BUSINESS IS BASED ON CONFIDENCE

A Theory Put Into Practice by Well Known Business Man

J. C. BRADY

"A druggist has many opportunities to make lasting friends of his customers," said Mr. J. C. Brady, popular Rexall Pharmacist of Fall River, Mass. "The very nature of his business draws their confidence for little helpful suggestions on the matter of health. Many people have thanked me for recommending Rexall Orderlies as the best relief for constipation and its resultant ills. Put up in dainty candy tablet form, they are pleasant to the taste and make an ideal laxative for the home—for men, women and children alike."

THE METHODIST EPISCOPAL HOSPITAL

Denomination Doing Good Work, Maintaining Institution For Care of Sick in Several States.

An institution in which all local Methodists are deeply interested is their denominational Hospital. Although located in Brooklyn, N. Y., the Methodist Episcopal Hospital by no means confines its activities to that city. Through some 2,000 churches, it extends its healing ministry throughout a territory which includes almost all of New York and goodly portions of five contingent states.

The 28th annual report of the Hospital has just been received by the local pastors. It contains a record which cannot fail to thrill the hearts of all who feel for the sick. Breaking all previous records the institution, in all departments, has ministered to 14,607 persons. Three-fourths of the work was done free, or partially so, in accordance with the wish of its Founder, George I. Seney, son of a Methodist minister, who contributed the site, and $410,000 besides, on condition that Jew and Gentile, Protestant and Catholic, heathen or infidel, should be admitted on equal terms.

A brief summary of the year's activity follows:

Built new Home for nurses, costing $181,000. Incidentally thereto provided house staff with improved living quarters; furnished house-maids with sleeping rooms; enlarged dining halls and added new rooms for patients of moderate means. Accident-preventing device attached to elevators; extensive fire-proofing improvements made and entire plant equipped with electric fire-alarm system. New laundry, with modern machinery and appliances also installed. Reorganized surgical service, bringing it up to the most approved Hospital standards. Treated in wards and rooms, 5,832 patients; otherwise, 8,775—an amazing total of 14,607. In the dispensary 22,277 visits were made. In all, 66,609 days of treatment were given. The actual cost of maintenance was $135,243, or $[illegible] per day. Current expenses were met without deficit, added $27,000 to Investment fund and inaugurated campaign to repay $160,000 loans on Nruses' Home.

The Hospital depends upon voluntary offerings, bequests and income from private patients. By formal vote in their respective annual conferences, the Methodist churches in the territory described are expected to take an annual offering.

Abram S. Kavanagh, D. D., who has been superintendent for the past fourteen years, will retire on April 15th, to be succeeded by James E. Holmes, D. D., at present superintendent of the Brooklyn Church Society. A field secretary is also employed, the Rev. Otto Brandw ho travels consantly throughout the Hospital territory, telling congregations the story of this great work in behalf of the afflicted poor.

Wash Goods

What wonders of designing and weaving are shown in the new cotton fabrics. Indeed, today our Wash and White Goods Store is the chief rival of our wonderous Silk Shop.

At this time we are showing the most comprehensive assortment in style, character and quality of material that we have ever shown.

Two fabrics from our almost numberless lines we choose to note.

Seed Voiles though popular last year are in greater demand this year. The material, sheer and exquisite, does not furnish half the beauty however. It is the new designs and colorings: Floral plaids charmingly beautiful; Floral stripes with new color combinations; Floral bouquet designs that are distinctive.

The fabric is 40 inches wide and is priced at only 35c a yard.

One of most exquisite of 1916 creations—the embroidered stripe worked in two and three tones designed especially for this summer's styles. Four different color combinations.

A forty inch goods and a remarkable value at 47c a yard.

DANGERS OF DRAFT

Drafts feel best when we are hot and perspiring, just when they are most dangerous and the result is Neuralgia, Stiff Neck, Sore Muscles or sometimes an attack of Rheumatism. In such cases apply Sloan's Liniment. It stimulates circulation to the sore and painful part. The blood flows freely and in a short time the stiffness and pain leaves. Those suffering from neuralgia or Neuralgic Headache will find one or two applications of Sloan's Liniment will give grateful relief.
