All Around Old Allegany

Epitome of County Happenings Gathered by News Reporters and Clipped from Our Exchanges.

Hon. A. W. Litchard of Rushford will speak at DeRuyter, Madison county, on Memorial Day.

E. M. Park, for years local editor of the Cuba Patriot, will no longer be connected with that paper.

Rev. David Cratt delivers the Memorial-day address at Cuba and the Select Knights band of Olean will furnish the music.

A survey is being made for an extension of the Olean-Portville-Ceres-Bolivar trolley line from Ceres to Shingle House, a distance of four miles.

Rev. R. H. Miller, former pastor of the Disciple church at Wellsville, has accepted a call to the Richmond avenue church of that denomination in Buffalo.

Scott Kennedy of Canaseraga was killed one day last week by being thrown from a load of hay by his horses taking fright from a passing freight train.

Under New Management.

The first number of the Cuba Patriot under its new management is an improvement over that of previous issues. Editor Thornton will undoubtedly make it a power in local journalism. He is to make his home in Cuba hereafter.

A Canning Factory at Angelica.

A Mr. Palmer of Reading, Pa., will locate a canning factory at Angelica if he can be assured that it will have the support of the farmers. A public meeting is to be held to get the views of the farmers on the question.

Robbed The Grave.

A startling incident is narrated by John Oliver of Philadelphia, as follows: I was in an awful condition. My skin was almost yellow, my eyes sunken, tongue coated, pain continually in back and sides, no appetite, growing weaker day by day. Three physicians had given me up. Then I was advised to use Electric Bitters; to my great joy the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know they robbed the grave of another victim. No one should fail to try them. Only 25c, guaranteed, at O. E. Vars & Son, druggists.

Promoted to First-Class Fireman.

The Breeze says: Henry A. Van Brunt of Bolivar has been promoted from second to first-class fireman in the United States navy, and his salary has been increased to $75 a month. Mr. Van Brunt is to be transferred from the battleship Maine to the Olympia, formerly the flagship of Admiral Dewey's squadron at Manila.

DO YOU GET UP WITH A LAME BACK?

Kidney Trouble Makes You Miserable.

Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It is the great medical triumph of the nineteenth century; discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, kidney, bladder, uric acid troubles and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmer's **Swamp-Root** is not recommended for everything but if you have kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in so many ways, in hospital work, in private practice, among the helpless too poor to purchase relief and has proved so successful in every case that a special arrangement has been made by which all readers of this paper who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The regular fifty cent and dollar sizes are sold by all good druggists.

Home of Swamp-Root.

Don't make any mistake but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

HORNER WRITES TO HIS SON.

THE LAST DEVELOPMENT IN THE BELMONT SENSATION.

The Absent Politician Could Not Face the Men he Had Wronged.

The latest incident in connection with the departure of M. E. Horner, is a letter that he wrote at Olean on the day that he left Belmont, addressed to his son at Wellsville, with instructions if not called for in two days to forward it to Belmont. It was received there on Wednesday four days after it was written, and its contents have been made public to a certain extent. He wrote that he was going to leave the country, was unable to pay his debts, and did not want to meet his friends whom he had wronged by his financial management. He gave some good advice and requested that an effort be made to secure the appointment of his wife as postmistress. It is surmised that he took with him considerable money to meet the emergencies that he might have to face in his wanderings, and he allowed that if he could get on his feet again he would return and pay his creditors 100 cents on a dollar.

BOLIVAR WANTS PAVEMENT.

Paving their Main Street Being Considered.

A petition has been circulated among the property owners along Main street, Bolivar, for the purpose of bringing the paving and sewer question to a vote. The circulating paper is drawn up in legal form, and if the required number of signatures are secured the village board will call a special election to bring the matter before the taxpayers of the village.

SEVERE ATTACK OF GRIP

Cured by One Bottle of Chamberlain's Cough Remedy.

"When I had an attack of the grip last winter (the second one) I actually cured myself with a bottle of Chamberlain's Cough Remedy," says Frank W. Perry, Editor of the Enterprise, Shortsville, N. Y. "This is the honest truth, for at times I kept from coughing myself to pieces by taking a teaspoonful of this remedy, and when a coughing spell would come at night I would take a dose and it seemed that in the briefest interval the cough would pass off and I would go to sleep perfectly free from cough and its accompanying pains. To say that the remedy acted as a most agreeable surprise is putting it very mildly. I had no idea that it would or could knock out the grip, simply because I never tried it for such a purpose, but it did, and it seemed with the second attack of coughing the remedy proved it to be not only be of less duration but the pains were far less severe, and I had not used the contents of one bottle before Mr. Grip had bid me adieu." For sale by O. E. Vars & Son, Andover, and N. E. Coston, Greenwood.

Popular Election of Senators.

Illinois is the latest state to be added to the list of those whose legislatures have pronounced in favor of choosing United States senators by direct vote of the people. The Illinois house of representatives adopted by viva voce vote without debate the senate joint resolution calling for popular election of United States senators. The people of the state had already given strong expression to their wish through a referendum vote, and the general assembly merely took obedient action.

Ten or twelve state legislatures have already passed similar resolutions, and still others are favorably considering the question. If two-thirds of the states should make a demand, congress would be required by the constitution to call a convention for the purpose of submitting constitutional amendments to the states. Before this happens, however, the United States senate will doubtless yield and agree with the lower house to a direct submission of the desired amendment to the states without the complication of a convention. Whether wise or otherwise, there is apparently a growing desire on the part of the people to choose by direct vote their representatives in the upper as well as the lower branch of congress.

Danger of Colds and Grip.

The greatest danger from colds and grip is their resulting in pneumonia. If reasonable care is used, however, and Chamberlain's Cough Remedy taken, all danger will be avoided. Among the tens of thousands who have used this remedy for these diseases we have yet to learn of a single case having resulted in pneumonia, which shows conclusively that it is a certain preventive of that dangerous disease. It will cure a cold or an attack of the grip in less time than any other treatment. It is pleasant and safe to take. For sale by O.E. Vars & Son, Andover, and N. E. Coston, Greenwood.

Governor Pennypacker has approved a bill passed by the Pennsylvania legislature fixing a minimum salary of $35 a month for schoolteachers. This will prove a necessary check on niggardly school trustees, who are sometimes found in the Keystone State as well as elsewhere. A good teacher is worth good wages, and only good teachers should be employed even in rural school districts, where it is not infrequently the custom to pay them the smallest possible wages. This is by no means only true of Pennsylvania, and this law might well be applied to other commonwealths.

STUPEND'US HUMBUG

Malby Speaks Thus or Hill's Two Resolutions.

TO PROVIDE FOR CANAL DEBT.

All the Negative Votes on Both Propositions Were by Republicans. Lively Debate on Extension of Bonds From 18 to 50 Years.

Albany, April 22.—The miniature o the original canal debate occurred in the senate on Senator Hill's two concurrent resolutions to amend the constitution so as first, to permit the payment of the canal debt from any surplus in the treasury, and, second, to extend the time limit of canal bonds from 18 to 50 years.

The vote on the first resolution was 29 to 11. All the negative votes on both propositions were Republican.

It was on the 50-year bond proposition that the debate grew lively. Senator Malby did not mince his words. "This is a measure," said he, "to notify this generation that it will not be required to pay for all the crimes it commits, but that some of them will pass on to innocent posterity, as inheritance from their forefathers. This allows the matter to go before the people a little less bald, a little less like public robbery, but it is still a stupendous humbug."

The vote in detail: Ayes—Senators Barnes, Burton, Cullen, Davis, Doolittle, Dowling, Elsberg, Fitzgerald, Foley, Frawley, Grady, Green, Hawkins, Hill, Keenan, Marshall, Martin McCabe, McCarren, Plunkitt, Prime, Ramsperger, Riordan, Russell, Townsend, Wagner, Warnick, Whitlock—28.

Noes—Senators Allds, Ambler, Armstrong, E. R. Brown, W. L. Brown, Lefevre, Lewis, Malby, McEwan, Raines, Sherwood, Stevens, Stewart—13.

The amendments, if passed by the assembly and by the next legislature will be submitted to the people in 1904.

VETO BY GOVERNOR.

Bill to Centralize Control of State Insane Asylums Returned to Senate.

Albany, April 22.—Governor Odell put an end to the allegations that he was behind the Ramsperger bill to centralize control of the state insane hospitals by sending a veto message to the senate at its afternoon session. The governor describing and vetoing the bill says in part:

"This bill, with some of whose features I am in accord, provides for such a radical departure from existing laws governing the institutions under the control of the commission in lunacy that I have been led to disapprove it.

"It seeks in the first place to create two new and separate departments with the additional expenses necessary for their maintenance, a proposal which does not seem to be warranted by the necessities of the service. It provides for a treasurer for all of the hospitals, which in itself would be desirable were it not for the fact that the bill proposes to place under his control all of the estimates of expenses and authorizes him to make drafts upon the comptroller by quarterly estimate instead of by monthly estimates as heretofore. This might possibly lead to large and unnecessary drafts upon the comptroller.

"This objection could perhaps be overcome, but a more serious feature of the bill is that which proposes to take away from the stewards of the various institutions the purchasing power and lodge it in an official to be appointed by the commission. This would be conferring upon this department power not possessed by any other department of the state government.

"It is a broader power than that possessed by the fiscal supervisor of the charitable institutions, whose authority goes no farther than the supervision of the purchases made by the stewards of the various charitable institutions under the authority of the boards of managers. This supervisory power, so far as the commission in lunacy is concerned, is now lodged in the lay member of the commission, who does the work subject to the approval of the full commission."

Garnishee Bill Passed.

Albany, April 22.—The so-called garnishee bill of Assemblyman Monroe was passed by the senate, only Senators Dowling and Riordan voting against it. The opposition of organized labor to the bill has largely disappeared since it was amended so as to raise from $12 to $20 per week the salary limit above which salaries may be attached for bills for necessaries of life. Senator Marshall made the only speech on the bill. Said he: "It seems only right that people who receive a salary of $1,000 a year or more should pay for their bread and butter. As a matter of fact it is not the people of $1,000 incomes who leave their grocery and other bills unpaid—it is rather those of $3,000 a year and upwards."

A Great Sensation.

There was a big sensation in Leesville, Ind., when W. H. Brown of that place, who was expected to die, had his life saved by Dr. King's New Discovery for Consumption. He writes: "I endured insufferable agonies from asthma, but your New Discovery gave me immediate relief and soon thereafter effected a complete cure." Similar cures of Consumption, Pneumonia, Bronchitis and Grip are numerous. It's the peerless remedy for all throat and lung troubles. Price 50c and $1.00. Guaranteed by E. E. Vars & Son, Druggists. TO MAKE LARGE ADDITION.

New Carpenter Shop to be Built to the McConnell Manufacturing Co.'s Plant at Hornellsville.

The McConnell Manufacturing company are preparing to make an extensive addition to their large plant in Hornellsville. The new addition will be to the carpenter shop of the plant and will be three stories in height extending it to Genesee street. This addition is made necessary by the increased amount of work in this department. It is planned to begin work on this addition in the very near future, and have it completed as soon as possible. This company has just installed a new and improved system for removing the shavings and sawdust from the various machines in the plant, and coveying them to the fire boxes of the various boilers in the establishment.

FAILED TO FIND INDICTMENT

Grand Jury at Corning Found No Evidence Against Relyea.

It is learned that the grand jury in its recent session at Corning failed to find an indictment against Frank Relyea, lately proprietor of the Mansion house in Bath. It will be remembered that Relyea was arrested at the instance of two Raines law inspectors, who charged him with a violation of the excise law. He was released upon bonds for appearance before the grand jury which failed to indict him.

CITY WINS THE CASE.

Supreme Court Gives Verdict Against Gas Company.

RENTAL FOR METERS ILLEGAL.

The Penalty For Charging Rental For the Use of Gas Meters is $50 for Every Offense.

In Supreme Court at Corning last week a verdict of much importance was rendered against the Gas Co. of Hornellsville. The case was brought about a year ago by the city of Hornellsville for charging a virtual rental for the use of gas meters. When a oustomer wished to use gas for heating or lighting, the company would compel him to put in a meter for which it would demand eight dollars be paid. This was on the understanding that the company would refund the money as soon as the person stopped using gas and the meter returned to the company, provided that it was in good condition when returned as it was when the company put it in. The penalty for such charging meter rental is $50 for each offense, and as everyone who used gas had it to pay the case will mean a great deal to the company. Besides, if the penalty has to be paid into the chamberlain's office it will mean to the citizens a reduction of taxes for years to come. Hon. Milo M. Acker, the city attorney, fought the case for the city, while the interests of the gas company were represented by Orcutt & Brown. It is probable the company will carry the case to the appellate division and if necessary to the court of appeals before they will consent to pay in the penalty.

LIZARD IN STOMACH.

A Corning Man Swallowed it While Drinking From a Spring.

Harry Lee of Corning, employed as clerk in the Erie freight house, has been ill for several years with a crawling and gnawing sensation in his stomach. He consulted several physicians, but got little relief. Some days ago a physician advised him to abstain from drinking water, which he did, last week. Tuesday night he was taken violently ill at the stomach, and after several severe convulsions he coughed up a lizard four inches long which was dead. Lee thinks he swallowed the animal several years ago when drinking from a spring on his father's farm.

As to the effect of the recent decision of the federal circuit court of appeals in the merger case on railroad property and the stock market generally, efforts are being made in some quarters to make it appear that the outcome will be a return to the days of free for all fighting in the railroad and financial world. If this is the result it cannot reasonably be charged to the Securities decision. It will be due simply to the fact that the interests involved prefer to fight unless they can live in peace on terms which the courts have held to be illegal. It is ridiculous to say that there is but one way of conserving peace, that method being the elimination of competition in defiance of law.

It appears that the unfriendly attitude of King Menelek toward the French is the result of a loss of $320,000 which was invested for him by a Frenchman. The Abyssinian monarch apparently doesn't understand that the Goddess of Commerce does not discriminate between crowned heads and commoners.

There is said to be a millionaire in Springfield, Mass., who works as a day laborer. It must be a whole lot of fun to work as a day laborer when you feel that you can draw your check for a million or so and have it honored at the bank.

An exchange says that much can be learned from the color of a man's hair concerning his intellectual ability. But still there are men with much intellectual ability who have no hair at all.

DURBAR IN ALGERIA.

Tribesmen Come From Desert to Greet French President.

SCENE OF ORIENTAL SPLENDOR.

Great Caravans Had Come Hundreds of Miles on Horses and Camels.—President Gave Decorations to Chiefs as Tribes Passed in Review.—Over 8,000 Men Participated.

El Kreider, Algeria, April 22.—President Loubet participated in a veritable durbar of the nomadic tribesmen of the desert. The tribesmen gathered in thousands from all parts of Southern Algeria for a ceremony of Oriental splendor.

Up to the present time M. Loubet has visited only those sections of Algeria which show the advance of French colonization. Yesterday, however, he entered the desert country with its sparse and burned vegetation where the stretches of sand and hot sun produced the curious effects of mirage.

The ceremony was held on a vast plateau. Here the tribesmen assembled from all quarters, some of them having journeyed 300 or 400 miles across the desert. Their tents were arranged in the Arab custom, each tribe occupying a large circle, in the center of which were droves of richly harnessed camels. The chiefs were mounted on horses, but the tribesmen were on camels and formed caravans. Over 8,000 men participated in the gathering.

A superb tent of camel hair fabrics and Arab tapestries had been erected for President Loubet. As each tribe passed in review its chief dismounted and paid homage to the president of France, who distributed decorations to the principal leaders.

After the review came a native fantasia or exhibition of sports. There were feats of horsemanship and much burning of gunpowder, the exhibition ending by a charge of all native cavalry, which wheeled across the plain and charged toward the station occupied by the president, pulling up their horses within 200 yards of his position. A mimic combat followed this, representing an attack upon and capture of a caravan by a desert tribe.

The ceremonies were brought to a conclusion by a grand "diffa," or Arab banquet, given by the chiefs in honor of M. Loubet. The menu, which was printed in Arabic and French, included such desert delicacies as roast gazelle and camel's milk.

During the evening a celebrated native beauties followed the banquet, and after an exhibition of native methods of hunting, which included a hare chase by trained falcons, the day's entertainment ended.

The president then started on his return journey to Salda. The tribesmen, mounting their horses, rode at full gallop alongside the train as long as they could keep up the pace, their many colored bernouses fluttering in the wind, making a brilliant picture.

Senator Hanna Guest of Honor.

Columbus, O., April 22. — Senator Hanna was last night the guest of honor at a banquet tendered the delegates to the convention of the Amalgamated Association of Iron, Steel and Tin Workers, that is now holding its 25th annual session here. Hanna was invited, as the chairman of the Civic Federation, to speak about the National Civic Federation and its work, but took occasion to reply to the recent annual address at the New Orleans convention of President Parry of the American Association of Manufacturers on the relations between organized employers and organized employes, in which his audience was so sympathetic as to respond in unusual demonstrations of approval. Three hundred and fifty guests were present.

Battleship Iowa Disabled.

Pensacola, Fla., April 22.—The battleship Iowa which left Monday to complete her target practice in the gulf was towed in totally disabled by her steampipe bursting and tearing away the steering gear. The accident happened yesterday afternoon and three government tugs were sent to the ship's relief. The extent of the damage is considerable and it will require 10 days or more to make repairs. The vessel is now lying at the navy yard. The squadron was to have departed for the North today but the accident to the Iowa will prevent its sailing as scheduled.

Recognized Corpse as His Father.

New York, April 22.—Salvatore Benedetto, son of the murdered man, arrived from Buffalo accompanied by Detective Sergeant Petrosini, who took him at once to the morgue. There he positively identified the body as that of his father. Young Benedetto could throw no further light on the tragedy.

Doan's Kidney Pills

Relieve the aches of a bad back promptly—cure all Kidney and Bladder troubles.—

Mr. Howard D. Jutton, of 1313 Grant street, finsmith at Collins' shop, Oswego street, Syracuse, N. Y., says: "I became lame and sore across the loins so that I could scarcely get around. Mr. N. H. Cowles, my employer, advised me to try Doan's Kidney Pills, but I paid no attention. I kept growing worse, and, as tinning roof after roof is very hard on a man's back, I got so bad that I resorted to remedies. Those I tried did me no good, so I went to Mr. Cowles and asked him what he advised me to get, as I had forgotten the name. He said: 'Doan's Kidney Pills will fix you up all right, for they cured me; but you must give them a good, fair show, and take two or three boxes if it is necessary.' Well, I got them, and I felt better by the time I had used half of the first box. Three boxes cured me, and I have not been troubled since."

Doan's Kidney Pills sold at all drug stores; 50 cents. Foster-Milburn Co. Buffalo, N. Y.
