Six Types of Rubber Footwear Frozen

Effective at midnight Tuesday, six types of men's rubber footwear were frozen for five days to give dealers time to take inventories. The rubber footwear frozen is:

1—Hip height rubber boots, including all boots of hip, body and thigh heights.

2—Over the knee rubber boots, including storm king heights.

3—All heavy short rubber boots.

4—All lightweight short rubber boots.

5—Rubber pacs and bootees, ten inches or more in height.

6—Rubber pacs, bootees and work shoes less than ten inches in height.

After October 5th these may be purchased with rationing certificates by those who must wear them on essential jobs. The old rubber footwear must also be turned in at designated scrap depots with the purchase of new ones.

Each certificate issued for the purchase of new rubber footwear will be in three parts, one to be kept by the purchaser, one for the retailer to send in to replenish his stock and one sent to the office of the State OPA director.

Dress rubbers or arctics are not being placed on the rationing list at present.

All members who can possibly attend are urged to do so as several items of importance will be discussed at this meeting.

Refreshments will be served following the meeting.

Scrap Metal Drive Is Slow In Andover

Firemen Come to Rescue in Collecting Andover Scrap. Will Continue Drive Until All Scrap Is Collected.

The collection of scrap in Andover this week and last has not come up to the expectations of the Salvage Committee. Trucks Monday and Tuesday drew in only about 14 tons, which represents only a small part of the unusable junk that must be laying around in Andover attics, garages, barns and fence corners.

The Andover Fire Department came to the rescue in collecting scrap Tuesday and Wednesday and will continue in this project until the scouting members are unable to find a single pound of scrap metal or rubber. Anyone having scrap can call Holt's garage, the Andover News office or any member of the fire department and it will be collected.

Scrap donated to the fire department will be carried out of its hiding places by the boys—all you have to do is tell them where to look for it. Scrap that you wish to sell yourself should be collected together in a pile and you will receive payment for it when it is loaded on the trucks.

Whether you want to sell it or donate it to the fire company, get that scrap metal into production channels. As stated in last week's News the War Production Board wants 17 million tons of scrap before snow flies in order to keep the steel furnaces in operation this winter. It's a big order, but Americans are used to big orders and this one can and must be carried "over the top."

Don't forget there's a war on—and spending a little time and energy in getting together a scrap pile is a small job in comparison with what about four million of our soldier boys are doing for their country.

President Roosevelt's National Newspaper Week Message

"The observance of National Newspaper Week after ten months of war affords an opportunity to rededicate ourselves to the freedom that is as vital to us as our daily bread—the freedom to think the truth as we see it. Our free press has not only survived—it is essential as a part of the steadying ballast which enables our ship to ride the storm.

"War imposes grave new responsibilities on all of us, but upon no public servant does the responsibility for truth and integrity rest more heavily than upon the press. Theirs is the duty of keeping the people fully and truly informed. Their correspondents are braving enemy fire to send back the story of far-off battles. Their editors and publishers are deeply aware of their responsibility for the faithful presentation of the news.

"The American people are vigilant of their precious heritage of a free press. They will permit neither its corruption nor its perversion for selfish ends. They will continue to regard it as their strong right hand in war as in peace."

Herbert Adams Dies In Sayre Hospital

Herbert Burrel Adams passed from life early Friday morning, Sept. 25, 1942 at Sayre, Pa., following a major operation at the Robert Packer hospital.

He was the son of Burrel and Sally Gowdy Adams and spent his entire life on the Voorhees Hill farm homestead, where he was born Oct. 21, 1873. On Nov. 24, 1898 he was united in marriage to Margaret B. Copeland of Lawrence, Mich., who survives together with one sister, Mrs. Addie Church of Wellsville.

For several years he was active in various farm organizations and held membership in the Hallsport Grange. He was a successful and extensive potato grower, specializing in that line.

Funeral services were held at 2 o'clock Sunday afternoon at the home by Rev. Charles Kemp of Wellsville. Burial was in the family plot in Fulmer Valley. Floral tributes alone were mute testimony to the love and respect borne "Uncle Herb" as he was familiarly known to relatives and friends alike.

Honored at Parties

The members of the Presbyterian choir held a tureen dinner at the Presbyterian church Friday evening in honor of one of their members, Miss Anna L. Hardy. Miss Hardy was presented a Shaeffer fountain pen by the group.

A party was held last Thursday evening at the home of Mrs. H. D. Hardy in honor of her daughter, Anna, who left for Buffalo this morning for training to become a nurse. Twelve guests were present and they presented beautiful gifts to Miss Hardy in honor of the occasion.
