RUPTURE SHIELD EXPERT HERE

H. M. SHEVNAN, widely known expert of Chicago, will personally be at the Sherwood Hotel, Hornell, Tuesday, only, April 17 from 9 A. M. to 4 P. M.

Mr. Shevnan says: The Zoetic Shield is a tremendous improvement over all former methods, effecting immediate results. It will not only hold the rupture perfectly no matter the size or location but it will increase the circulation, strengthen the weakened parts, and thereby close the opening in ten days on the average case, regardless of heavy lifting, straining or any position the body may assume. A nationally known scientific method. No under straps or cumbersome arrangements and absolutely no medicines or medical treatments.

Mr. Shevnan will be glad to demonstrate without charge. 8509 N. Artesian Ave., Chicago. Large inguinal hernia or rupture following surgical operation especially solicited.

The Lesser Evil

There was an earthquake recently which frightened residents of a certain town in the South. One couple, fearing that a worse shock might come, sent their little boy, a mischievous lad, to stay with an uncle in another community, explaining the reason for the sudden visit.

A day or two later the parents received this telegram:

"Am returning your boy. Send the earthquake."
