CLEAN-UP SALE OF Boys' Suits & Overcoats

If you have any thought of buying boys' clothes, prepare to buy now. It is without exception a value-giving sale which will put many dollars in your pockets. Our one object in view now is to reduce to the minimum our stock of Boys' Clothes before our manufacturers begin shipping our early Spring stock, hence the deep cut of the heretofore moderately priced Boys' Suits and Overcoats.

At $4.25 Your choice of any Suit or Overcoat formerly sold at $5 and $6.

At $5.50 Any $7.or $8. Suit or Overcoat in stock.

Fabrics are of the sort suited for the boys and are absolutely guaranteed regarding wearing qualities. Every size from 8 to 17 years is represented.

CUR MANHATTAN SHIRT SALE Has proven as usual a success. The demand for them has been far greater than ever. Remark made the other day by one of our customers was, "Might just as well buy enough Shirts to last me for a year as the Manhattan Shirt is the only Shirt fit to wear." We hardly go as far as that but we really believe that it is the best Shirt made.

At $1.15. All that were formerly $1.50 and $1.65.

At $1.38. All that were formerly priced $2.00.

At $1.88. All that were $2.50 and $3.00.

GREENWOOD LOCAL BRIEFS

About an inch of snow.
And fair sleighing at that.
A rain storm Monday night.

The State Road engineers have gone to Avoca. They go from there to Horseheads.

John Stephens, of Bird Island, Minnesota, formerly of Greenwood, is visiting friends in town. He has been at Bird Island about two years and speaks highly of the country. He reports crops there as very good and prices of products high.

Walter Updyke, aged about seven years, while playing with some other boys near the school house, had the misfortune to have his leg broken near the hip joint. It seems he was sitting at the time on the bank of the creek when the other boys jumped on him with the above result. He is likely to be laid up a long time with the injury.

Mrs. George Stephens is on the sick list suffering from chronic stomach trouble. She had two bad spells Monday.

Mr. and Mrs. Byron Austin, and son, Dwight, of Springville, were called here Monday by the death of Glenn Coston.

Charles Fuller, of Wayland, was killed at that place in a peculiar manner last week. He was keeping fire in a car of potatoes, when in violently switching the car, the potatoes were thrown over him causing his death. He was not only bruised but also horribly burned. He was dead when found.

The milk wagon went on sleighs this morning to Canisteo.

The record of murder trials furnishes one of the best arguments for the abolition of the death penalty in cases of murder. In New York, out of 145 murders there were only 12 convictions and the death penalty has not been carried out in either of those cases yet. That is, a man committing murder stands more than an even chance of going free. Juries that would convict on less evidence on other charges will refuse to convict where the punishment is death fearing that they possibly might cause an innocent person death and as a result, the guilty go free as in no other class of crimes. It seems that as a preventive of the crime of murder that the penalty of life imprisonment would have a far greater effect as there would be more convictions for capital punishment as the penalty only operates as a shield and protection to the murderer. As it is a hungry man stealing a loaf goes to jail, a murderer goes free.

Harry Stephens, son of George Stephens stumbled and fell over a whiffletree while cleaning his stable Friday and broke his arm below his elbow. Dr. Bennett of this place, reduced the fracture and the injured is doing well.

Peter G. Fox, the Buffalo shoe man was in town Tuesday.

Leo Chase, of Whitesville, was in Greenwood Wednesday.

Mrs. Maude Roberts and Mrs. Carl Flohr, of Canisteo, were in Greenwood Wednesday.

Ross Dennis, of Jasper, was in town Wednesday.

Mr. and Mrs. Andrew Swan, of Jasper were in Greenwood Wednesday, to attend the funeral of Glenn Coston.

Hon. M. F. Smith and Mr. and Mrs Harmon Hoyt, of Hornell, were in Greenwood at the funeral of Glenn Coston.

Mr. and Mrs. David Travis, Mr. and Mrs. Bert Whiteman, Walter Brasted and wife, Walter Lane, Mrs. Childs and Miss Mabel Smith, of Canisteo were in Greenwood Wednesday.

Davis Webster, of Elmira, was in town to-day.

Mr. and Mrs. Randall Pease, of Andover, were in Greenwood Wednesday.

James and Phillip Conway, of West Union, were in Greenwood Wednesday.

George McKinley, of West Union was a Greenwood visitor Tuesday.

John Licastro, 16 years old and Toney Italy were found guilty of murder in the 2nd degree for killing a comrade, Jas. Cariota, at Knoxville last month. The trial was at Wellsboro last week.

David Hauber, of North Bingham was in Greenwood Wednesday.

The strikers at Lawrence, Mass., are loosing the sympathy of the public by their acts of lawlessness. One woman has been killed and many injured.

A large congregation attended the funeral services of Glenn Coston, many being present from other towns, and this with the profusion of flowers attested the love and esteem in which he was held by all.

Mr. and Mrs. Huron Updyke, of Andover, were in town Wednesday.

Mrs. Miner Shaw and niece, Ruth Potter, were in Hornell Saturday.

Miss Bertha Shafer, was in Hornell last week.

The lodge of Rebeckas held a public meeting Friday. Mrs. Brown, of Hornell, was the guest of the evening.

Miss Ellen Young, Miss Maude Bloss and Mrs. V. Bliss, of Hornell were in Greenwood Wednesday.

Mr. and Mrs. Giles Chapin and son, Alvin, were called to Greenwood by the death of Glenn Coston.

Eggs are high—get a hen dairy.

Ireland is feeding Uncle Sam on potatoes.

Dorance Austin, of Whitesville, was in town Monday. Although 80 years of age, Mr. Austin is hale and hearty as many at 50 years of age.

Several new cases of small pox at Olean.

Fay Stephens, of Hornell was in town Wednesday.

Leon Beagle, of Genesee, Pa., was in town Monday.

Byron Ruger, of Hornell, was greeting his many friends in town Wednesday.

Asa Allison, of Canada, was in our city Saturday.

A. F. Baxter, of Canisteo, was in town Friday.

L. Hilborn, of Jasper, was in Greenwood Thursday.

C. Howe and wife, of Howard, were in Greenwood, Thursday.

H. Hilborn, of Jasper, was a Greenwood caller Friday.

J. McNiel, was in town Tuesday.

A. R. Snyder, of Jasper, was in Greenwood Thursday.

G. N. Jackson, of Ulysses, Pa., called in town Thursday.

D. Putman, of Hornell, was in our city Tuesday.

Mr. and Mrs. Thos. FitzPatrick, of Troupsburg, were business visitors in town Wednesday.

—The unadvertised store is merely a little more pathetic sight than the inadequately advertised one. For the first has little to hope for nowadays—while the other impresses one as an example of possibilities gone wrong.

DEATH OF GLENN COSTON.

Loss of One of Greenwood's Most Prominent Citizen's.

Death entered our quiet village on Monday morning and removed from our midst Glenn M. Coston, one of the best known and most highly respected citizens after a brief illness of about two weeks. Reports of his condition from day to day had been encouraging, but during the night before his death a change occurred which showed that the end was near, and at 5 o'clock he passed away, casting a gloom over the entire community.

Mr. Coston was in his thirtieth year and was the eldest of four children, of Mr. and Mrs. N. E. Coston. He was born and had always lived in Greenwood and was familiarly known to all as a kind husband, son and brother, an upright and capable business man, a genial friend and neighbor and a model citizen. He was educated in the Greenwood Union School and the College of Pharmacy, of the Buffalo University. He was a member of the Coston Co., who have a store in Hornell and a large department store here, of which he had been some time in charge. His uniform kindness won for him a host of friends wherever his acquaintance extended, each of whom feel a personal loss in his death.

A little over a year ago he was united in marriage with Miss Bessie Chapin, of Whitesville which proved a happy union only to be severed by death. He left him surviving, his wife, his father and mother, Mr. and Mrs. N. E. Coston, his brother, Pitt Coston, of Hornell, his sisters, Mary and Sabra, of Greenwood and many other relatives and friends.

Seldom has a death in any community spread such heartfelt sorrow as this. The funeral was held at the house Wednesday at 11 o'clock. The widow, father, mother, brother and sisters have the heartiest sympathy of all in this their hour of bereavement.

Horse-Loving Xenophon.

We may breed different types of horses, and we may harness and use them differently; but the points of excellence that combine to form the most perfect horse are no different in one age than another. Xenophon, it is true, attached some importance to points that we care much less about now—as, for instance, a smooth, round back that is 'easy to sit upon,' which was owing to the fact that the Greeks did not use saddles, but only a cloth, fastened to the horse's body by a surcingle; but these are minor matters. He knew the points of a good horse, and he knew horse nature. And he had, too, that delight in horses that is found only in the true horseman, the man who loves as well as knows them. "It is upon horses," says he, "that gods and heroes are painted riding; and men who are able to manage them skillfully are regarded as deserving of admiration. So extremely beautiful and admirable and noble a sight is a horse that beasts himself superbly that he fills the gaze of all who see him, both young and old; no one, indeed, leaves him or is tired of contemplating him as long as he continues to display his magnificent attitudes."—From the Atlantic.

It Would Cost Less to Keep Your Store Open 3 Days a Week, But Would it Pay?

A merchant who thinks only of "the cost" of advertising often persuades himself that, by advertising only half as much as usual, he is saving one half of the expense of advertising.

The same logic would lead him to keep his store open but half the time—thus cutting running expenses in half, and "saving" all of that money!

The plan of ADEQUATE ADVERTISING SERVICE (for your ads do render most valuable service to your patrons) is as essential to store success as the plan of keeping the store open every shopping day!

Shipbuilding in China.

According to a Shanghai telegram, the Chinese government accepted the bid of the Kiangnan arsenal for the construction of four warships at about 1,500,000 taels. The arsenal, under control of Liang-Kiang, viceroy, engages principally in the manufacture of arms. Although it has not turned out any warships in the history of its existence for the last twenty-odd years, its experience so far having only consisted in putting together gunboats that wer built in foreign countries.

Again, at the Mamel dockyard at Fukien one gunboat was constructed in 1899 and another in the following year, which were completed in 1902. But they were small ships, each having the displacement of 861 tons. The present order consists of two gunboats with the displacement of 1,000 tons each and two smaller river gunboats. Inasmuch as the Mamel dockyard is under the management of French people, this is the first time that China has ever attempted to build her own warships at her own dockyard.

HELPFUL HINTS ON HAIR HEALTH

Scalp and Hair Troubles Generally Caused by Carelessness.

Dandruff is a contagious disease caused by a microbe which also produces baldness. Never use a comb or brush belonging to some one else. No matter how cleanly the owner may be, these articles may be infected with microbes, which will infect your scalp. It is far easier to catch hair microbes than to get rid of them, and a single stroke of an infected comb or brush may well lead to baldness. Never try on anybody else's hat. Many a hat-band is a resting place for microbes.

If you happen to be troubled with dandruff, itching scalp, falling hair or baldness, we have a remedy which we believe will completely relieve these troubles. We are so sure of this that we offer it to you with the understanding that it will cost you nothing for the trial if it does not produce the results we claim. This remedy is called Rexall "93" Hair Tonic. We honestly believe it to be the most scientific remedy for scalp and hair troubles, and we know of nothing else that equals it for effectiveness, because of the results it has produced in thousands of cases.

Rexall "93" Hair Tonic is devised to banish dandruff, restore natural color when its loss has been brought about by disease, and make the hair naturally silky, soft and glossy. It does this because it stimulates the hair follicles, destroys the germ matter, and brings about a free, healthy circulation of blood, which nourishes the hair roots, causing them to tighten and grow new hair. We want everybody who has any trouble with hair or scalp to know that we think that Rexall "93" Hair Tonic is the best hair tonic and restorative in existence, and no one should scoff at or doubt this statement until they have put our claims to a fair test, with the understanding that they put us nothing for the remedy if it does not give full and complete satisfaction in every particular. Two sizes, 50 cents and $1.00. Remember, you can obtain Rexall Remedies in Andover only at our store—The Rexall Store. J. D. Cheesman.

MAGNIFICENT SWEET PEAS

The Loviest Varieties in Cultivation Can be Found in Higgins' Best Ever Collection—Read Details Below.

Whatever other flowers it may boast, unfortunate indeed is the garden or home which has not in the one or more of the other 4 trellis gorgeous Sweet Peas. Their exquisite colors, grace of form, delicious fragrance, ease of culture and long period of bloom render them the most valued and satisfactory of all the garden annuals. But seed of the choicest named varities is absolutely essential for the best results: it is folly to waste money and time on homely and worthless kind. The best, such as are here offered, are vastly more satisfactory in every respect. To those desiring the most beautiful varieties in cultivation, I will send, post paid for 25 cents eight half-ounce packets, including three of the most popular of the orchid flowered, or Spencer Sweet Peas, a white, a pink, and a lavender, together with a packet of double poppies and of the early aster, "Queen of the Market." Ten generous packets of the orchid-flowered Sweet Peas will be sent for 50 cents. And remember, "I always do better than I advertise." Coin remittance preferred.

Special offer: To all who order at once, or before March 1st, I will send as a special premium a packet of the magnificent new orchid-flowered Sweet Pea, "Apple-blossom Spencer," an enormous white, daintily suffused with pink. Address—Edgar A. Higgins, Sweet Pea Specialist, Avoca, N. Y.

Women's Secrets

There is not one man in the United States who has perhaps heard more women's secrets than any other man or woman in the country. These secrets are not secrets of guilt or shame, but the secrets of suffering, and they have been confided to Dr. R. V. Pierce in the hope and expectation of advice and help. That few of these women have been disappointed in their expectations is proved by the fact that sixty-eight per cent. of all women treated by Dr. Pierce have been absolutely and altogether cured. Such a record would be remarkable if the cases treated were numbered by hundreds only. But when that record applies to the treatment of more than half a million women, in a practice of over 40 years, it is phenomenal, and entitles Dr. Pierce to the gratitude accorded him by women, as the first of specialists in the treatment of women's diseases.

Every sick woman may consult Dr. Pierce by letter, absolutely without charge. All replies are mailed, sealed in perfectly plain envelopes, without any printing or advertising whatever, upon them. Write without fear as with out fee, to World's Dispensary Medical Association, Dr. R. V. Pierce, President, Buffalo, N. Y.

MANY a farmer will tell you he never knew how much bigger crops he could raise until FARM JOURNAL put it into his head to work more with his BRAINS.

This great little paper is always nudging farmers up to make more money. Pleasant but persistent, it works at you year after year to raise larger crops, finer horses and cows, heavier hogs, bigger apples and potatoes, and shows you just HOW to do it.

FARM JOURNAL ("cream, not skim-milk") is 34 years old, and has over 750,000 subscribers, more than any other farm paper published. Its four million readers (known as "Our Folks") are the most intelligent and prosperous country people in the world, and are always saying FARM JOURNAL helped to make them so. It is clean, brief, "boiled down," full of practical wisdom, gumption, fun and sunshine. It believes in order, thrift, kindness, comfort, and happiness, and it has old Peter Tumbledown always ready to show how NOT to run a farm.

"Our Folks" have comfortable homes, modern buildings and machinery, tight roofs and fences, gates that swing free, sound horses, well-dressed and happy wives and children, and money in bank. Their potatoes are the largest, their milk tests the highest, their hogs weigh most, their fruit brings the best prices. Live farmers everywhere find this out, and they want the FARM JOURNAL.

Subscribe NOW, and get with the paper any of these famous

Money-making Secrets.

These great illustrated booklets are all stories of success in farming, and they tell you the METHODS that won it.

Poultry Secrets is a unique collection of the secret methods and discoveries of successful poultrymen. It gives Felch's famous mating chart, suppressed for years, the Curtiss method of securing 50 per cent. more pullets than eggs, Boyer's method of insuring fertile, with priceless secrets of mating, breeding, feed and feeding; how to produce winter eggs, and many others of great value long jealously guarded, now first published.

Horse Secrets exposes the secret methods of "bishoping," horse doping, "plugging," cocaine and gasoline doping, and other tricks of "gypsy" and swindlers. It enables any one to tell an unsound horse. It also gives many valuable feeding, training, breeding and veterinary secrets.

Corn Secrets is the great NEW hand-book of Prof. Holden, the "Corn King." It tells how to get ten to twenty bushels more per acre of corn that is rich in protein and other valuable stock-feeding elements. Wonderful photographic pictures make every process plain.

The **MILLION EGG-FARM** tells how J. M. Foster, in the New Jersey pine-belt, makes over $18,000 a year, mainly from eggs. If you keep chickens, read about the "Rancocas Unit" and learn how Foster FEEDS his hens.

THE "BUTTER BOOK" tells of seven cows that produced half a ton of butter each per year (140 pounds is the average). An eye-opener for dairymen. Get it, weed out your poor cows, and turn your good ones into record-breakers.

GARDEN GOLD shows how to make your back-yard supply you with fresh vegetables and fruit, how to cut down your grocery bills, and get cash for your surplus produce. It tells when and how to plant, cultivate, harvest and market every kind.

DUCK DOLLARS tells of the great Weber duck-farm near Boston. Every year they sell over 40,000 ducklings at a net profit of 50 cents each. Tells why ducks pay them better than chickens, and just HOW they do everything.

Any one of these splendid booklets, with Farm Journal FOUR full years, both for $1.00

WHAT HAVE YOU TO SAY ADOUT THIS?

To the Residents of Allegany County

"THIS TELEPOST MUST BE CRUSHED OUT, REGARDLESS OF THE COST." In these words a prominent Wall Street financier announced that the "Interests" had declared war on us and on you.

Why he wished to crush it,—the many attempts to ruin it,—why they failed,—the great benefits of the Telepost to you and to the entire country,—and how, with your co-operation, it can never be crushed—prompt me to address you. It concerns you. It is your fight as well as ours.

The Telepost is an independent telegraph company owning a system of automatic machine telegraphy recognized as the highest development to date in its field. It is in active commercial operation between Chicago, St. Louis, Indianapolis, Louisville and other cities of the Middle West, with the lowest rates and best service ever given in the United States. Its purpose is to extend these advantages to all parts of the country. It gives a flat rate, regardless of distance, of one-quarter cent to one cent a word, according to service furnished. It sends 1,000 words a minute on one wire and allows telephone conversations over it at the same time. By all other methods it requires from seventeen to sixty wires to do what the Telepost does on one.

For over thirty-five years there has been no real competition in telegraphy. The Interests behind this utility control it more completely than the Steel, Beef, Tobacco and Oil Trusts control their respective lines and products. By means of "Gentlemen's Agreements," advised under oath to the
