LIFE'S Little TROUBLES

—CAN'T SLEEP—

No need to lie in bed and worry and fret because CONSTIPATION or GAS PRESSURE won't let you sleep. Be sensible—get up—take a dash of

ADLER-I-KA

to relieve the pressure of large intestines or nerves and organs of the digestive tract. Adlerika assists old food wastes and gas through a comfortable bowel movement so that bowels return to normal size and the discomforts of pressure stop. Before you know it, you are asleep. Morning finds you feeling clean—refreshed and ready for a good day's work or fun.

Get Adlerika today. Take as directed.

Dog Owners' Notice

Dog licenses for 1944 expired on December 31st, 1944. The 1945 license fee was due January 1st. Licenses so issued will cover the period from January 1st to December 31st, 1945. Every dog must wear a tag of the current dog license year. A dog without such a tag is not protected by law and no action can be maintained for his injury or destruction.

An unlicensed dog may se seized and killed and the fact that a dog is without a tag is presumtive evidence that the dog is unlicensed.

Dog licenses must be obtained from the clerk of the city or town where the dog is harbored or kept.

License Fees: Male dog, $2.25; female dog, $5.25; spayed female dog, $2.25. These amounts include clerk fees.

No license can be issued for less than the full license year.

The owner of the dog who fails or refuses to obtain a license for the dog as required by law incurs a penalty of $10.00 and costs.

The enumerators of towns and the police department of cities are required to prepare in January of this year a list of dog owners. The omission of the name of an owner from the enumerators' or police list will not excuse the owner from obtaining a license.

If you owned a dog last year and do not own one now, so advise the clerk of your town or city.

Dog licenses in the Town of Andover are issued by E. S. POTTER, Clerk, P. O. Address, Andover, New York.

Fewer Trucks to Be Made

Less than one fourth of the motor trucks estimated as needed to meet essential war and civilian transportation requirements during 1945 will be produced and distributed to commercial operators, the Office of Defense Transportation announced today. The estimate is based on the 1945 civilian truck program approved by the War Production Board. Increased demands by the armed services for all types of motor transport was given as the chief reason for the severe reduction. The total authorized program amounts to 186,792 light, medium light heavy and extra heavy trucks, or 24.1 per cent of the ODT stated requirement of 773,935 vehicles.
