Restriction of Gas For New Space Heating

EFFECTIVE APRIL 17, 1947, THE FOLLOWING RULE

RESTRICTING NEW GAS SPACE HEATING

HAS BEEN ADOPTED:

Until Nov. 1, 1947, no service will be supplied either to new customers or to additional equipment of existing customers for the heating of premises either by unit space heaters or by a central gas-fired building heating installation except

(a) where a customer has a written agreement or memorandum in writing with the Company made prior to the effective date hereof for the purchase of space heating equipment, or

(b) where a customer has contracted for the purchase of space heating equipment with an independent dealer and a request for space heating gas service at the customer's premises has been received by the Company from the contractor or the customer, as evidenced by Company records prior to the effective date hereof, or

(c) where space heating equipment is to supply a building constructed or being constructed on the effective date hereof, for which gas-fired space heating equipment was provided in the building specifications on or before the effective date hereof, where said building has no adequate facilities for space heating other than by gas.

(d) where, because of special or unusual conditions or circumstances, the above restriction will endanger life or result in serious impairment to health if space gas heating service is not rendered, and satisfactory proof thereof has been filed with the Company.

When the facts establish with reasonable certainty that a customer has connected additional building heating equipment after the effective date hereof and does not qualify under exceptions (a), (b), (c) or (d) above, the Company will discontinue service upon such notice as is or may be required by law until the additional building heating equipment has been disconnected.

"Effective April 17, 1947, under authority of Public Service Commission, State of New York, Special Permission Order No. G-603, made April 16, 1947."

C. R. Harrington Resigns as County Ag. Agent

Clifford R. Harrington, county agricultural agent for the past six years, has resigned effective May 1st. He has accepted a position as assistant State leader of county agricultural agents and will be on the staff of the New York State Extension Service at Ithaca.

The Farm Bureau executive committee has announced the appointment of V. C. Stevenson, the assistant county agricultural agent since March 1944 to succeed Mr. Harrington.

Wilbur Hesseltine of Malone, a senior at the New York State College of Agriculture, has been engaged as assistant agent. He will join the staff in late June following graduation.

Plans Received For New Seneca Council Camp

The receipt of the colorful camp development plan made for the Seneca Council, Boy Scouts of America, by the engineering service of the National Council, Boy Scouts of America has been announced by Harry J. Carmany, Olean, Council chairman of camping and activities.

The plan calls for 12 troop campsites, a caretaker's house, an equipment storage building, a central lodge, a family picnic area and a health lodge.

The plans also include a five and one-half acre lake. This will provide for adequate swimming and boating. To create this lake a 15-foot concrete dam will be constructed. Plans for this are now being prepared by the U. S. Soil Conservation Service.

The campsite consists of 206 acres and is located on the Wolf Creek Road, north of Portville, in the Town of Clarksville, Allegany county, almost on the Cattaraugus county line.

Plans are going forward to take the layout sketches provided by the National Council and translate them into reality. It is estimated that it will take at least $100,000 to completely build and equip the camp. Three of the 12 proposed troop sites are needed at once. The balance should be ready by the summer of 1948.

Town Buys Site For New Highway Building

The Andover Town Board has purchased of the H. H. Williams estate the parcel of land extending from Baker street to Rochambeau avenue upon which they plan to erect their new highway building.

Work of clearing and grading has already been started. Tentative plans calls for the erection of the highway building in the center of the lot with a drive opening on Baker street and leaving sufficient room facing Baker street to erect residences in the future.

Joyce—Childs

Miss Barbara Elaine Childs, daughter of Mr. and Mrs. Carl A. Childs and Harold N. Joyce, son of Mr. and Mrs. Norman Joyce, both of Andover were united in marriage Saturday morning at 10:30 o'clock at the rectory of the Blessed Sacrament Church here by the Rev. Charles J. Keller, the double ring ceremony being used.

The rectory was decorated with yellow daffodils and white carnations and white candles. William Dougherty, organist, was accompanied by Jo Ann Theetge and Phyllis Temple who sang "O Promise Me" and "I Love You Truly." Miss Beatrice Dean acted as maid of honor and Lila Ann Childs, sister of the bride as bridesmaid. Neil McCormick was best man with Paul Kilbane as attendant.

The bride was given in marriage by her father. She was attired in a gray gabardine suit, white accessories with a bridal bouquet of white gardenias. Her maid of honor chose an aqua wool suit with brown accessories and a bouquet of red roses.

The bridesmaid wore a brown gabardine suit, aqua accessories and a corsage of yellow roses.

Following the ceremony a wedding breakfast was served at Hotel Joyce to 40 guests, the table decorations being of yellow and silver with yellow daffodils being the chosen flowers. After the wedding breakfast a reception was held at the hotel at 2 o'clock.

Mr. and Mrs. Joyce left on a short wedding trip after which they will make their home in Andover. For traveling Mrs. Joyce wore a blue wool dress with blue topper and white accessories.

Mrs. Joyce is a graduate of Andover Central School and for some time has been employed at the Woodruff Dairy Bar here. Mr. Joyce also attended Andover Central School and has served in the European Theatre of Operations. He is employed by the Kemp's Trucking Service.

Pre-nuptial events included a shower at the home of Miss Beatrice Dean, given by Miss Dean, Miss Wilma Goodridge and Miss Lila Childs and a dinner served at Hotel Joyce.

State Highway Condition Map Out May 1st

Effective today, May 1, New York State initiated a new service to its highway users as the first edition of the 1947 Monthly Highway Condition Maps made their appearance. Published by the State Department of Public Works, the new map is being distributed to some 7,000 outlets at which it will be displayed permanently during the current touring season. Revised copies of the map will be distributed on the first day of each month thru October in order that motorists may have up-to-date highway condition data as an aid in planning trips.

The highway condition map, first of its kind to be published by New York State, is 42 to 30 inches. It consists of an enlargement of the State's official highway map on which has been overprinted, in red, symbols indicating those portions of the State highway system on which construction operations interfere with normal traffic flow. Also included on each map is a monthly safety message.

The new map has been prepared under the direction of Harvey O. Schermerhorn, consulting engineer of the State Department of Public Works, and is based on the latest available information provided by the department's ten district engineers. It will be on display in hotels, Chambers of Commerce, automobile clubs, travel agencies, newspapers, gasoline stations, ferry landings, customs houses and other similar places during the coming months.

Approximately 100 points at which construction work is already under way are indicated on the map published today. These will be revised and added on maps published in subsequent months as projects advance and new jobs are started.

The map may be seen at the News office.

Water Shut-Off Held Up Until Next Week

The shutting off of Andover's water supply was postponed Tuesday by the road contractors due to wet ground and other complications, and now the contractors say that it will be the first of next week anyway before they are ready to change the water main, and weather conditions may postpone it still further.

The picture on this water setup is all up to the contractors of the new State highway. When they are ready to have the water main moved the village has to do the work, but has nothing to say about when it is done.

Dr. A. J. Pollard Appointed Acting Administrator

New York, April 25—Appointment of Dr. Anson J. Pollard of South Norwalk, Conn., as acting market administrator of the New York Metropolitan Milk Marketing area, was announced here today by Dr. C. J. Blanford, the market administrator.

Dr. Blanford said the appointment of Dr. Pollard was made jointly by Secretary of Agriculture Clinton P. Anderson and Commissioner C. Chester Dumond of the New York State Department of Agriculture and Markets.

Dr. Pollard becomes the first acting market administrator of the New York area since the establishment of New York's federal and state milk marketing orders in September, 1938. He will act in his official capacity when Dr. Blanford is absent from his duties.

"There has long been a need for an acting administrator," Dr. Blanford said, "so the appointment of Dr. Pollard at this time has no other significance. It does not mean that I am contemplating a leave of absence."

The new appointee was awarded his Doctor of Philosophy Degree at Cornell University in February, 1941. He became associated with the New York market administrator in December, 1940, as an economist and since June, 1945, has been chief of the information and research section.

Rod & Gun Club Elects Officers

The annual meeting of the Andover Rod & Gun Club was held Wednesday evening at the town hall, at which time the following officers were elected:

Gerald Hann, president.
Harold Rice, Jr., vice president.
Harold Lehman, secretary.
Myrlon Phillipson, treasurer.
Clifford Bixby, chairman game committee.
Carroll Ruger, chairman fish committee.

The regular meeting night of the Club was changed to the third Friday of each month instead of the fourth Friday to avoid confliction with the County Federation of Sportsmen's Clubs which meets on the fourth Friday of the month.
