## Vacation Bible School to Close This Friday

The Union Daily Vacation Bible School will draw to a close this week Friday. Those who attended will long remember the many happy hours together. That it has been well worth while has been the opinion of all those who were in any way connected with it. At the present time the average attendance has been 83, the highest 92.

The school will close its session Friday with a picnic lunch on the lawn of the Presbyterian church; in event of rain, other arrangements will be made for the lunch.

The final session of the school will be Sunday evening in the Presbyterian Church at 8 o'clock. The program will represent work that has been accomplished during the past two weeks. The Beginners Department will present the theme "God's Son from Heaven." The Primary Department will give the 23rd Psalm in flannelgraph and song. The Junior Department will emphasize what Jesus can be to each Christian. They will also present a "Bible Drill." The theme of the Intermediates will be a Bible reading, setting forth the thought of Christian fruit bearing.

There will be an exhibit of the handwork of the school at the close of the program.

A cordial invitation is extended to the parents and to the public to the closing session held on Sunday evening.

## Andover Gets Severe Electric Storms

Andover's number was up on the list of electric storms that visited this area over the week-end, the storm striking here Sunday evening.

The only damage was to the electricity and that wasn't so much of a financial nature as an inconvenience. About 10 o'clock the wind whipped a tree in front of the O'Connell residence on Main street, winding around the lines and shorting the 2,300-volt with the 110 line which made quite a Fourth of July display until the 110 line burned off. A temporary repair was installed by the village electrician in about 30 minutes.

At 12:20, however, the electricity went off again and this time it was the Niagara power, which after considerable search was discovered caused by lightning striking the line near the Augustus Lynch farm and destroying a number of high voltage insulators. Current was again resumed at 8:20 Monday morning, but the village workmen did not get the permanent repairs completed on the village line until about 10 o'clock, so half the town was out of electricity until that time.

## Real Estate Changes

Mrs. Mary West has sold her residence property on Dyke street to Lynn Briggs of the Andover China Company. Mrs. West has rented the apartment over the Greene's Soda Bar where she expects to move in the near future.

Lester York has purchased the Martha Robison property on West Greenwood street.

## Carl Childs Injured On Highway Job

Carl Childs is reported as slowly recovering in the Jones Memorial hospital, Wellsville, where he was taken in the J. B. Mullholland ambulance last Friday afternoon when he was injured on the new State highway construction near Stearns Crossing.

Mr. Childs was helping unload a truck load of material when the truck moved ahead, throwing him to the ground where he struck on his back across a steel form. It was first feared he had suffered a broken spine but x-rays at the hospital showed no broken bones.

The many friends of "Bus" hope for his speedy recovery.

A memorial service for the ten members who have died since the last annual meeting was conducted by Arthur J. Gormley, Belfast.

An invitation from Friendship to hold the 1948 convention there was unanimously accepted, and invitations for 1949 from Wellsville and 1950 from Belmont were received.

## Firemen Called to McCormick Farm

What might have been a serious fire was averted Monday when a truck loaded with grain caught fire in the doorway of the Robert McCormick barn east of Andover.

The fire was extinguished with the use of a garden hose before the arrival of the Andover firemen, but the cab of the truck and part of the load of ground feed was damaged. The fire was believed to have been caused by a short circuit in the truck while the men were eating dinner.

## Local Fire Dept. To Hold Carnival Here Aug. 12-16

At a meeting of the Andover Fire Department and Firemen's Auxiliary held Monday night it was voted that the two organizations would sponsor a carnival show here this summer, the first carnival to be in Andover since the start of the war in 1941. The carnival decided on is the Eastman Carnival Shows of Salamanca, a company that has appeared in Andover in past years and which carries a good assortment of rides, slides, etc., besides the usual midway attractions.

The carnival will set up on the Andover athletic field August 12 to 16 inclusive and the local fire boys are hoping that by putting their show on during the month of August this year they will be able to break the jinx of record-breaking rains that have marked past celebrations dating back to the 1890's.

Chief Albert Rogers was appointed as general chairman of the week's celebration, with the following committees from the fire department and auxiliary as assistants:

General committee: Albert Rogers, William Dugan, Oliver Kemp, George Sackett, Norman Drew, Vivian Howe, Margaret Kemp, Hazel Callaghan, Sadie Vickers.
