Maple sugar is a 100 per cent American sweet. The only part of the world that produces it is the small area of the North American continent which includes northern and eastern United States and neighboring southeastern Canada.

Vet Graduates From ACS

After doing a considerable amount of work this year, James Witter completed his high school education with a College Entrance Diploma, and expects to enter Alfred University this fall.

ACS

91 Per Cent ACS Junior-High Passed Regents

The eighth grade pupils submitted 160 examination papers, of which 145 received a higher grade than 75 per cent. This is a very good record and something for next year's eighth grade to shoot at.

ACS

ACS Senior-High Passed 91.3 Per Cent of Regents

Senior high school students did exceptionally well in the Regents examinations this June and, if the Board of Review in Albany does not return too many papers, the school can be proud of its pupils' record. One hundred and fifty papers were submitted and 137 were sent to Albany for official review. In the subjects in which non-Regents examinations were given, 313 papers were submitted, 299 received passing grades, or an average of 95.5 per cent. The success of our school is determined by the number of pupils doing satisfactory work.

Andover Central School students are to be congratulated on their work for the past year.
