Christmas Seals

This week will be the opening of the annual sale of Christmas Seals to combat tuberculosis Soon after the sale starts we will be brightening letters, cards and packages with the cheerful little stickers which show that we have helped in some way toward a worthy end.

They tell us that the battle against tuberculosis is nearly won but that special effort must be made in wartime to consolidate gains and hold them. Disease always has gained headway during such times of stress and this is no peroid to slack up in a fight which has been successful so far.

This is the season of thankfulness and giving The Christmas Seal Sale is an old, established custom now, one which will be carried on for many more years. Do what you can to help the sale and use the little seals when they come to you.

If You Get Discouraged About Working Hard, Read This.

Store Rules in Effect 80 Years Ago in a Chicago Co.

Store must be open from 6:00 a. m. to 9:00 p. m. the year around.

Store must be swept; counters, base shelves and showcases dusted; lamps trimmed, filled, and chimneys cleaned; pens made; doors and windows openen; a pail of water, also a bucket of coal brought in before breakfast (if there is time to do so) and attend to customers who call.

Store must not be opened on the Sabbath unless necessary, and then for only a few minutes.

The employee who is in the habit of smoking Spanish cigars, being shaved at the barber's, going to dances and other places of amusement will surely give his employer reason to be suspicious of his integrity and honesty.

Each employee must pay not less than $5.00 a year to the church and must attend Sunday School regularly.

Men employees are given one evening a week for courting, and two if they go to prayer meeting.

After 14 hours of work in the store, the leisure hours should be spent mostly in reading.

The question was, "What is the secret of success?" The answers: push, said the button; pull, said the corkscrew; take pains, said the window; always keep cool, said the ice; have a smile, said the bartender; keep your temper, said the drill; be up to date, said the calendar; never lose your head. said the barrel; make light of everything, said the fire; aspire to greater things, said the nutmeg; find a good thing and stick to it, said the glue.

Speaking of the cigarette shortage which is here by fits and starts, someone has said that most of us are smoking "stoops." You know, the kind that the clerk has to stoop down and get out from under the counter.

That Johns Hopkins chemist who has made motor exhaust fumes innocuous might now turn his attention to making them smell like fried chicken.

When news is scarce, the editor tells his reporter to get the women's angle on something or other, well knowing that women are always willing to talk.

Even in hard times, the quickest way to find a job is to go out looking and asking, not among friends, but among employers.

OUR PART HAS BEEN EASY...

Let's PROVE Our Thanksgiving!

This is a BIG farm year—Now Buy BIGGER Bonds!

Here are 6 big reasons for buying the most you can—$100, $500, $1,000 in the big 6th War Loan. War Bonds give you:

1. The best and safest investment in the world.
2. At maturity, $4.00 for every $3.00 you loan.
3. The convenience of cash—plus increase in value!
4. Funds to replace and restore worn-out farm equipment, soil fertility, and buildings.
5. Funds for educating your children; a nest-egg for your own security, travel, retirement.
6. The increased purchasing power vitally needed to win the Peace.

THEY still die—will YOU buy?

You've had bigger profits—NOW BUY BIGGER BONDS

FARMERS have much to be thankful for this year. Before you sit down to that big turkey dinner, ask yourself if you've done the best you could. Lending money is the *easiest* part of the war effort—but it is as essential as fighting. We don't need to ask if they're fighting enough. *Are you lending enough?*

It's been a mighty good year for farmers. So far it's been an easy war in general for us in the United States. *But it isn't over yet.* Not by a long shot. The biggest part of the job is still ahead. The war against Japan will probably be history's costliest. One average Navy task force costs 2 *billion* dollars—and we need many of them. Even *one torpedo* costs $12,000! And one Superfortress to bomb Tokyo, $600,000.

Your dollars are urgently needed—now more than ever—to speed victory and insure America's future. *Prove* your Thanksgiving. Buy the biggest War Bonds you can—NOW!
