Dorr Faulkner Dead.

Word was received by Andover friends yesterday of the death of Dorr Faulkner of Hornellsville. He had been one of that city's most respected business men, conducting a furniture and undertaking establishment for years. Funeral services will be held in that city to-day.

A Department Story.

It was during the Spanish-American war. A wealthy merchant, who had left his business to offer his services to his country, was pacing up and down on picket duty one dark night. Suddenly he detected sounds of approaching footsteps and, quickly bringing his gun in position, commanded in a sonorous voice:

"Give the countersign!"

The person challenged proved to be an enlisted dry goods clerk formerly employed by the merchant before the war broke out. As their eyes met a smile played around the corners of the clerk's mouth, and he answered in a low whisper:

"Cash!"

Then the merchant, bringing his piece to a right shoulder, let him pass and resumed his pacing.—Lippincott's.

The Blue of Sapphires.

Star sapphires are generally of a grayish blue tint, and the star is exhibited in its greatest perfection when looked at by the light of the sun or a candle. The sapphire is found of all tints and shades of blue, but the color which approximates to the shade formerly called "ultra du rol" is the most valuable. A really fine sapphire should appear blue by artificial light as well as by day. This stone is found in crystals generally of much larger size than the ruby. The name "sapphire" is perhaps the only one which runs through all languages with very slight alteration—the Hebrew name sapphir, the Chalda sapirinon, the Greek zaffiros, the Latin sapphirus, etc.

A Puzzled Youngster.

Harry is the youngest of the family, the only boy among several girls, and sometimes the superior advantages of girls seem to weigh heavily on his youthful mind. The other day we heard him say thoughtfully to himself: "Women always first. I wonder why God didn't make 'em first, but he didn't. He made Adam first."

Life and Death.

Life, after all, is a masquerade, says a writer in the Pittsburg Press. We fear to show our tenderness and our love. We habitually hide our best feelings lest we be judged weak and emotional. Sometimes it needs death to show us ourselves and to teach our friends our deep and unsuspected kindness.

LOVER SHOOTS RIVAL

Then Kills Himself With a Bullet Thru the Head.

JEALOUSY CAUSES MURDER.

Homer Garthwaite of Belvidere Shoots Frank Utter of Same Place, Because of a Love Affair.

Two young men paying attention to the same girl resulted in a terrible shooting affray at Belvidere Monday morning and one of the victims is not expected to live. Homer Garthwaite, a young man thirty years of age and a son of John Garthwaite, a farmer living about half a mile from Belvidere, is one of the principals in the affair and is dead from the result of his rash act. He has been paying attention to a young lady at that place and his rival was Frank Utter. Jealousy got the better of Garthwaite and he armed himself with a 32-caliber revolver and meeting his rival, also a resident of Belvidere, drew the gun on him. Garthwaite then turned the revolver on himself and sent a bullet crashing thru his brains, falling unconscious on the street. He was removed to his home and Dr. Howard summoned from Friendship, but it is doubtful if he was alive when the doctor arrived. All sorts of rumors are afloat as to the cause of the unfortunate affair. He died at 6 o'clock. He had made two former attempts at suicide. When shot at, the men were only six feet apart, but Garthwaite's revolver would not fire. He had to stop and put in a new cartridge in his gun in order to shoot himself. The tragedy was witnessed by Postmaster Scott of Belvidere. Funeral services were held at Belvidere Wednesday.

A Great Success.

On Friday evening, June 26th, 1903, there were 17 young men and women, graduated from the Hornellsville Business School; in less than two weeks from that time 13 out of the 17 had secured positions as book-keepers or stenographers, paying from $45.00 to $50.00 per month. Do you want one of these positions? You can have one if you will graduate at this school. Fall term will open Sept. 1, 1903.

COUNTY CONVENTION.

Twenty-fourth Annual Meeting at Nile.

VERY LARGE REPRESENTATION.

The County Women's Christian Temperance Union in Council Last Week.

The 24th Annual Convention of the Woman's Christian Temperance Union of Allegany County was held at Nile, Wednesday and Thursday, July 8 and 9.

A large representation of the unions from all parts of the county were in attendance and reports showed an increasing interest and enthusiasm in the work.

The President's annual address, while recognizing the difficulties of the work suggested no lessening of determination to continue the battle for "God and Home and every Land" and was heartily endorsed by the convention.

The report of the Corresponding Secretary showed that we now have a membership of 578 and 64 honoraries.

Death has entered the ranks and taken loved members from nine of our unions. They have "stepped out of sight into larger life."

A memorial service for these "promoted sisters" was conducted by Mrs. A. M. Taylor.

The boys and girls of the Loyal Temperance Legion of Nile, under the leadership of Mrs. Alice McGibeny, gave us temperance recitations and songs with much spirit, which suggested large hopes for the future.

Mrs. Frances Graham of Lockport, State Corresponding Secretary, gave one of her "song lectures" Wednesday evening to a large audience.

She told many plain truths concerning the liquor traffic and our duty, rendering them even more pointedly effective to the power of song.

Much of the second day was given to the Superintendents of Departments of Work, each superintendent telling what had been accomplished during the last year in her special line and suggesting plans for future work. Every report was of interest and showed earnestness of purpose.

The following resolutions were adopted:

Recognizing the lawlessness of the liquor traffic and all connected with it,

Resolved, That we plead with the Christian voters of this county to unite their forces, to stand up and be counted for the right, to elect men to office that shall enforce law rather than evade it.

Whereas, there are over sixty places in this county where, under the sanction of the law, liquor is sold, and various others where the law is violated; therefore,

Resolved, That we stand firmly by that political party which stands for the prohibition of the liquor traffic.

Because we realize that Mormonism is rapidly spreading and is a menacing evil to American institutions,

Resolved, That we, the W. C. T. U. of Allegany Co., will use every means to arouse the people to the danger threatening home and country by plural marriages, and to secure an overwhelming pressure upon Congress at its next session for extinction by law of this Mormon practice.

Whereas, less than two per cent. of the women avail themselves of the school suffrage,

Resolved, That we make a special effort to arouse the women to a sense of their duty at the coming annual school meeting, Tuesday evening, Aug. 4.

Resolved, That we extend our most grateful thanks to the pastor and trustees for the use of their beautiful church; to the director and choir for their music; to the gentlemen who had the care of the teams, for a merciful man is merciful to his beast; to the W. C. T. U. in general for their interest in the success of this convention and to all the good people of Nile for their thoughtfulness for our comfort.

The following officers were elected for the coming year:

President—Mrs. Mary L. Willard, Belmont.

Vice President—Mrs. A. M. Taylor, Rushford.

Corresponding Sec'y—Miss Emma A. Ross, Wellsville.

Recording Secretary—Mrs. Eliza B. Fries, Friendship.

Treasurer—Mrs. Helen A. Richardson, Wellsville.

Emma A. Ross, Rec. Sec.

HANNA IN HARVESTER FIGHT

His Money Backs the New Rival of the Farm Implement Trust.

Senator Hanna has entered the field as an active competitor of the International Harvester Company. He is the moneyed man in the Aultman-Miller Buckeye Company of Akron, Ohio, and information was received in Chicago that he purposes making a fight for harvester business thruout the world, in competition with the big "combine," which includes the McCormicks, Deerings and all of the companies which have made American farming machinery world famous.

The Hanna concern is reaching out for sales agents and other employees who have lost their positions as a result of the merger. Judge W. A. Vincent, President of the Ohio concern, said no secret was being made of the fact that three of Senator Hanna's partners are directors in the reorganized company and that Senator Hanna has a big interest in it.

AN OMISSION.

The Trout Season Closes July 15th—No No More Speckled Beauties This Year.

Thru an omission in the Game Laws that have been distributed by our Member of Assembly the impression has been made that the trout closing season is Sept. 1st instead of July 15th as last year.

The trout season for Allegany county closes July 15th.

ANOTHER INDUSTRY.

Large Enameling and Manufacturing Plant Locates in Andover.

PAPERS SIGNED LAST NIGHT.

F. E. Doolittle of Elmira and F. H. Rundell of Johnstown, Pa., After Thoro Investigations of Other Localities, Finally Locate Here.

The Enameling Works, which has been seeking a location, have decided to place their plant in Andover. F. H. Rundell, General Manager, has spent some time in looking over various places offered for the industry, was much pleased with the prospect of doing business with Andover people, has been thoroly satisfied, and the Business Men's Association have made secure their end of the bargain, and thus another industry is assured to our already rapidly growing center.

That this acquisition means much to our village will be readily seen, for immediately on the organization and incorporating of the company, a building 70x160, with a 30 foot two-story elevation, besides other buildings, will be erected on the site chosen opposite the depot.

The Watkins plant, which has been run successfully a number of years, will be removed to Andover, bringing with it the machinery and skilled labor there employed. The Novelty business in operation there will also be run in connection with the stamped enameled ware business, which is to be carried on on a large scale. It means the employment of at least 25 men in the immediate future, and an increase of help to 50 or 75 within a short time. $50,000 will be the capital stock, none of which is taken at less than par value.

Too much credit cannot be given to the officers and directors of the Business Men's Association, who, for nearly a whole year have been working their end of the business. Mr. Rundell, as well as his co-partners, have impressed all with their integrity and busines fairness, and there is no doubt that such men will be valuable citizens and a financial benefit to the whole community. Thus to the progressive and yet careful men who are piloting Andover's interest much praise may be given, for the plant was secured in the face of the strong competition of Shingle House and Port Allegany, Pa., who had already made overtures to locate the business, and Andover once more comes to the front, which, with the characteristic earnestness and zeal displayed, this village is destined to take her place among the thriving busy villages of the Empire State, and our business men will have an opportunity to do business on a larger scale.

A few more children's gloves for 10c. at Mrs. Mourhess'.

"Moving Picture"—Excursion to Eldridge Park and Elmira.

The general demand for another excursion to above points has induced the Erie Railroad to comply and they have fixed on Sunday, July 19th. Let every one enjoy the charming landscape pictures as seen from the moving excursion train and a social visit with friends. Train will leave Andover at 8:46 a. m. Fare round trip only $1.00.

A wheelman's tool bag isn't complete without a bottle of Dr. Thomas' Electric Oil. Heals cuts, bruises, stings sprains. Monarch over pain.

CAYUGA LAND PLASTER

The best way ever devised for applying PARIS GREEN is with LAND PLASTER. We lately unloaded a car. This is the best made. We sell it right.

BUY Bread, Crackers and Cakes OF US and they will always be found FRESH.
