Thanksgiving Service at the Baptist Church

The Union Thanksgiving Service will be held this year in the Baptist church, Thanksgiving morning at 10:30.

Rev. Helena L. Champlin, pastor of the Andover Methodist Church will bring the Thanksgiving message using for her sermon theme: "It is a Good Thing."

The music will be in charge of the Presbyterian Church choir.

More than ever this year we should pause on Thanksgiving Day and "Thank God We Are Americans."

Welcomes Great Granddaughter

Fred Potter was passing cigars this week on the arrival of his first great-granddaughter, Geraldine Frances Seidel, born Friday, Nov. 20, 1942 to Mr. and Mrs. P. J. Seidel of Waverly, N. Y. Mrs. Seidel was formerly Miss Dorothy Sudborough who lived for some time with her grandparents, Mr. and Mrs. F. S. Potter and attended Andover Central School.

Letters and News Briefs From Boys In Service

We publish the following letter received recently from Private Howard Gath to be read at the WCTU party last week and which arrived too late to be read at that time:

Chanute Field, Illinois

Dear Miss Youmans and Ladies of the W. C. T. U.:

I received your very nice letter last week and I really meant to answer it much sooner, but they have kept us pretty busy for the past few days.

I think that it is a swell thing that you ladies of the W. C. T. U. are going to do for our loved ones and I know that the party will be a real success, and for my part I want to thank you ladies for giving me an opportunity to write and tell you a little bit about my army life.

I was inducted into the army June 1st at Fort Niagara. June 7th we arrived at Miami Beach, Fla., assigned to Army Air Corps. I spent six weeks there, going thru my basic training and "learning to be a soldier" and might I add, the toughest thing a soldier has to do is come to the fact that he is no longer a civilian and from now on he gets his orders from the Army. The quicker a fellow can conceive that fact, the quicker he will be able to adapt himself to becoming a good soldier and worthy of the uniform of these great United States.

While I was at Miami Beach, I was given four examinations, and upon passing all of them,I was given the opportunity to attend one of the Army Air Force technical schools.

We arrived here on July 13 (four months ago today) and we started school on July 17th. The course I took was Aircraft Machinists Specialists. The school here is run on three shifts a day. The A shift is from 6 a. m. until 2 p. m., the B shift from 2 p. m. until 10 p. m., and the F shift is from 10 p. m. until 6 a. m. We were put on the 2 until 10 shift and stayed on it all during our course.

This place has the reputation of being the best technical school in the country and it well lives up to its name. The food here has been excellent and you ladies can rest assured that "Uncle" Sam isn't going to let his boys go hungry (at least the ones at Chanute Field.)

I am a member of the 32nd Squadron here and I'm glad to say that everybody on the field has high respect for this squadron. Every soldier in it has done his best to make it the best squadron on the field and of course, in my estimation, I think they have succeeded.

My course consisted of ten days of basic (aircraft maintenance, bench work, blueprint reading, and Air Corps codes and technical orders). From there we worked on lathes for 245 hours, then on milling machines and shapers for 245 hours. The last 20 days of our course were spent in heat treating and grinding, ten days of each. Part of the time was spent on the machines and the rest of the time was spent in class rooms for lectures. A test is given each week and a final test is given at the end of every phase. The final marks for each phase are based on exam grades and practical grades. If an exam grade is below 70 per cent the student gets six demerits and if a practical grade is below 70 the student gets 14 demerits. Any student that gets 20 demerits during the course is automatically dismissed from school and shipped out on general duty. So you can see that the boys really have to put their shoulder to the wheel while they are here. We were afforded two hours a day for studying time and believe me it took all the two hours to complete the home work that was given us.

Our class finished our course on Tuesday and were graduated Wednesday. We were given a diploma, which I hope will help us to locate a job after the war is over.

At this very minute we are setting here in the barracks, waiting for our shipping orders to come from Washington. Eight of our gang left this morning at 7:30 for Salt Lake

(Please Turn to Page Four)

Three hundred sixty-five days in a year,
Yet only one day for God.
To thank Him for showing us, step by step
The paths that His feet have trod.
Only one day of the whole, long year,
To whisper our thanks and praise;
For we're busy requesting the things we want,
Three hundred and sixty-four days!

Only one day when the selfish world
Remembers its teachings and creed;
We're too busy praying Him foolish prayers
For things that we think we need;
Too busy asking Him "why" and "when,"
To spare Him the time to laud;
Three hundred sixty-four days of request—
Just one day of thanks, for God.

One day to thank Him for Life and Love;
The sun in the sky of blue;
One day to worship in solemn awe, and
Tell Him, "Yea, God 'tis You!"
To thank Him for seasons, for everything!
For trees, and a blossom's nod;
Only one day, does the selfish world
Remember its manners to God!

But surely in Infinite Wisdom and Love
He knows, and He understands;
He looks with compassion on bended knees,
Bowed heads, and on folded hands.
He knows we are selfish, but He knows, too,
That our hearts are oft unexpressed.
That we're thankful, e'en tho He has just one day,
For thanks; and we beg, the rest!

Two Fires at Elm Valley This Week

Early Monday morning the cottage owned by Lewis Pryor and occupied by Keith Dalrymple in Williams Grove near Midway was completely destroyed by fire, which is believed to have started from an over-heated stove and in which the Dalrymple dog lost his life.

According to reports, the dog awakened Mr. Dalyrmple by barking and both escaped from the building. However Mr. Dalrymple returned to get some belongings and it is thought that the dog followed him, became confused and was smothered.

About 2:30 Tuesday morning the fire alarm called the Andover firemen to Elm Valley where the service station owned by Mark Ludden and operated by Floyd Bassett was discovered on fire by a passing truck driver.

Both Andover trucks made the run and had the fire out when two pumpers and the Emerald light truck from Wellsville arrived. The Emerald truck remained for a period of time, the other trucks returning to their quarters. The building was badly damaged.

Will - Honegger

Miss Doris Evelyn Honegger daughter of Mr. and Mrs. Hugo Honegger and Carl Will son of Mr. and Mrs. Henry Will were united in marriage Sunday evening, Nov. 22, 1942, by Rev. Lloyd L. Tebo at the Baptist parsonage. They were attended by Mr. and Mrs. Wesley Grossman.

Mr. and Mrs. Will will make their home for the present in Buffalo where both are employed in defense work.

Both are popular Andover young people and graduates from Andover Central School to whom their many friends extend felicitations.

Let us repeat: "Buy War Bonds or wear bonds."

Advertising, to bring results, must be good advertising.

Farmers Given New Draft Rating

Congress has amended the Selective Service Act by the addition of two new classifications for registrants found to be necessary to and regularly employed in an agricultural occupation or endeavor and a new classification for men who have reached the age of 45 years since their registration for Selective Service.

The farm classifications are 2-C and 3-C. In class 2-C are to be placed registrants who have no grounds for deferment other than that they are necessary men to and regularly employed in agriculture.

In class 3-C shall be placed registrants who are defered by reason of dependency and who are also necessary men in agriculture.

Men so classified must continue their work on the farms where they are employed unless given permission by the Draft Board to change jobs. A man in 2-C or 3-C may not leave farm work for industrial employment or leave one farm for another without the Draft Board'a approval. Application for permission to change jobs must be made to the Draft Board in writing. Men failing to comply with the new regulation will be classified for immediate induction into the Army.

The other classification is 4-A in which are placed men who have reached their 45th birthday since registering for Selective Service.

Public Urged To Keep Off Trains And Buses

The Office- of Defense Transportation has launched a nationwide "Don't Travel" campaign this week.

In announcing the campaign Joseph B. Eastman, Director of ODT, said the "Don't Travel" appeal was designed to focus attention of the American public on the gravity of the passenger transportation problem.

"The time is here," he said, "when all the American people must understand what many of them realize, that unnecessary travel can do real and serious harm to the war effort."

He said overcrowding of many rail and bus lines has already become serious and with inter-city travel by passenger automobile almost out of the picture and troop movements increasing, "conditions will become much worse unless the American public comes to the rescue."

He added that the American people, "can cure this situation" by staying at home unless there is real need to travel.

"I urge you most earnestly to ask yourself before you purchase a travel ticket or board a bus or train, if you really need to make that trip" Eastman said: "If you cannot answer that question in the affirmative please do not go."

Dr. Comstock To Report For Duty Dec. 10th.

Dr. Edwin F. Comstock of Wellsville, will report for active duty as a lieutenant commander in the U. S. Navy Medical Corps, Dec. 10. He will be stationed at the Sampson Naval Base near Geneva.
