Around Our House

WHO HANDLES THE CASH?

At this time of the year when discussions of household budgets are uppermost, the question arises as to whether husband or wife should handle the accounts. Some say that it is the duty of the man of the house; others maintain it is the privilege of the woman. The general impression is that the wife does most of the household spending, since the costs of food, housing, and clothes constitute the largest share of the family outlay. Hence it is sometimes held that the woman should keep the accounts and pay the bills. The real answer is that the account-keeping and bill paying should be done by the member of the household who is best qualified to do it. In a good many homes the woman is the one who not only has the greater familiarity with handling the funds, but also has the better head for finances, and she should be allowed to give the family the benefit of the ability. An ideal plan, which works in only a few households, however, is to pay everything by check, and to have each check signed jointly by husband and wife. Then each one knows, and is interested in, how the family finances are faring.

If the arrangement of your household furniture does not wholly satisfy you, write to the office of publication, state college, Ithaca, N. Y., for bulletin H85.

BAKERS' STORE NEWS

Published by Baker Bros. Hardware, Andover, N. Y.

Willie: "Say, Joe, how can I teach a girl to swim?"
Joe: "Why, you goes up to her gentle-like, takes her hand gentle, leads her gentle down to the water, puts yer arm gentle around her waist and—"
Willie: "But, say—she's my sister!"
Joe: "Yer sister? Oh, shove her in!"

BAND MEETING, COME!

Unless some strenuous and concerted efforts are put forth the Andover Boys' and Girls' Band will have to disband. So many have failed to appear for practice or quit entirely that it seems impossible to continue.

This band is a real community asset. It has done more good to advertise Andover favorably than anything that has happened to us in a long time—**we cannot afford to let it go down!**

Will every parent who has children who are now or have at any time been members of the band, and all citizens who have any interest in this matter meet at Firemen's Hall, Tuesday evening, January 29, at 7:30, and see if some plan can be evolved that will insure the continuance of the splendid organization.

Dish washers have been rather expensive and not very practical, but dish drainners are a wonderful kitchen convenience and labor saver.

We know there are a goodly number in use around the town and country for we have supplied them; but there must be many more that could use a good dish drainner to advantage.

We have a good stock of both the round and square ones made from heavy wire well coated with tin and having a pocket for the spoons and ctitlery.

They have usually sold for around 90 cents but our suppply house gave us a special price on some and we are passing it on to you.

Your choice either style 69c.

Sanette White Enameled garbage pails $1.65.

Choir Boy: "What made you give up singing in the choir?"
Former Colleague: "I was absent one Sunday and some one asked if the organ had been mended."

"What would you do if you could play the piano like I can?"
"I'd take lessons."

If your team harness is about one-half hay wire and the rest nails and bag strings it is a sure sign that you need a new one.

We offer a real quality one and three quarter harness for $66.60—we consider it extra good value and believe you will too.

Prices on fence barbed wire and nails are slightly higher than last year, but for the present retail prices are unchanged.

We just unloaded a car of Pittsburg Perfect Nails and super galvanized fence and barbed wire; there is none better.

We have a lot of extra large pencil tablets selling for ten cents Saturday only. A Rockwood's Nut Chocolate bar with each tablet selling at a dime or a sucer with each tablet at a nickel.

At inventory time we often find an overstock of some items; this time its a case of Cedar Oil Polish put up in full pint bottles, you may buy them over the week end for 39 cents each, more good polish for the money than you have been offered before.

It will pay you to buy a year's supply.

Just in, another big barrell of those fine molasses kisses, this time they are nut flavored, put up in waxed paper that don't stick at all.

The whole family can enjoy them —eat all they want and nobody get sick.

Six ounces for a nickel, or a full pound for ten cents.

Cider time or lemonade time or grape juice time or Ice water time is always with us.

We like to drink something when it's hot or cold or in between.

Nothing like having the tools for passing the drink; six glasses and a liberal sized pitcher, 69 cents.

A man is something that can see a pretty girl three blocks away while driving a motor car in a crowded city street, but will fail to notice, in the wide open countryside, the approach of a locomotive the size of a school house, accompanied by a flock of 42 box cars.
