NEWS NOTES from the COUNTY SEAT

By KATHRINE HYLAND
Allegany County Press Association Service

On Wednesday, October 1st, a luncheon and meeting was held at the Hotel Belmont by the representative members of the County Medical Society, the County Nursing Committee, and officers of the Allegany County Public Health and Welfare Association, who met in conference to discuss the development of a tuberculosis clinic in the county. Dr. Edward Richards, of Rochester, prominent in the tuberculosis movement of the state, and Dr. John Nickles, of New York City, Medical Field Secretary of the State Charities Aid Association, were also present. The meeting resulted in the launching of a regular clinic to be conducted thruout the county, the first one to be held on October 22nd at Fillmore, under the direction of Dr. Richards.

Miss Catherine Codispoti, of Belmont, has been selected to fill the vacancy of stenographer in the office of the Public Health and Welfare Association, caused by the resignation of Mrs. Winifred Runyan.

Lucius Voorhies of Wellsville, was brought before Judge Renwick County Court last Friday charged with abandonment. He was sentenced to six months in the Monroe County Penitentiary, and the execution of the sentence suspended during good behavior, also to pay the sum of six dollars per week to Mrs. Clara H. LeClere, County Probation Officer, for the support of his wife and children, and to remain on probation under Mrs. LeClere.

Carl Sanders, pleaded guilty to petit larceny in County Court before Judge Renwick, and was sentenced to 30 days in the county jail, the execution of the sentence being suspended during good behavior.

Lawrence Hodgkins of Wellsville, pled guilty to forgery in the third degree, and was sentenced to the Elmira Reformatory until discharged by law.

Joe Sanford of Wellsville, plead not guilty before Judge Renwick in County Court on Friday of last week to the crime of maintaining a public nuisance.

V. L. Robbins of Richburg also plead not guilty to the crime of maintaining a public nuisance.

James Torrence, also of Richburg, plead not guilty to the crime of maintaining a public nuisance.

Miss Marianne Sixbey of Mayville, N. Y., began work the first of the month as Assistant Social Worker in the office of the County Public Health and Welfare Association. Miss Sixbey, who is a graduate of Alfred University in the class of 1928, has done special work in psychology and sociology, and has been in the educational field doing work with the problem child. For the present Miss Sixbey will reside in the county seat.

A regular orthopedic clinic was held in Andover on Tuesday of this week, Dr. Robert M. Cleary of the State Orthopedic Department being in attendance.

Lese-Majesty?

The following parody, based on the familiar Psalm, was read recently in the Senate by Senator Blease. Whatever one may think of the propriety of the Senator's swingeing arraignment, it is clear that he was not impressed with the "Hoover Prosperity" about which his brother Republicans were pleased to speak at great length. In any kingdom of Europe the ridicule would have bordered on lese-majesty; in our country it was dismissed as a sprightly piece of humorous invective, since it is every citizen's right to criticise officialdom, whether it be in high places or low.

Hoover is my shepherd, I am in want;
He maketh me lie down on park benches;
He leadeth me beside great need;
He restoreth my doubt in the Republican party;
He leadeth me in the paths of destruction for his party's sake.
Yea, tho I walk thru the valley of the shadow of starvation, I do not fear evil; for thou art against me;
Thy politicians and profiteers they frighten me;
Thou preparest a reduction in my salary before me in the presence of mine enemies,
Thou anointest my income with taxes;
My expenses runneth over my income.
Surely unemployment and poverty will follow me all the days of the Republican administration,
And I will dwell in a rented house forever.

Andover High School TIDBITS

Monday, October 13th there will be no school in Andover. This is one way of celebrating Columbus Day. The Andover High School is going to make it a real holiday by playing the Canisteo Free Academy on the Albert Godde, Bedin company's athletic field. The game was scheduled for the afternoon but was changed to 10:30 in the morning to accommodate Canisteo. Monday is our off-day; but let's set the old alarms so we will be up bright and early. And then let's travel to the rill mill diamond to see the opening kick-off at 10:30.

Canisteo will give the locals more opposition than Coach Perrone had anticipated. The Canisteo eleven completely outclassed the Wellsville Seconds last Friday, and if you remember rightly the Wellsville Seconds trimmed Andover in the first game of the season. So it ought to be a real battle with Andover as the under dogs.

The local boys have been practicing very faithfully all week. The squad has been pepped up by the several new candidates for the team. A heavy scrimmage was held yesterday and light scrimmage held last night after school.

Coaches Larson and Gardner of Canisteo and Coach Perrone of the locals except to start the following boys, of course there might be changes:

Canisteo		Andover
In	L.E.	Church
L.T.	Stevens	Brewster
L.G.	Wells	Lever
C.	Baker	Howland
R.G.	Latham	W. Brown
R.T.	Harvey	Williams
R.E.	VanDyke	McHugh
Q.B.	Gay	Brundage
R.H.	Smith	Cable
L.H.	Carrier	F. Brown
F.B.	Boller	Clark
	Burns	

Coach Perrone has the following boys to use in case the above do not function: Trask, Gee, Padden, Crandall, Ingraham, Tuttle. All the boys named will no doubt see action during the game.

An interesting sidelight of this game is the fact that Coach Larson of Canisteo and Perrone are both graduates of Johnsonburg, Pa., high school and Alfred University. The officials of the game will be either members of the Wellsville Elks' football team or Alfred varsity.

School Board at Bolivar

President B. S. Brundage, E. D. Baker, Mrs. Florence Earley, Mrs. Sara Cannon and Mrs. Martha Farwell of the Andover Board of Education attended as special guests, the dedication of Bolivar's Central School building Tuesday evening. They are unanimous in pronouncing the building the most perfect specimen of school building in Western New York, and are loud in their praise of their entertainment there.

Hard Up For News

Our contemporary, the Wellsville Reporter, must be getting hard up for news when they copy paid advertisements from the Andover News and call it news, or take our advanced notice of a coming event, hold it until the day it is to transpire and then publish it as news under an Andover headline.

Judge: "What brought you here?"
Accused: "Two policemen."
Judge: "I don't mean that—drunk I presume."
Accused: "Both of them."

We believe every one who handles sliding doors summer or winter would be glad to know about Trolley Barn Door hangers and the covered, weather-proof track that goes with them to make a complete job.

There must be a lot of comfort and satisfaction when heavy doors will move easily and silently and also it must be very annoying when your sliding doors bind, jump off the track and you are obliged to use all your strength to open or close them.

If you want to go into the winter with your sliding doors working perfectly let us fit you out with hangers and track best adapted to your use.

The difference between doors that move easily and those that require main strength is priceless. The difference in cost is very little. May we show you?

It is very difficult to pick out from the mass of circulating heating stoves on the market those that are really good. We made three selections before we picked the Allen and it cost us a lot of money but we are positive that when we urge our customers to buy Allen's Fireside Cheer Parlor Furnace we are doing them a real service.

A satisfactory heating system in your home is one of the largest contributions to healthy and comfortable living; you should purchase it with care and be sure it is the best of its kind, then the price you pay should be the last item to consider.

Fortunately Allen Circulators cost little if any more than many other makes that may be classed as doubtful or at best just ordinary.

Insist on the one and only system that gives you with all its other perfection "Oldtime Fireside Cheer."

A set of stove casters in the home saves many a back ache and makes the moving of heavy furniture easy.

Family Kicking Fast

Examination Teacher: "Charlie, what does your father do when he finds anything wrong with his car?"
Charlie (truthfully): "He bawls Ma out."

When you need a battery for any purpose: flash lights, telephone, radio, engine ignition or door bell, you will find it to your advantage to use Hipco Brand goods.

They give you a strong hot spark; are sealed with a water proof, air tight compound that prevents their drying out or gathering moisture and so prolongs their useful life.

Our stock turns quickly so you get batteries that are fresh from the factory and we guarantee the service you have a right to expect and as low a price as you can obtain for a quality product anywhere.

Watch your metal and felt roofing. Don't let them get away for the want of paint; a coating of good paint put on as needed will double the life of this sort of roofing. Wood shingles will last longer and look better if treated with Creosote Stain.

Get in your votes on the Alladin Hanging Lamp that we are giving away on October 25th. Just one ballot is going to win this lamp and we give you a free ticket. If you did not get yours in the mail, ask for it at our store.

Additional ballots given with every cash sale of not less than $1.00.

Alladin Mantle Lamps burn kerosene oil; are perfectly silent in operation and give the softest, mellowest, brightest light; a better quality of light even than electricity.

No matter where you live you may now have the best light in the world at a cost of only one-third of a cent per hour.

Alladins are furnished in floor lamps, hanging lamps, bracket lamps and table lamps, with a great variety of beautiful shades, and at lower prices than are available in any other line of lighting fixtures.

If you don't like to connect your gas heater with rubber tubing, we can supply lead tubing, easily bent to fit and perfectly safe. Price 35c and up.

Morning Glory Brooms are still the best. Outlast three of the ordinary kind.
