Morell L. Brainard

Morell L. Brainard was the last remaining child of eight children born to Smith and Philt Purple Brainard. He was born at Cooperstown, Otsego county, N. Y., April 27th, 1844 and came to Belfast with his parents at the age of three years.

He was married to Lucy A. Snider of Fillmore, March 18th, 1866. The first two years of his married life were spent in Ohio as manager of a sheep farm. He returned to Fillmore, and engaged in the mercantile business with S. W. Lowell until he purchased the Hayward farm on White Creek where he was engaged in farming and shipping of stock and farm produce for many years.

Mr. Brainard held the office of supervisor of the town of Belfast at the time the river bridge was built in 1890, and also was an assessor for nine years.

He became a member of the Baptist church in 1892.

About two and a half years ago he moved to the village of Belfast where he lived until he died Jan. 14, 1929 at the age of 84 years.

He is survived by his wife and three children, Edson M. Brainard of Belfast, Mrs. E. J. Sullivan of Rochester and Mrs. A. F. Bangert of Corfu. A daughter, Mertie E., died in infancy and a son Don Carlton died when five years old.

Mr. Brainard also leaves fifteen grand children and several nieces and nephews.—Belfast Blaze.

He was a brother of the late Dr. N. P. Brainard of Andover.

The Holy Scriptures

Psalm 19:7-14; 2 Timothy 3:14-17

Rev. Samuel D. Price, D.D.

The Christians Sacred Book is a complete statement of the Life of fact, it is a library consisting of 66 books, divided into the Old and New Testaments. "How We Got Our English Bible," by J. Patterson Smyth answers many questions in the mind of every investigator. Beyond all human source this Book comes from God. Rev. F. B. Meyer, D.D., says, "Inspiration consists in the divine quality that inhores in the Bible.' It is certainly different and superior to every other book and is well called the Book of books. One cannot claim to be well educated who is not conversant with the general content thereof. Dr. Meyer also states, "The best argument for the Bible is the character it creates," and William E. Gladstone declared, "The Sunday School is the world's greatest institution for popularizing the world's greatest book."

Read this Book thru, and do so as often as possible. Then commit many chosen passages to memory. One of these will be the nineteenth Psalm, from which the first Scripture portion is taken today. If you wish to note many terms for the Scriptures read Pslam 119, where there is some mention in each of the 176 verses. In spite of its age the Bible is still the best seller each year in all literature, both modern and ancient. A very simple and yet comprehensive statement is

"Sin will keep you from this Book:
This Book will keep you from sin."

Study carefully each of the following selected portions that are a part of this lesson. Deuteronomy 6:4-9; Joshua 1:8, 9; 2 Kings 22:8-20; Nehemiah 8:1-8; Psalm 19:7-14; Luke 24:25-32; Acts 17:10-12; 2 Timothy 3:14-17.

The first reference indicates a portion that the Hebrew places in his mezuzah and phylactery. This Word has a place on his doorpost and it is taught to his children. The Jew has made an incalculable contribution in giving this Book to the world. Well does the Psalmist say "The law of Jehovah is perfect, restoring the soul." The Word was indeed law and its precepts were to be accepted and obeyed, for they are "right" Psalm 19:7-8. Take the other descriptions in that Psalm—"pure, clean, true and righteous altogether."

As is stated in Psalm 119:105: "Thy word is a lamp unto my feet, And light unto my path."

Paul in charging Timothy refers him to the "sacred writings" in which he had been instructed from his youth. Thereby "the man of God may be complete, furnished completely unto every good work."

Regional Conference

A regional conference of the Woman's Christian Temperance Union will be held at the Methodist church in Wellsville, February 5 and 6. Four counties, Allegany, Cattaraugus, Steuben and Chautauqua will be represented in the conference.

Mrs. D. Leigh Colvin, state president, will be conference director.

ARE WOMEN OLD or YOUNG at 40?

TWENTY years ago a woman was old at forty. Housework had dug deep lines into her face, taken youth from her body. Today the well-informed woman lets electric servants do her drudgery.

Electric washer and ironer take the blue out of Monday. Electric cleaner does the sweeping and dusting in half the time. An automatic electric range cooks dinner just right while she's away. Plan now to see your nearest electrical dealer . . . let him show you these labor savers in actual use.

Never before has electricity been so *cheap*. Interconnected power plants of the Niagara Power System supply electric service where and when it is needed at the lowest possible cost. Generating expenses have been reduced to a minimum. Operating costs have been lowered. All these savings are reflected in your monthly bill.

Green Returned to Allegany County For Trial

Deputy Sheriff Harry Kemp was called to Hudson Falls, Washington county, Thursday, to serve a warrant upon Archie Green, who was being released that day from Great Meadows prison because of the Court of Appeals ruling that the Balmes law was unconstitutional.

Green had served two years of his five year sentence.

Officer Kemp returned Green to Belmont jail where he will be arraigned before County Court.

CHANGED HER NAME

A negro cook came into a northern Missouri bank with a check from the lady for whom she worked. As Mandy, the cook, could not write, she always endorsed her checks with a big X. But on this occasion she made a circle on the back of the check.

"What's the big idea, Mandy?" asked the teller. "Why don't you make a cross, as usual."

"Ah done got married yesterday, Boss, and I'se changed my name."

Sputter and find fault with your fuel bills, what else can you expect. Your out-of-date stoves are not heaters, they are just fuel wasters.

If you are really concerned about having your home heated comfortably, with the least amount of fuel, and the air in the rooms all supplied with the proper degree of moisture, giving you a clean healthy atmosphere—just let us put in for you an Allen Circulating Parlor Furnace.

They are suited to a wider range of fuel, and burn it with less creosote discharge. Maybe all that trouble you are having with a wet chimney would clear up, if you would set in an Allen Heater.

They sell for less than most high grade circulators.

Gray Lawn Louse Chase is saving the farmers who use it many dollars on their feed bills. It takes a lot of extra fodder to keep up stock that are infected with lice.

The new 1929 package is almost twice the size and the price remains the same—$1.00.

Those Handy Ann Kitchen Pails are making a hit with the good home keepers. They are handsome in appearance, made to stand service and solve a perplexing kitchen problem.

Furnished in all the new colors—$1.85.

No matter what toilet paper you are using, Lion Brand will reduce your expense for this article—10c per thousand sheets, full count, full strength.

There is scarcely anything in this world that some man cannot make it a little worse and sell it a little cheaper, and the buyers who consider price only are this man's lawful prey.

Our nest eggs are not calculated to fool the hens, they are made to encourage them. You can't fool a hen with a glass egg, they know too much about the genuine article.

They like our nest eggs and you will like the price, a full dozen for a quarter.

Some body is always cutting prices; it takes good goods, salesmanship and confidence now a days to do a profitable business and stay right on the job year after year and render real community service.

We always feel sympathetic towards a price cutter, because the fact that he cuts prices shows his ignorance of business principles and lack of money.

The fellow who throws away money, always, is the fellow that hasn't any.

Better food habits for 1929 is a good resolution to make and keep. Milk, fresh fruit and vegetables should be provided every day, and in order that your cooked foods shall retain the largest possible amount of proper nutrition.

This can only be done with proper cooking utensils, and all experts agree that Waterless Cookers perform this task more cheaply and correctly than any other known method.

Waterless Cookers all styles and sizes—$1.00 up.

There must be something worth while about the ancient wood potato masher, in face of tremendous competition it has survived and is still making glad the heart of many modern cooks.

The mothers of all of us used a wood potato masher, sentimental reasons alone should make us partial to them but really they do their work well—1929 model, little change from 1820—20c.

The following ad is from a Chinese newspaper:

"Sir: I am Wang. I can drive a typewriter with good noise, and my English is great. My last job has left itself from me, for the good reason that the large man has dead. It was on account of no fault of mine. So, honorable sirs, what about it? If I can be of big use to you, I will arrive on same date that you should guess."

Mrs. Bertha Green has been unable to attend her work at the silk mill on account of a bad attack of rheumatism. Her daughter, Mrs. Earl Schoonover of South Hill was caring for her from Friday until Sunday.

Mrs. Alfreda J. Howell, child psychologist and girl counsellor, speaks at Bolivar High School this morning. She also speaks at the Union meeting at the Baptist church Sunday evening, on the subject "Youth's Challenge to Christian Parents."

Mr. and Mrs. Frank Cocoman have gone to Buffalo where Mrs. Cocoman will have charge of a large boarding house. Mrs. Cocoman has supplied Andover people with excellent home baking for several years and her friends bespeak for her success in the new location.

A card from E. J. Atwood in New York last week reads: "Down in the big town where Bill Rogers says 'if you want to turn right you have to go over in Jersey City; if left, over on Long Island; if on foot you must hold out your hand when you want to turn.'"

Chief Engineer, John Howard of the University heating plant, had the misfortune to fall from a ladder, striking on his head and shoulders. He was badly bruised and cut, but no bones were found to be broken. He is at the Bethesda hospital in Hornell where he is gaining nicely. —Alfred Sun.

Randall Wells of Wellsville had a narrow escape from fatal injury when his clothing caught in a revolving shaft at the Sinclair refining plant at that place, Friday. He was being drawn into the machinery when a workman seized him and held until the machinery was stopped. His clothing was torn from his body and boots were torn off at the ankles. He was cut about the head, one eye injured and both ankles sprained.

Mrs. Ellen Casey is among those reported ill this week.

Mrs. Edward Mullen is reported ill with influenza at her home on Jarney street.

The bus went into the ditch near Alfred, Tuesday, in the storm and was somewhat damaged.

Friends of Mrs. Clayton Baldwin who has been seriously ill, are pleased to learn that she is gaining under the care of Mrs. Eggleston.

Mrs. Ila Clarke received word this week, of the illness of her daughter, Mrs. Reva Thompson of Bennetts, who is unable to attend her school duties this week as teacher in the Greenwood school.

A letter received by the editor this week, from Rev. Hamilton Williams, says the News is read by himself and son with great interest as they note the changes, chronicled from week to week, and extends a word of greeting to all his Andover friends.

George P. Squires, 24, of Nunda, former resident of Hornell, is in the hospital with his right arm amputated at the elbow. Squires was assisting in the dynamiting of an ice jam, when a premature explosion blew his hand entirely off the wrist. He was badly burned about the face and legs.

Members of Andover I. O. O. F. Lodge were in Hornell, Monday evening where the third degree was put on by them. There was a large number present, not only from Hornell, but Dansville, Olean and other towns. The team received many compliments on their work from those present.

Mrs. Lydia Warfield is among those reported ill with grippe.

The body of Verne Cronk was brought to Oramel last week from Johnson City, for burial.

Mrs. P. W. Richardson entertained three tables at bridge, Monday evening at her home on Greenwood street.

Howard E. Rogers, formerly of Belfast, has been appointed on the Medical Staff of the Sister's hospital in Buffalo.

Lyle Mason of Bolivar is in the Coudersport jail on a charge of forgery. He is alleged to have cashed several checks at Ulysses, with forged signatures.

Mrs. M. A. Crandall of Church street received a letter this week from her brother, Ira Crandall of Westerly, R. I., who in company with his wife, is passing the winter abroad. At the date of the letter they were at Damascus where they would remain for a time, sightseeing. Mr. and Mrs. Crandall do not expect to sail for home until the last of March.

Wm. Gastorf, 20 years of age, of Angelica, had his eye badly injured while coasting one evening last week with a company of young people. Their sled dashed against a barberry bush and one of the thorns pierced the eye. Physicians give little encouragement of being able to save his sight.
