RANDOM SHOTS

Things began to happen up at the ponds last week-end. The perch are going strong for minnows and the bass are not above helping themselves also once in a while. One lad from Wellsville got hold of a nice bass and got so excited that he threw his pole in the pond and hauled the fish out hand over hand on the line and then asked his fishing partners where his pole was. The sad thing about it was the bass had to go back until July 1st.

Some of the kids are taking home some pretty small fish and the Rod and Gun Club boys don't want to get tough, yet a fish under six inches has no value as food and I wish the parents of any youngsters bringing home fish under six inches to instruct them to put them back carefully and then when they get grown up go back after them.

Also, it has been reported, some fishermen are using more than two poles at a time. The law says no more than two poles at a time and the warden is a mighty hard man to convince that the law is wrong.

Some of the boys took Sunday afternoon to limber up their motors and it looks like a dock is going to be built on the farther shore soon.

The trout fishing has been rather poor, mostly on account of the dry spell, tho the boys are having better luck since the rain.

The lake season opens next Friday, May 1st and I think yours truly will celebrate the event at Silver Lake over the week-end.

Yours, R. E. SHAFF

More Boys In U. S. Service Extend Appreciation

Atlanta, Ga., April 20, 1942

Dear Mrs. Baker:

On the day before Easter I was greatly pleased to receive from Andover a box which contained some delicious cookies and cakes, and some wonderful maple sugar. The pleasure of eating these good things was secondary, perhaps, to the happy feeling of having been remembered by the people at home.

Please extend my thanks to everyone for this kindness.

The maple sugar made a great hit with my southern friends—the lucky few I shared it with.

I feel certain that you made every Andover boy very happy by your thoughtfulness.

Sincerely,
Edward Cannon

38th Evac. Hospital,

Dear Mrs. Backus:

I received a box some time ago and wish you would thank everyone that had helped on it. The cookies and everything was swell. There is something about a soldier that home cooking does something to. Everything arrived in very good condition. Well I guess I had better close as I am on the switch board and it is liable to ring most any time.

Thanks again, Lynn Matison.

Appreciative notes have also been received by the committee thru private letters written home from Gerald Hyland and Robert E. Scott.

Allegany County Fair Will Be Held Sept. 2, 3, 4, 5

The Allegany county fair board of directors at their regular meeting last week announced the dates for the 1942 fair as September 2, 3, 4, 5. This is a week later than the fair is usually held, but because of the cancellation of the New York State Fair it was thought more desirable to make this change in the hope of securing races, free acts, and carnival shows.

The board of directors announced that they are engaging free acts independently and have already made arrangements with Stanley's rodeo and races. Clay Mantley convention shows will be given carnival privileges and it is hoped to secure automobile races for Saturday of fair week.

The Allegany county firemen will conduct their program on Friday, Sept. 4, featuring a parade and other attractions. A pet show will undoubtedly be substituted for the annual A. K. C. dog show that has been held in the past few years.

Plans are being made for more extensive exhibits in the Food for Victory line including Victory Garden exhibits and others.

The next regular fair association meeting will be held on Friday evening, May 15th.
