Guy G. Green owning all but two shares, and the enterprise will be conducted under the same careful, painstaking management as in the past. The growth of The Central Drug Store marks an interesting period in the history and prosperity of one of Wellsville's leading business houses.

Established in 1885 the business has been carried on under several ownerships until 1904 when the firm name became "Teeple & Green" the proprietors being H. S. Teeple and Guy G. Green, who ran the business as a partnership until 1907, when they incorporated under the name, "Teeple-Green Drug Co.," Messrs Teeple and Green retaining practically all the stock. Mr. Teeple, president of the organization, died in January 1915 and in June, following, Guy G. Green bought his holdings which resulted in a change of name to Guy Green Drug Co., as above stated.

The Central Drug Store, perhaps the best known Drug Store in Allegany County, will continue to serve its customers under the same capable management as in the past.

National Defense and International Peace

Are You Ready to Play Your Part?

THE power of a nation in time of need is the producing power of her industries.

America must find out what this producing power is and then develop it. The capacity of every plant must be gauged. The ability of every man must be known. For War is Mechanical. It is Electrical. It is Chemical. It is Mining, Manufacturing, Transportation. It is EVERY phase of Engineering fused into a single industry—

"THE NATION'S DEFENSE."

Thirty thousand Engineers today are serving YOUR COUNTRY without pay. They are making a survey of YOUR COUNTRY'S Industrial Resources. They are helping YOUR COUNTRY to FIND ITSELF—and You! They are charting the channels of commerce. Sounding each source of supply. So that, *should* the Day break when War *must* come—YOUR ARMIES in the field will be but the crest of a Wave of Industry, as wide as the American Continent and as deep as the American Soul.

That YOUR COUNTRY may know what the Engineers are doing, the Associated Advertising Clubs of the World have pledged their services to the President of the United States. And this advertisement, published free by this paper, is part of a nation-wide series to secure YOUR co-operation with the Engineers. "WHAT CAN I DO?"

This is, doubtless, the question you are asking yourself. Here is the answer: If you are a manufacturer co-operate fully with the Engineers so they can do their job *quickly and efficiently*; if you are a working man help your employer to help the Engineers and be prepared, if so needed, to be a Soldier in Industry, behind the firing line, which is just as important as being a soldier on the firing line; if you are a business man or a professional man, or whoever you are, help mobilize "GOOD WILL" behind this patriotic task of the Engineers in behalf of National Defense and International Peace.

NATIONAL BISCUIT COMPANY

PROBABLY WORK OF MANY

No One Architect Can Be Acknowledged as the Builder of the Tower of London.

Who was the original builder of the Tower of London? He is as unknown as the architect of the Tower of Babel?

Poetic license has, indeed, helped to make confusion in this respect worse confounded, for it seems satisfactorily proved that Caesar, whose name has been connected with it, had nothing whatever to do with its erection.

If there be one name that is more closely associated than another with London's most interesting landmark it is that of Bishop Gundulf, who, in 1078, was appointed by William the Conqueror overseer and surveyor to the building.

But the Tower is one of those landmarks which are essentially rather the product of successive ages than the work of one period, and it may not be generally known that its chief feature, the White tower, owes much of its present appearance to Wren, who faced its windows with stone after the Italian fashion, and thus gave it that almost modern character which it wears today.

AVIATORS TO BE TRAINED

United States War Department Offers to Teach Militia Officers at the Government's Expense.

Secretary of War Garrison has advised the Aero Club of America that militia officers may be trained in military aeronautics at the United States army aviation school at San Diego, Cal., at the expense of the war department.

There is an enormous amount of work to be done in order to develop aviation corps for the 48 states, and as the sums collected through the national aeroplane fund could be used for he general expenses of developing aviation corps in the militia, this proposal on the part of Secretary Garrison is of particular importance.

Sixteen states have become interested through the Aero club's efforts and are now ready to take up the work of developing aviation corps for the militia as soon as they can get funds for aeroplanes and for the upkeep of the corps. The states are Arizona, California, Illinois, Iowa, Florida, Maine, Missouri, Nebraska, New Jersey, New York, Ohio, Oklahoma, Pennsylvania, Texas, Vermont and Wisconsin.

TENNYSON IN DECADENCE?

Among the most interesting reallife stories of the war is that of the British officer whose wife married again on the strength of the announcement of his death. Subsequently the officer, who had been a prisoner in Germany, returned to show that he was very much alive. So far as our researches extend, the press has nobly resisted the temptation to refer to Enoch Arden. Can ... modern journal ... Tennyson?

Lovely New Cotton Dress Materials At Tuttle & Rockwell's

Many new and beautiful Dress Fabrics of Cotton have made their appearance during the past week. Indeed, the variety of styles and patterns is greater than ever before, and prices here are no higher than in previous seasons notwithstanding the fact that wholesale prices on all cotton dress materials have been advanced by the manufacturers for future delivery. This, in itself, constitutes a very good reason why you should buy now.

OUR SHOWING OF BEAUTIFUL VOILES

It certainly looks as though we have cornered the market on Black and White Checks and Stripes, which are very much favored by correct fashion for Spring and Summer wear. Here you will find Checks large and small and Sport Stripes.

Prices run from 15c to $1.50 yard

75c Pique Now 35c

One piece of Cross Welt French Pique, beautiful quality, 32 inches wide, formerly sold at 75c yard

Extra special at 33c yard

The Longer I Wear Them The Better I Like Them

This is what we were told by one of our most particular customers recently in reference to Henderson Corsets.

We are not surprised, as we frequently hear words of commendation regarding these splendid corsets.

Among the many styles that we have recently placed in stock and which we offer discriminating buyers, is Henderson Corset, Style 696; a particularly satisfactory model for those of average to rather stout proportions; has elastic lacings in the skirt so that same is self-adjusting to every figure requirement; has a medium bust; handsomely trimmed with embroidery and has a graduated clasp which effectively supports the figure; three pairs strong hose supporters; made of excellent quality coutil of double thickness over abdomen which gives added strength and wear to the corset. Price $2.00. We most cordially recommend this model.

HURRAH! RINGLING DAY ALMOST HERE

Big Circus and Great Spectacle! Occupy Five Trains Crammed With Wonders

The big event for which the youngsters and grownups have been impatiently waiting is drawing near, for on Friday, June 23rd Ringling Brothers' circus is to exhibit afternoon and night in Hornell. Expectancy never ran so high before and it is likely that this district will send a large delegation to feed the elephants. Unusual interest centers around the gigantic spectacle, "Cinderella," with which the famous showmen are this season opening their wonderful mammoth tent program. "Cinderella," is probably the best loved of all fairy tales and to see it produced with more than 1000 persons, hundreds of dancing girls and glorious pageants, indeed gives promise of making "childhood's golden dreams come true." In the same great tent will come the marvelous circus miracles in which 400 men and women performers, scops of trained animals and a galaxy of special features are introduced. The majority of the acts are entirely new to America. The Ringling Bros. having secured the pick of those European performers who have been engaged to sell entertainments in this country because of the war. There is new special period and take place show day and night.

To watch the want ads is to keep in touch with chances to buy real estate or sell.

GAME PROTECTION.

Notwithstanding the action in favor of ... for several years in some sections, no kills of this kind were made this year, and 39 states still prohibit quail shooting. The seasons were shortened six weeks in Oklahoma and two weeks in Nevada. Limits were established for the first time in Arkansas and New Hampshire, reduced in Iowa from 25 to 15 per d y, in Oklahoma from 25 to 10, in Minnesota from 15 to 10, and increased in Nevada from 15 to 20. All but 14 of the states which permit quail hunting now have a limit of 20 birds or less per day.

DEFINING QUALITY.

"Is your husband an inveterate smoker, Mrs. Jiggers?"

"No; just smokes the ordinary six-for-a-quarter kind."

A HACKING COUGH WEAKENS THE SYSTEM

Don't suffer with a hacking cough that has weakened your system—get a bottle of Dr. King's New Discovery, in use over 40 years, and benefiting all who use it, the soothing pine balsam with the healing medicines in the passages—soothes the raw spots, loosens the mucous, and prevents racking the body with coughing. Dr. King's New Discovery promotes natural sleep and aids nature to cure you.—Advertisement.

BACKACHE IS DISCOURAGING

But Not so Bad if You Know How to Reach the Cause.

Nothing more discouraging than a constant backache. Lame when you awaken, pains pierce you when you bend or lift. It's hard to work or to rest. Backache often indicates bad kidneys and calls for prompt treatment. The best recommended remedy is Doan's Kidney Pills. Profit by this nearby resident's experience:

Edward W. Mann, 39 Fulton St., Hornell, N. Y., says: "I had been troubled for several months by pain through the small of my back, which often changed to a dull ache and caused me no end of suffering. I was advised to try Doan's Kidney Pills and I did. They removed the pain in short order."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills — the same that Mr. Mann had. Foster Milburn Co., Props., Buffalo, N. Y.

Our "B. B. B" column always brings quick returns. Try it.

"GINGLES JINGLES"

"GO TO IT."

Grab the line that suits your fancy, then go to it, get the dope. Study hard; learn all about it; where there's knowledge there is hope. You must have a dome that's freighted with the stuff on how it's done, then work hard and keep a sticking. That's the way success is won. Always keep your colors flying. Never flunk and toss the sponge. Quitters scarcely get well started 'fore they turn and take a plunge: You must all expect reverses. Things seem never breaking right, but expect to grin and bear it or you'll pull a losing fight. Floating down the stream is easy, but is not there with the rep. Going some against the current is the thing that takes the pep. Working hard and keeping at it is no pipe we must admit, but go to it; stick and conquer. Show that you are long on grit. It's a cinch your job will seek you when you show you've got the stuff. When you prove that you're a comer and not slipping us a bluff. Make your preparation thorough. Work can't put you on the bum. Grab the job that suits your fancy; then go to it; make 'er hum.

Lewis M. Gingles

WHY HE CAME.

Landlady (delighted)—And so Doctor Curem advised you to come here?

New Boarder—Yes; I'm under treatment and he said I must avoid overeating.

"OFF HIS NUT!"

BOON FOR 'NIGHT HAWKS."

The police commissioner has a soft spot in his heart for the night workers and for those who do not go to bed until the milkman comes around. He proved it by issuing a special order, writes the New York correspondent of the Pittsburgh Dispatch, to compel cops to see that there will in future be no unnecessary shouting by street hawkers and "old clothes" men; no unnecessary shouting or yelling by anyone on the streets; no use of horns, bugles or bells by scissors grinders; no unmuffled exhausts on automobiles or motorcycles; no unnecessary noises by milkmen, icemen and bakery boys; no unnecessary noises by janitors in putting out ash cans; no unnecessary blowing of factory whistles and no barking dogs or yowling cats. And, further, the cops will report to the public service commission faulty car tracks, flat wheels on cars, faulty brakes on cars and unnecessary clanging of car gongs. If all these things are enforced New Yorkers will never wake up.

NO OUTLET.

"Why does a little friendly advice make us so much hotter than a little unfriendly advice?"

"Perhaps because it's considered bad form to hit a person who offers a little friendly advice."

WILL IRRIGATE VAST TRACT

Engineers Plan Irrigation Scheme in India That Is of Enormous Importance to Country.

The great irrigation scheme known as the Punjab Triple canal is now nearing completion. This enormous system will irrigate about two millions of acres in the central Punjab. It appears that in the Punjab two crops are grown in the year, the kharif or summer crop, from April to September, and the rabi or winter crop, from October to March. The melting of the Himalayan snows and the monsoon afford abundant water for the first of these, but not for the rabi, which is the more valuable of the two crops. Transfer of water from west to east has therefore become essential. This supply has to be carried from the Jhelum river across two other great and widely separated rivers, the Chenab and Ravi; and across numerous formidable hill torrents. So complete is the scheme that flour mills are actually provided at the important falls, to use the power which would otherwise run to waste. There are 22,615 miles of channels for irrigating purposes in the entire system. The total cost is estimated at $35,000,000.

LAY CRITICISM.

"Do you go to the theater for amusement or instruction?"

"Solely for amusement," answered the man whose hair was thin on top. "The play you don't care for the work of playwrights with a 'message?'"

"Not particularly. It always seemed to me that a man with a 'message' ought to be willing to deliver it free of charge."

What Is Uric Acid?

THE CAUSE OF BACKACHE, RHEUMATISM, GRAVEL AND SUDDEN DEATH.

Ever since the discovery of uric acid in the blood by Scheele, in 1775, and the bad effect it had upon the body, scientists and physicians have striven to rid the tissues and the blood of this poison. Because of its overabundance in the system it causes backache, pains here and there, rheumatism, gout, gravel, neuralgia and sciatica. It was Dr. Pierce who discovered a new agent, called "Anuric," which will throw out and completely eradicate this uric acid from the system. "Anuric" has proved to be 37 times more potent than *lithia*, and consequently you need no longer fear muscular or articular rheumatism or gout, or many other diseases which are dependent on an accumulation of uric acid within the body. Send to Dr. Pierce, of the Invalids' Hotel and Surgical Institute, Buffalo, N. Y., for a pamphlet on "Anuric," or send 10 cents for a trial package of "Anuric Tablets." If you feel that tired, worn-out feeling, backache, neuralgia, or if your sleep is disturbed by too frequent urination, go to your best drug store and ask for Dr. Pierce's Anuric Tablets. They are put up in 50-cent packages.

Doctor Pierce's reputation is back of this medicine and you know that his "Golden Medical Discovery" for the blood and his "Favorite Prescription" for the ills of women have had a splendid reputation for the past fifty years.

Doctor Pierce's Pellets are unequaled as a Liver Pill. *One tiny Sugar-coated Pellet a Dose.* Cure Sick Headache, Bilious Headache, Dizziness, Constipation, Indigestion, Bilious Attacks, and all derangements of the Liver, Stomach and Bowels.

GLORIOUS GLADIOLI

Popular Garden "Glad"—ener Which all Flower Lovers Should Grow.—Rare Offer of Highest Grade Bulbs Sweet Peas, Too.

No ... flowering bulb in the world compares either in beauty or popularity with the Gladiolus the gorgeous spikes of which with magnificent blooms in a full range of colors will brighten and beautify the humblest home on earth. Used as a cut flower they last with good care nearly two weeks and attract the most enthusiastic admiration. But bulbs of choice named kinds of high-grade mixtures are absolutely necessary for satisfactory results—and precisely such are here offered. Listen:—

Attractive Bulb Bargains; For 50 cents I will send, postpaid, 24 blooming size bulbs, including 5 of the popular blush pink, "America," 3 of the magnificent scarlet, "Mrs. Francis King," 1 of the brilliant French blue "Baron Hulot," 1 of the ruffled petaled, "White King," each separately labeled, together with other popular kinds and the famous Groff Hybrids in mixtures.

A Still Better Bargain: For $1.00 I will send the same named kinds with two bulbs of the exquisite yellow "Glad," "Victory," added and sufficient other varieties and choice mixtures to make 50 bulbs in all. Either of these two collections would grace any garden in the land. What an aggragation of floral treasures for such a trifling outlay? Gladioli may be planted with good results up to the middle or last of June.

Sweet Peas: During the remaining weeks of the planting season I will continue to send 10 packets of the grandiflora Sweet Peas for 25 cents or a dozen of the loveliest "Spencers" for 50 cents. Coins, not stamps please.

Address, EDGAR A. HIGGINS
Sweet Pea and Gladiolus Specialist, Avoca, N. Y.

SHOULD SLOAN'S LINIMENT GO ALONG?

Of course it should! For after a strenuous day when your muscles have been exercised to the limit an application of Sloan's Liniment will take the soreness and stiffness away and get you in fine shape for the morrow. You should also use it for a sudden attack of toothache, stiff neck, backache attacks, colds and the many accidents that are incidental to a vacation. "We would as soon leave our hoignee as go on a vacation or camp-out without Sloan's Liniment," writes one vacationist. "We use it for everything from cramps to toothache." Put a bottle in your bag, be prepared and have no regrets.—Advertisement.

You can "afford" to want-advertise for a job anytime. Do you want a job?
