Time Marches On

The minister was in a happy vein on the occasion of the presentation of a clock and a purse to the teacher who was leaving the village.

"The contents of your purse," he said, "will in time disappear, but," he added, placing his hands on the clock, "here is something that will never go."

Tired business men might try sleep.

June Milk Return Forecast at $3.47

Dairy farmers delivering milk to approved plants in the New York milkshed may expect a uniform price of $3.12 a hundredweight for their June production, according to the estimate of price and volume announced by Dr. C. J. Blanford, administrator of the New York metropolitan milk marketing area.

The pool price of $3.12 will equal the record set last June when the average price of $3.10 for June 1919 was surpassed for the first time. However, since dairy feed payments from the War Food Administration are now collectible at the rates of 35 and 45 cents, 10 cents less per hundredweight than the rates paid last year in the same states, the total return will be $3.47 instead of $3.57 as a year ago. Production is expected to attain 683 million pounds, a new high for the month of June.

Pease - Richie Reunion

The annual reunion of the Pease and Richie families was held at the West Greenwood Grange Hall, on Sunday, June 24th, with 33 present. After the basket dinner a business meeting was held and the following officers were elected for the ensuing year: Gordon Pease, president; Avery Mead, vice president; and Cleon Pease, secretary and treasurer. They also voted to hold the 1946 gathering the last Sunday in June, at the same place, the West Greenwood Grange Hall.

A social time was enjoyed after the meeting.

The inspector was examining the class.

"Who drove the Ishaelites out of Egypt?" "You," he said, pointing to a boy in the corner.

"'Twasn't me, sir," replied the boy. "I only came back from the country last week."
