Cloaks and Suits.

There is an individuality in the style and finish of our garments—there is a certain "something" about them that strongly appeals to every woman who delights in a well made, perfect fitting suit, coat or waist. You may account for it as you please, but that "something" which is found here, is lacking in garments elsewhere. The sleeve, the neck, the method of fastening are but little things in themselves, but each is a potent factor in the style character of a garment.

NOTICE TO SUBSCRIBERS.

NO PAY, NO PAPER AFTER JANUARY 1, 1904.

The "News" Adopts the Cash in Advance System, Believing it Better for both Publishers and Readers.

The ANDOVER NEWS is to-day the only paper in Allegany county printing eight six-column pages all at home, that does not charge more than $1.00 per year subscription. It is a close thing to issue such a sheet at that price and make both ends meet. The price of print paper has doubled within the past four years. The only way the NEWS can possibly maintain the present $1.00 rate is to carry no deadheads. Believing it unjust that a good subscriber be taxed to help pay for his deadbeat neighbor's paper, we have determined to adopt the "No pay, no paper" policy January 1st, 1904, and live rigidly up to it after that date. Kindly read the label on your paper and if you are not credited beyond Jan. 1st, 1904, you are hereby notified that your paper will then be discontinued unless you walk up to the Captain's office and settle before that date. After Jan. 1st, 1904, all subscription accounts then due us will be placed in an attorney's hands for collection.

He Learned a Great Truth.

It is said of John Wesley that he once said to Mistress Wesley: "Why do you tell that child the same thing over and over again?" John Wesley: "Because once telling is not enough." It is for this same reason that you are told again and again that Chamberlain's Cough Remedy cures colds and grip; that it counteracts any tendency of these diseases to result in pneumonia, and that it is pleasant and safe to take. For sale by O. E. Vars, & Son, Andover; and N. E. Coston, Greenwood.

As to the Price of Dukes.

The report that Miss Goelet paid $2,000,000 for her duke naturally raises the question of the value of titled husbands under the law of supply and demand. That values are as variable in the market for titles as in the auction room is demonstrated by the fact that while Miss Goelet was reputed to be paying $2,000,000 for an English duke Miss Moschel, a Brooklyn department store girl, got an Italian count for nothing beyond a dowry of personal charms. But, then, perhaps the rating is lower on Italian counts than on English dukes.

Anyway the question is pertinent. Is the price of $2,000,000 too much for a duke? It is said to be by Newport authorities who can appraise titles as a jeweler can set the value on diamonds and who admit his grace of Roxburghe is a good fellow as dukes go. Under the law of supply and demand, however, it would seem not too high. The number of dukes is limited, while the supply of eligible American millionaire girls is apparently inexhaustible. The crop grows annually larger, and if the present demand for titled husbands continues the price of dukes is likely to go to a still higher figure. On the whole Miss Goelet has made a reasonably good bargain, and if she is satisfied we nobody else's business.

Restricting Output of Iron.

Pittsburg, Oct. 7.—At a meeting of the committee appointed by the blast furnace operators of the Central West a week ago to consider the question of restricting the output of iron to the market requirements, it was decided to order a suspension of 25 per cent of the capacity for the last quarter of the year. Southern operators will cooperate in the move.

Dieting Invites Disease.

To cure dyspepsia or indigestion it is no longer necessary to live on milk and toast. Starvation produces such weakness that the whole system becomes an easy prey to disease. Kodol Dyspepsia Cure enables the stomach and digestive organs to digest and assimilate all of the wholesome food that one cares to eat, and is a never failing cure for indigestion, dyspepsia and all stomach troubles. Kodol digests what you eat—makes the stomach sweet. Sold by O. E. Vars & Son, Andover.

Special Opinions on Questions Two and Five.

WHICH IS PORTLAND CHANNEL?

Lord Alverstone Could Give no Meaning to the Word "Coast" as Applied to Sinuosities Different from the Coast Itself—Root, Lodge and Turner Submit Joint Opinions.

London, Oct. 21.—Special opinions were submitted on the second and fifth questions by Lord Alverstone, Secretary Root and Senators Turner and Lodge, which will form part of the record, and in which the reasons for their conclusions are explained. As Lord Alverstone and the American commissioners rely upon these opinions to answer the criticisms of the Canadian members of the tribunal these opinions assume more than a legal and technical interest.

Lord Alverstone, in dealing with the second question recites his reasons for believing that the entrance of the Portland channel was at 54.46 north latitude.
