Increase Your Credit

It is a well established fact that the man who deposits his income in a home bank and pays all bills by check increases his credit with the business men of the town.

There is a very good reason for this. The merchant knows that the man who pays bills by check is handling his financial affairs in a systematic and business like way, that he is going to get ahead in the world.

Why not open an account at this bank, give your money bank protection and get the benefit of this increased credit?

BANK BANQUET.

Stockholders of Burrows National Bank Pass Pleasant Evening.

The annual stockholders banquet of the Burrows National Bank was held on Washington's Birthday at Masonic Hall. The room was fitted up in keeping with flags and bunting, and a picture of our First President being conspicuously hung over the rostrum in keeping with the occasion.

Owing to the very tedious weather conditions a number of the stockholders were unable to be present, but those who were people, weathered the storm and were well repaid.

The banquet was served by the ladies of the local Eastern Star Chapter, in a very pleasing and efficient manner. The table decorations of flowers and candelabra, together with the beautiful Odd Fellow silver gold china, with which the tables were laid, making a most attractive sight. The favors were all red carnations.

The menu cards were very appropriate, having a lithographic reproduction of George Washington in the upper left hand corner, surrounded with a small American flag above, and a hand painted gold border with a small American flag above.

H. T. S. Phillips, president of the bank acted as toastmaster and succeeded in keeping a merry smile circulated on the banquetters the whole evening through. He called on Cashier F. W. Burrows, who in a very clever manner told the stockholders of the fine condition and assets of their bank and of the service they were rendering their patrons. Mr. Burrows remarks were received with right to the point.

Rev. F. A. Robbins, of Hornell was present as speaker of the evening and pleased his speakers immensely in his clever and timely remarks. Mr. Robbins made a typical afterdinner speech, maintaining the humorous character of his entire talk, yet not failing to sandwich in some good and very heavy weight thoughts.

Mr. Frank Bloss had arranged an orchestra for the occasion which added not a little to the pleasure of the evening.

Even though the weather man failed to just the square things by the stockholders in ringing in such a storm on the night of their banquet, the affair was a splendid success as all will attest who were present.

PLEASED WITH RETURNS

Will Undoubtedly Send More Potatoes Through Exchange.

The farmers who sent a car load of potatoes to Philadelphia through the Growers' and Shippers' Exchange of Rochester have received their checks and, considering the severe weather at the time they were shipped, they cope a them selves as well pleased with the returns. The potatoes were badly frozen selling for only 96 cents per bushel, netting them 88c. Unfrozen stock sold at the same time for $1.15. If this car load had not frozen the farmers believe they would have received at least $1.00 per bushel.

DOKTELLY-THOMAS.

Edward Doktelly and Isabell Thomas, were united in marriage Monday morning, Feb. 19, at St. Patrick's church, Bird Hill, N. Y., by the Rev. F. J. Kandler. The bride was attended by Ellen Leahy, of Roxville, sister of the groom and Edward Dixon, of Andover, acted as best man. The bride wore a blue traveling suit and hat to match and the bridesmaid wore brown and a black hat. A delicious wedding breakfast was served at the home of John Dixon previous to the young people's departure on an eastern honeymoon trip. After two weeks they will be at home to their friends at Almond. The best wishes of a large circle of friends are extended.

BARACAS ENJOY SLEIGH RIDE.

Last Friday evening a large company of the Baracas of the Baptist church, with the Philathcas as their guests enjoyed a sleigh ride to the home of Mr. and Mrs. John Straight, where they spent a most enjoyable evening. The time was occupied in various games, music and plenty of good things to eat. The host and his wife gave the visitors a warm welcome in which they were greatly assisted by their daughter, Miss Hope.

SMASHED THUMB.

The breaking of a belt on the drop hammer Tuesday at the Cutlery factory, caused the machine to close prematurely and crushed Dan. Witter's thumb on his right hand, badly smashing it. Mr. Witter is a very careful workman, this accident being the first one he has had while working in the cutlery plant, nearly six years.
