APRIL

THE month of showers, traditionally and according to the old saying, preceding the May flowers arrived last Wednesday, All Fool's Day. This is the month during which the earth opens to produce new fruits and flowers. It is for that reason that it is supposed to be named for Aperire or open month. A glance over the events and anniversaries in its 30 days may be interesting:

April 1, microphone invented by Edison, 1877; 2, death of Samuel Morse, 1872; National Mint established, 1792; 3, Colonial Assembly held last session, 1775; 4, death of William Henry Harrison, ninth president, 1841; 5, Easter Sunday; Chauncey M. Depew, former U. S. Senator, died 1928; 6, Robert E. Peary, U.S.N., discovered North Pole, 1909; 7, White settlers founded Marietta, first settlement in Ohio, 1788; 8, declaration of war by United States against Germany, 1917; 9, General Lee surrendered at Appomattox, 1864; 10, Brigham Young resigned temporal power over Mormons, 1873; 11, Luther Burbank died, 1926; birth of Charles Evans Hughes, 1862.

April 12, Henry Clay born, 1777; Confederates opened fire on Fort Sumter, 1861; Thomas Jefferson born, 1743; 14, President Lincoln shot by John Wilkes Booth at Washington, 1865; sinking of Titanic, 1912; 15, Lincoln passed away, 1865; Johnson took oath of office; 16, birth of Wilbur Wright (of Wright Bros.), 1867-1912; 17, death of Benjamin Franklin, 1790; 18, San Francisco earthquake and fire, 1906; 19, Battle of Lexington, 1775; 20, General Lee resigned commission in U. S. Army, 1861.

April 22, birth of Isabella, Queen of Castile and Aragon, 1451-1504; 23, James Buchanan, 15th president, born in Pennsylvania, 1791; 24, Russia declared war on Turkey, 1877; United States began war with Mexico, 1848; 25, United States declared war on Spain, 1898.

April 26, Confederate Memorial Day in Alabama, Florida, Georgia, Mississippi; John Wilkes Booth, assassin of Lincoln, shot, 1865; 27, General U. S. Grant born in Ohio, 1822, 18th president; 28, James Monroe born in Virginia, 1758; 29, first inaugural address by Washington in New York, 1789; 30, elevated trains, first in United States, began operations, 1878.

Don't Hoard Your Junk - The Army and Navy Need It

DON'T be a junk hoarder! You will be doing a patriotic and necessary service if you will go up to your attic and look for scrap metal, clean out your cellar. The very scrap that is littering your attic, cellar or garage can furnish shells for the boys at the front.

It can help build a cannon.

It can become a projectile that sinks an enemy warship.

The metal parts of planes and tanks and other materials are made of steel of which 40 per cent is scrap iron. Brass, copper, lead and other metals are equally valuable.

Scrap metal is of no use in the home and is badly needed for war industries.

Get rid of your junk and the Axis is sunk!

Who Is This Uncle Sam?

UNCLE SAM is you—he is me—he is all of us. He is the steel worker, with rippling sweating muscles glowing in the light of a blast furnace. He is the engineer humped over a drafting board. He is the test-pilot roaring toward earth like a bat out of hell. He is the farmer plowing his fields. He is the man on the assembly line; the guy at the punchpress. He is the cowboy riding the plains. He is the man of God in the pulpit; the teacher in the little red schoolhouse or modern classroom. He is the husky driver of a truck. He is the radio announcer; the newspaper man. He is the miner working in the dark depths of the earth. He is the doctor making calls. He is the policeman on his beat. He is the carpenter and the bricklayer. He is the Army, Navy and the Marine Corps. He is the President of the United States and the bootblack around the corner.

He is a molten mass of Scotchmen, Irishmen, Englishmen, Germans, Italians, Swedes, Poles, Russians, Frenchmen, Hollanders, Jews, Chinese, Portugese, Spaniards, Turks, Greeks, Danes, and Negroes thrown together, stirred up and cast into a Man of Iron—he is one hundred and thirty million people who hold in their hands the destiny of democracy. Americans all, we must bury the hatchet of discord and dig up the faith of our fathers.

We must recognize that the only way to pull ourselves out of our difficulties, is to pull together.

We must blend hands, brains, muscles, talents, materials, machines, into a mighty 'symphony action.'

LET'S GO—AMERICA!

Curious Circumstances

CURIOUSLY," says an American flier, shooting down Japanese planes over the Burma Road, "their bombers are faster than their pursuit planes." He adds, "That's probably because the bombers have American engines."

The Japanese were able to buy American airplane motors and tools for nine years after they had shown themselves aggressors by the invasion of Manchuria in 1931. Not until October, 1940, did the United States stop the export of aircraft parts to Japan.

Meanwhile some Americans suffered considerable twinges of conscience. Others, if they read the news at all, apparently said to themselves: "Well, that's a long way off." Or maybe it was: "Am I my brother's keeper?" These others howled down President Roosevelt when he suggested "quarantining" aggressors in the fall of 1937.

Yes, it was a curious mentality that controlled America in those days. And it is having grim results for the American boys who now have to risk their lives to knock Japan's American-motored planes out of the sky. It makes one curious as to whether Americans and others after this war will have the moral sense to recognize an aggressor when they see one and to stop arming him.—Christian Science Monitor.

The Carlton Grange of Carlton, Oregon, has adopted this resolution: — "Whereas this is America, a land of justice and equal opportunity, and, whereas business is granted cost plus ten per cent and labor is paid for a 40-hour week with double pay Sundays and holidays, while many farm products still sell for less than the cost of production. Therefore be it, Resolved that we recommend a demand for double the market price for all milk and eggs produced on Sundays and holidays."

In a free country any fool can express his opinion, whether in Congress, in the press, on the air or by just word of mouth.

Co-operation in time of war means assisting others to bear the unequal burden that misfortunes of war may cast upon them.

In view of the Japanese Admiral's prediction that the treaty of peace will be dictated by Japan, at the White House, what do our pacifists think now?

Cobb Cow Makes National Record In Class B Tests

Brattleboro, Vt., April 3.—Kelco Korndyke Piebe, 2nd, a member of the Arling Cobb herd of Whitesville is the nation's highest producing senior two-year-old in classification "B" of the Herd Improvement Registry's 1941 test year, announces the Holstein-Friesian Association of America.

In 365 days this heifer produced 791.4 pounds of butterfat from 23,196 pounds of milk testing 3.4 per cent butterfat, on a three-times-daily milking schedule. Her record was made while on Herd Improvement Registry Test, which is an all-herd testing method as contrasted to the Advanced Registry Test which stresses the individual cow. "Kelco's" production achievement will be recorded in Volume 13 of the Holstein-Friesian Herd Improvement Register Year Book.

The average for the 11,285 cows completing yearly records on Herd Test last year is 11,859 pounds of milk containing 410.10 pounds of butterfat. The average production per cow in herds milked three times daily for the same year is 446.1 pounds butterfat from 13,006 pounds milk.

These records were all made under supervision of The Holstein-Friesian Association of America, Brattleboro, Vt., in co-operation with Cornell University.

Chick Show and Poultry Meeting in Belmont

"A miniature county fair in one building" is the aim of the Allegany County Poultry Committee as it announces an all day meeting in the Belmont Grange hall on Thursday, April 16.

The exhibits are to include: poultry equipment, labor saving devices, feeding, and pasture demonstrations. There will be a continuous disease clinic, a chick show, and several short snappy discussion meetings.

Professor Weaver from Cornell will conduct the disease clinic and anyone having sick hens or chicks is invited to bring in specimens for post-mortem.

Professor Ogle from the Poultry Department at Cornell will be present all day to answer questions on chick growing and flock management.

The hall will be open at 10 a. m., and everyone is welcome to come anytime during the day until 9 p. m.

There will be a door prize and prizes for winners in the equipment show. The committee promises that the show will furnish valuable information for all poultrymen, large or small.

Josiah Trask, 73 years old, died at Independence. Elder Kenyon had charge of the funeral. Interment at Hallsport. Surviving is his wife and four children.

Will Wahl of Elm Valley will run the West Union cheese factory this season. Cheese is quoted as selling at $1.20 per hundred weight.

The stage which carries the mail between Canisteo, Greenwood and Rexville was obliged to go out of its way several miles last Saturday on account of the high water in Bennetts Creek, making the road impassible.

A meeting of the patrons of the Andover cheese factory was held Thursday. James Gallagher was elected chairman and A. M. Burrows secretary. W. F. Snyder has agreed to make cheese during the season 1892. A. C. Frisbey and Oliver Rosebush were elected salesmen. Total number of pounds of milk during 1891 were 2,014,719 and total number pounds of cheese 198,301. Value of one pound milk .00724.

Mr. and Mrs. Elmer Kaple expect to move onto their farm on Corwin Hill as soon as the roads are passable.

The subject of country roads is just now receiving extra attention.

John Prest has accepted the contract for building the new M. E. church in Wellsville. E. J. Atwood is supplying many of his supplies.

The H. P. Benton store on Main street will undergo some changes to accommodate S. J. Fowler for establishing the undertaking business.

Arthur Burrows, son of A. M. Burrows, a student at the Rochester University, is one of 29 students to organize the University Banjo Club which has been entertaining people of several cities in New York and Pennsylvania. Mr. Burrows is said to be one of the best bass singers in the club.

Tuesday morning the fire alarm was sounded and fire was located in the building owned and occupied by M. H. Harmon, Center street, as a store and justice office. The fire is supposed to have caught from a gas jet.
