Hoping you are all fine. Take care of yourselves.

Sixth War Loan Drive Starts November 20

Following are exerpts from a letter received this week from the Treasury Department in Washington, relating to the Sixth War Loan Drive which starts November 20 and extends thru December 16:

"The Sixth War Loan Drive will be launched November 20, and extend thru December 16. Fourteen billion dollars is the total quota with five billion to be raised from individuals.

"With the accumulated successes of our military operations, the people seem to have become more complacent, feeling that a relaxation in our financing efforts will not prove harmful. This is a most dangerous attitude as the sale of War Bonds is more important now than ever before.

"A large volume of sponsored newspaper advertising will be absolutely essential to the success of this gigantic and crucial effort. Newspapers supported the Fifth Drive with $10,160,000 worth of advertising, and while that far exceeded all previous records, we're going to need even more this time. The Treasury has arranged for a larger schedule of ads than has been available in any other drive.

"Please express the appreciation of the Treasury to your local business organizations who have co-operated so unselfishly with this program and ask that they again back up our boys at the front, by helping put the Sixth War Loan over the top. The nation needs your help more in the coming Sixth Drive than ever before. American dollars must be spent in appalling sums to finance our all-out military efforts. Next to our military operations the War Bond program is the most vital part of our war effort. It is our number one obligation here at home.

sincerely yours,
S. GEORGE LITTLE,
War Finance Division
