Two High Testing Cows In Clarke Herd

Brattleboro, Vt., May 11—Two registered Holstein-Friesian cows in the dairy herd of Carl V. Clarke, Andover, have recently completed official production records in herd test of more than 550 pounds of butterfat, the Holstein-Friesian Association of America announced today.

The highest producer of the two was Hillview Clover Pat with 751 pounds of butterfat and 19,990 pounds of milk. The record was made in 365 days on two milkings daily, at the age of six years and two months. Her sire is Clover Heights Ormsby Segis.

The other high producer was Hillview Cascade Clover Pietje with 584 pounds of butterfat and 14,155 pounds of milk, made in 330 days on two milkings daily at the age of three years and ten months. Her sire is Yankee Cascade Veeman.

Testing was supervised by Cornell University in cooperation with The Holstein-Friesian Association of America.

State Taxes Distributed By County Treasurer

Treasuries of towns and villages in Allegany county have been enriched by the largest sums of shares of state taxes distributed by County Treasurer Frank L. Gere in the past several years. The total of these shares in beverage, franchise and income taxes for the first three months of 1946 is $66,927.47, more than double what was forthcoming in the last quarter of 1945.

From the three taxes Andover village received $491.50 and the Town of Andover $1,884.40.
