FARMERS' WARNING.

Now friends, if you will listen,
I'll tell you a tale,
T'will make your dark eyes glisten,
Make you hurry, never fail.

This simple little story,
You will always find it true,—
Start early for the factory,
And it will be best for you.

Come early in the morning,
And do so every day,
It's the one who is hustling,
That's sure to get some whey.

If neighbor meets you with a story
About his big crop of hay,—
Leave him alone in his glory,
Some one will be dipping your whey.

Should you go home in sorrow
Your hogs squeal hungry all day,
Come earlier on the morrow,
And get a double dose of whey.

When those hogs are killed this fall,
And left hanging out to cool,
Then's the time I'll make a haul,
Or I'll take the ducking stool.

It was not long before the doctor reappeared and said;

"Congratulations again. It's another boy. How about naming him Teddy?"

Turcott took several puffs. "That goes too," he said.

The nurse had called the doctor who soon appeared with the joyful tidings:

"The third is a boy, too. Better call him Hughes."

Turcott threw his pipe away. "Well, that goes, too, but I want you to get out of here or we'll have a Bryan, a Diz, a Gaynor, and maybe a Charlie Murphy." Mother and children are doing fine.
