Now, therefore, notice is hereby given that, in pursuance of the powers vested in me by law, I shall on the 11th day of February, 1935, at 10 o'clock A. M., at the Court House in the Town of Amity, commence selling at public auction, so much of each of the several and respective lots, tracts, pieces or parcels of land, as shall be sufficient to pay all State, County, Highway, School or other taxes assessed thereon in the year 1933, that may then remain due on each thereof, respectively, together with the interest, cost and charges which have arisen or accrued or that may arise or accrue thereon, and shall sell, and continue from day to day to sell, until the said sale shall be completed. The purchasers at such sale shall pay the amount of their respective bids to the County Treasurer within forty-eight hours after the last day of the sale and receive certificates describing the lands purchased, the sums paid, and the time when the purchasers will be entitled to deeds; and after expiration of one year from the last day of each sale, they shall be entitled to receive conveyance of the lands so purchased by them respectively, (or at their option may foreclose the lien as provided by law) unless said lands shall have been previously redeemed, pursuant to law, by payment to the County Treasurer for the use of the purchaser, his heirs or assigns, the sum mentioned in the certificate, with interest at the rate of ten per cent per annum from the date of such certificate, and any tax which shall be the subject of certificate shall have paid between the days of sale and redemption, together with the share of the expense of the publication of notices to redeem the real estate sold for unpaid taxes, as apportioned by the County Treasurer to the real estate so redeemed.

CLAUDE L. CUMMINGS,
County Treasurer.

England Had Queen Who Never Visited Country

One queen of England who was never in England was Queen Berengaria, wife of Richard the Lion-Hearted. In the year 1190 Richard left England to take part in the third crusade. Berengaria, the daughter of Sancho VI of Navarre, was brought to him by his mother Eleanor while he and his troops were wintering in southern Italy, and the marriage took place in Cyprus on May 12, 1191. Later during the same year the queen joined the king at Acre on the coast of Palestine.

During Richard's imprisonment on the continent, Berengaria lived in Italy and France. Upon his release early in 1194 he proceeded to England, but remained there less than two months, after which he left for his foreign dominions and never returned. It is said he met his wife only once again, some time in 1195. They became estranged, and the queen's later years were spent chiefly at LeMans in France, where she died about 1230, without ever having set foot on English soil.

Richard's death occurred in 1199 as a result of a wound received while besieging the castle of Chalus.

Guinea Pigs as Food

Guinea pigs are fit to eat, according to an authority. It is difficult to account for the somewhat prevalent notion that no rodents are fit for human food. Because of much prejudices, some people will not eat rabbits or squirrels, and probably many others are kept from eating such excellent game as muskrats and prairie dogs. While guinea pigs are seldom eaten in the United States, their near relationship to rabbits and the fact that they are wholly vegetarian in habit should reassure any one who may entertain doubts about their fitness for the table. All the species of wild cavies are accounted good game in South America. Rock cavies, especially, are much hunted in parts of Brazil. Probably the small size of the domestic species is the chief cause for its neglect as a food animal, yet there are other highly esteemed game animals that furnish less meat than a guinea pig.

Idols on Top of Mountain

On the top of a mountain in Mexico, 14,000 feet above sea level, explorers found several idols, bits of pottery and other clay pieces, lending credence to the legend that this lofty eminence was once the site of an ancient Indian temple. This is believed to be the highest point in North America, where Indians once worshiped, says Popular Mechanics Magazine. At one time, it is believed, there was a shrine on top of the mountain to which Indians came to offer gifts to the "God of the Mountain" when desiring rain and good crops. The Indians today, however, believe the top of this mountain is inhabited by an evil spirit which drops rocks on daring climbers.
