that the Club members and all others possible gather in front of Andover Free Library at 2 o'clock, Saturday afternoon to welcome Governor Whitman.

It was also suggested that all who could should accompany the Governor from Andover to Wellsville in automobiles to hear his address before the Brotherhood Classes of Allegany County.

The committee on automobile trip reported that it had been decided by the committee to make the trip on Tuesday, May 23rd, but that there were some who preferred a later date, and suggested that the matter be decided at this meeting. After remarks by C. E. Brown, W. S. Calhoun, T. R. Bassett, F. S. Clark, E. J. Atwood, James P. Cannon, Lagouri Lynch, Lee Pomeroy, A. R. Baker, C. E. Brown, W. F. O'Connell and Robert Dean, Mr Burrows took an expression by vote of the Club and the result was a nearly unanimous decision in favor of May 23rd, as the time for the automobile trip.

The route for the trip was not yet definitely settled.

The matter of advertising to be distributed at the time of the automobile trip was referred to the executive committee for decision and action.

Rev. H. B. Williams, chairman of the permanent charities committee, reported that no calls for aid had come to the committee the past month. Mr. Williams asked at this time that a committee be appointed to solicit funds for band concerts the coming summer. The chairman appointed A. R. Brillon as a committee to make the canvass for funds.

The committee on roads, through Postmaster W. F. O'Connell, chairman, reported progress. Village Trustee C. E. Brown was asked when the street sweeper was expected. He replied that they were looking for it any day now.

The matter of sprinkling Main street this summer was brought up and Chairman Burrows appointed W. S. Calhoun, A. R. Baker and Frank Raufenbarth as a committee to visit the business men on the street and find their opinion and see how much each would contribute toward sprinkling the street.

Mr. Burrows spoke about the fine appearance of our Main street, with the green parkways on either side and deplored the fact that it was not uniform in front of every property on the street. It was suggested that Club members use their influence to get all of the parkways between sidewalks and pavements either seeded down so a fine green plot was in evidence or cemented.

The matter of the new proposition submitted to the Village Board to pave Greenwood street from a distance 400 feet from Main street to the intersection of Dyke street was brought up and remarks were made by Floyd Scott, Henry Garvin, C. E. Baker and E. J. Atwood.

F. S. Clark asked whether the appropriation for the several paving propositons included curbing or not. Village President E. J. Atwood answered his inquiry that it was proposed to curb from Main street up past the churches, and from there up, the pavement asked for would be but sixteen feet wide and an edging was to be placed instead of the curbing. Remarks were made by the following gentlemen: C. E. Baker, C. E. Brown, C. T. Rogers, W. F. O'Connell, Lee Trowbridge, James P. Cannon and Fred Franks.

The entire consensus of opinion of all who spoke was to the effect that they were in favor of building a wider road from 18 to 20 feet wide with a curbing the entire length of the pavement instead of using an edging part of the way. It was unanimous that a curbing could not be safely used on a pavement sixteen feet in width.

Vice President Burrows called for an expression of opinion by show of hands as to how many believed the pavement should be built wider and curbed the entire length. The vote was unanimous in favor of the wider street and curbing.

Mr. George Barrett complained that the speed regulation of this village for automobiles and motor cycles was being frequently violated on Chestnuf street. The matter was referred to the Village Board.

Postmaster W. F. O'Connell complained of children playing polo on Main street. This was also referred to the Village Board.

The attention of the Club was called to the fact that the Memorial Sunday evening service and Memorial Day services would be held before our next meeting. Every member of the Club was earnestly requested to pay proper respect to the soldiers, both living and dead, by attendance upon these services.

The chair appointed the following committee to assist the G. A. R. in any way that that organization might wish in making Memorial Day a success in Andover: F. S. Clark, chairman, T. R. Bassett and J. Harvey Backus.

The following were appointed a committee to arrange and secure a Community Co-Operative Club booth at the fair: Leo Reif, Cobarth Charles Foster and Harold Inskip.

In closing Mr. Burrows complimented the president of the Club, Mr. J. H. Faisant. He said "We all appreciate all that he has done for us. It is up to us all to give this Club our hearty support on his account if for no other. We are very fortunate to have such a man as Mr. Faisant as president and as a citizen of Andover. Though not raised in this community he thinks more of Andover than many who were born here and raised here. Give this Club your loyal support. It is the biggest thing that ever hit town.

Upon motion the meeting was adjourned.

J. HARVEY BACKUS
Secretary.

It's important that your "store news" should be important—and that it should be importantly told. Inadequate space — infrequent telling—do not denote important facts in advertising.

STILL USEFUL

Parker—They say he wasted his fortune on a chorus girl.

Harper—Oh! it wasn't wasted. She hasn't kept any of it out of circulation.

NOTHING BUT THE TRUTH.

Little Lemuel—Say, paw, what is the "Blarney stone?"

Paw—It's the diamond in the engagement ring, son.

THE ONE.

"I don't see a music rack about here."

"But you'll hear one when Susie starts to play."

QUITE THE REVERSE.

"Are you in a position to let me have that ten dollars you owe me?"

"No; I've lost my position. Can you let me have another ten?"

QUITE DIFFERENT.

"Do you believe that old saying that marriage is a lottery?"

"I should say not! I once drew thirty dollars in a lottery."

ALLEN'S FOOT-EASE.

A powder to be shaken into the shoes and used in the footbath for hot, tired, swollen, aching, tender feet. It makes tight or new shoes feel easy. Sold everywhere, 25c. Ask for Allen's Foot-Ease. Don't accept any substitute.
