"To the Victor Belong the Spoils"

Beginning yesterday, Wednesday, War Savings Stamps were put on sale in each of the high school homerooms. Stamp books are available there and ten, 25, or 50 cent stamps may be purchased from the homeroom teachers. The idea—these plans are excellent, but will the students work to make them a success? Many things are accomplished by the purchase of stamps and bonds. Just 10c a week will soon mount into a substantial sum of stamps and probably most of us could spare more, since it is for such a good purpose.

Let's increase the war effort by investing our money to help wipe Hitlerism off the map entirely. Other people do it, so can we. Just take a look at the amount of money for stamps turned in by pupils in kindergarten and other grades. If small children have the willpower to use their money for war stamps instead of candy, we ought to be able to do as much, if not more. JB

Flower Garden Improves Lawn

The grade class in agriculture has planted a rectangular flower garden over the bare spot in the east lawn where the septic tank for the school is placed. The tank is so close to the surface that grass cannot grow.

The boys, under the direction of Mr. Fribolin, added additional dirt to the spot, bordered it with a retaining wall of round stones and planted various flowering annuals in the bed.

Senior Ball Fashion Notes

The annual Senior ball was held Friday evening in the high school gymnasium from 9 to 1 o'clock. Many colorfully gowned girls were seen dancing to the music of Art Wexel's band.

Among those observed were Miss Marilyn Hardy, in a printed dotted Swiss gown. Miss Ethel Jaekle's gown was of white silk jersey. Miss Marian Steadman's formal was of pink taffeta, trimmed in blue. Miss Patricia Lynch was dressed in a pale green silk dress with black leaves and velvet trimmings. Miss Wanda Dolan's dress was of blue taffeta. Miss Marian Steven's dress was of black and white organdy, flounced with black lace. Miss Florence Mingus was seen in a blue marquisette dress.

The Senior ball proved to be most successful, financially as well as socially. FMM

4-H Club News

Regular meeting of the 4-H Club was called to order by James Joyce in the Agricultural rooms of Andover Central School, May 27th. The county club agent was present. A committee was appointed by the president to report on insects at the next meeting.

Guess Who?

A friend to all, a bonny lass
Is this sparkling member of the Junior Class.
Her eyes are blue, her hair is brown
She seldom ever wears a frown.
She belongs to the orchestra, chorus and band,
Reminds one of the wind, the stars and the sand.
Latin and French are no particular joy
To her, as is a certain Sophomore boy.
But he no longer sees the stars in her eyes,
And she's not the kind of a girl who cries.
Rather she smiles, never looks sad
She was seen at the ball with a Senior lad.
Who is this charming petite little miss
Whom fortune has favored with a kiss?

Answer next week. JR

Juniors-Seniors Picnic at Cuba Lake

Nothing could stop those determined juniors and seniors from carrying out their plans for the day, not even rain prospects, and so it was that a bus load of nearly 50 students and faculty departed from Andover to Cuba Lake for the annual junior-senior picnic Tuesday afternoon of this week.

The usual merriment that follows up such bus trips was soon developed into lusty, if not melodious singing. Upon arrival at the pavilion, a scramble was made toward the boathouse, where in short order boats were manned and launched for an hour on the lake before eating. The remainder of the evening was spent with further boating via rowboats and speed boats, picnicing, dancing and even merry-go-round riding until too-soon-to-suit the hour of departure rolled up and likewise did the bus to transport the group homeward to climax an enjoyable experience with no major catastrophe. Senior Day Assembly Is Held

The Senior "Class Day" assembly was held in the ACS auditorium Friday morning, May 29, from 9 to 10:30 o'clock.

The Class Prophecy, Class Will and Class History were read at that time to the Junior-Senior high school group and relatives and friends of the Senior Class.

Principal Jack Dean led the group in the Salute to the American Flag and after an introduction by Mr. Bretsch the class scholastic honors were announced and short speeches were given by the Valedictorian, Victor Oakes and the Salutatorian, Jean Rogers.

The class president, Stanley Ruger, introduced the speaker of the day, T. B. Parish, of the Agricultural and Technical Institute at Alfred who spoke about today's opportunities for the high school graduate.

The class history was given by Jean Rogers, Victor Oakes, Wanda Dolan and Charles Gath. The class will was read by Patricia Lynch. After the Seniors had "disposed of their possessions" small ten-cent gifts were presented to the teachers, some of the most amusing being Mr. Bretsch's bone for "Dutchess" and Mr. McGee's baby carriage. Wendell Vars, astride a big yellow moon, gave the class prophecy.

The usual moving-up day exercises then took place. The Seniors took their places on the stage and a farewell song (to the tune of "Auld Lang Syne") was sung to them by the other classes. Juniors, Sophomores and the new group of Freshmen then took their respective places in the auditorium and the Seniors led the way from the auditorium.

The Class Will and Class History were written by Patricia Lynch and the Class Prophecy by Jean Rogers. JR

PURPLE PANTHERS FINISH SECOND IN LEAGUE FINALS

The Purple Panthers of Andover Central School finished in that very familiar second place position in the baseball league again this year.

The locals lost out to Angelica who beat Fillmore and captured the county title.

The Purple and White won four games and lost two.

"Jake" Shellman gained credit for four wins and dropped only one decision. "Jake" pitched good ball all year and allowed the opposition very few runs in each contest.

"Naze" Dolan led the hitters with a batting average of .500. "Naze" also got the most hits on the club. "Pepper" Ryan was second in batting with a .445 mark and also second in runs scored.

Jack Dean scored the most runs on the club and hit for a .350 average.

Shellman and Ryan were the only players who didn't commit any errors this season.

PANTHERS COMPLETE SUCCESSFUL SEASON IN TRACK

The locals turned in one of their most successful seasons in recent years in track. They outscored their opponents 161 to 132 in dual meets, they placed second among stiff competition in the county meet and they also will send Jack Dean, "Slip" Karcanes, "Winnie" Vars and Jake Shellman to represent Andover in the Rochester June Day meet June 6th.

The only setbacks on the locals' shining record was their close loss to Wellsville in the first dual meet of the season.

The Panthers' track record for the season is as follows:

Dual Meets

Andover 46	Wellsville 53
Andover 56	Canisteo 43
Andover 59	Alf-Alm 36
161	Opponents 132

FOOD TO KEEP YOU FIT

What Makes a Good Green Salad?

There's nothing fancy about a tossed green salad, no cherries, no whipped cream, no nuts. It is, however, a vital part of a meal, and comes to the table in a big bowl at the same time as the meat, potatoes and cooked vegetables. It includes lots of lettuce leaves, or any other salad green, crisp and cold and mixed with a good, tangy dressing.

To make a successful salad, first make sure that the greens are clean; then comes crisping. With tender green lettuce, chilling is important, for the young leaves often wilt fast after they have been picked.

Chill the greens in the hydrator of your refrigerator, or wrap the leaves in waxed paper or a moist cloth, or put them in a salad bag, and place them in a cool place. Another method is to lift the leaves out of the water in a colander or wire basket, shake them gently to release excess water, and put them into the refrigerator for 20 minutes.

Do not bruise the salad greens in handling, for bruised leaves are less attractive and lose vitamines. Never cut the greens until they are ready for use. A good sharp pair of kitchen scissors helps in cutting greens without bruising them.

DISH FOR THIS WEEK

This is a good time to make a main dish of spinach. A spinach loaf is especially good for a lunch or supper when served with a well-seasoned tomato sauce.

Spinach Loaf with Tomato Sauce

1 ¼ cups of cooked, chopped spinach
1 cup of fine dry bread crumbs.
1 cup of grated cheese.
1 teaspoon of salt.
1 egg, well beaten.
⅛ teaspoon of pepper.
1 tablespoon of lemon juice or vinegar.

Mix all the ingredients together and pour the mixture into a greased bread-pan set in another pan of water. Bake it in a moderate oven, around 350 degrees Fahrenheit, for about 25 minutes, or until set. When cooked, unmold the loaf on a platter and pour two cups of tomato sauce around it.

A simple way to make a tomato sauce is to substitute seasoned tomato juice for milk in a medium white sauce.

This loaf may also be made from wild greens, or, during the midsummer months from New Zealand spinach or Swiss chard.

For a lunch or supper, the spinach loaf and tomato sauce may be served with whole bread or muffins with butter and cottage cheese, milk at least for the children, and fruit salad.

For dinner, the loaf may be accompanied by thin slices of fried ham or bologna, baked potatoes, a dish of radishes and green onions, bread and butter, a beverage, and raisin rice pudding served with cream or top milk.

HOW, WHAT AND WHY?

Special to the Andover News

The Andover News has arranged with the Office of Information of the New York State Colleges of Agriculture and Home Economics to answer questions about problems of farm and home. If you enclose a self-addressed, stamped envelope and mention the name of this paper you will receive a direct reply to your query from the colleges. Do not ask more than one question in one letter or on one postcard. Ask as many questions as you like, but make each one a separate communication.

Apples Drop Off

W. H. writes: "I have an apple tree that has borne fruit for three years, but the apples drop off before they are ripe. When cut open, they show brown spots in the center, but no worms. What can be done to save the fruit?"

Prof. W. D. Mills of the plant pathology department replies: "I cannot be certain from your description what causes the brown spots. Possible causes are the apple maggot or the railroad worm, controlled by arsenical sprays in late June an July; boron deficiency, controlled by spring applications of borax to the soil; and internal breakdown caused by picking at the wrong stage of maturity or by improper storage.

"You have been sent more information under separate cover. If you still have some of the fruits in storage and can send them to us, we will gladly try to determine the cause of the trouble."

Cleaning Wall Paper

Mrs. T. C. inquires about cleaning wall paper.

Prof. Ella M. Cushman of the college of home economics answers:

"It is not always practicable to try to clean wall paper. Sometimes it can be wiped with a soft brush covered with a clean soft cloth, or, if the paper is rough, with the attachment of a vacuum cleaner.

"No good method of removing grease spots from wall paper has yet been found. The best way at present is to cover the spot with Fuller's earth or magnesia and allow the powder to remain overnight. In the morning, brush off the Fuller's earth gently to prevent the grease-soaked powder from spreading on the paper. The Fuller's earth may be purchased at a hardware store."

Almost anybody can tell you what you ought to do under the circumstances.
