WHY SHOULD WE .. BE THANKFUL?

By Rose Mary Baker

This year of all Thanksgivings should find us all thanking the Lord that we in this country can spread our tables with good things to eat in keeping with the custom set by our forefathers. In France, England, Germany and a greater part of the countries of the world we find the people hungry for the want of a piece of bread and the good things which are common on our tables every day.

Although the world is not yet at peace we are looking forward to a future with less struggle and conflict. For this too we should be thankful.

Now is the time for all of us to share with the poorer nations some of our profits so that we may be able to establish peace on earth and good will towards all.

We have so much to be thankful for. It will deprive us little if we help the starving nations of Europe to gain once again a foothold on the soil and become self-productive and it may mean preventing a third disaster like the first two which cost us so many lives.

On this Thanksgiving Day let us be thankful for what we have but remember that there are others in this world who have next to nothing and that we can help them to help themselves:

LET'S ALL HELP

The annual Junior Red Cross Drive was started last Monday, the 17th, and will continue until December 1st in Andover Central School.

Red Cross containers have been passed around to all the grade classes, and to the high school homerooms in hopes that a large contribution can be obtained from each person in all the rooms.

The money collected in this drive will be used to help the needy families in this area. So, let's all help make this a healthful community by giving freely so that others who need the help may benefit. MC

MARIONETTE ASSEMBLY HELD

At an assembly held Wednesday afternoon, Nov. 19, the student body of ACS was highly entertained by "The Warndel Marionettes."

The show was ably directed by Brinley A. Williams and Jerry Riha. The play presented by the puppets was "Ali Baba and the Forty Thieves" in four acts with music accompanying each act or mood. Most of us found that the costumes of the puppets were the best part of the show and the comical voices of the puppets provided many a laugh.

It was apparent that everyone greatly enjoyed this show. PN

"CHIT CHAT"

Hello folks:

Here we are again getting prepared to enjoy our short but sweet Thanksgiving vacation.

The sophmore class wants to welcome Don Mulconery back to school after a short illness.

What's this book throwing business all about, Betty Smith? We all know you wouldn't do a thing like that.

Jimmy Baker, did you enjoy the game Tuesday night or did those infernal pins keep you busy?

We wonder if Ruth Shutt and Joan Joyce had a nice time at the dance Friday night. From all reports we heard it was quite successful.

We wonder if Ruth Halsey enjoyed being escorted home by "Archie" McAllister Friday night Cute kid, huh?

We wonder where all the junior and senior boys disappeared to Monday. We hear many of the girls were lonely that day. (How come boys?)

We see Ella Mae Clair and Eldon Kaple enjoyed themselves both Friday and Saturday nights.

Is there a nurse in the house? If you need one just call either Ann Marie Green, Phyllis Mascho or Norma Perry who spent Saturday in the Jones Memorial hospital in Wellsville. (No, not patients, just observing a tonsil and adenoid operation) now they seem to know just how it's done and will gladly give any information (in detail of course) to anyone who plans to have their T's and A's out.

Teddy Vankuren had a senior class ring added to her finger for a few days but we don't see it anymore. What happened Teddy?

Well that's about all for this week folks. Have a good Thanksgiving and we'll see you next week.

CAMERA CLUB DRAWS UP CONSTITUTION

The Camera Club held a meeting Thursday, Nov. 20, in the chemistry room at which they drew up, discussed, amended and adopted a constitution and by-laws.

The constitution was drawn up by Philip Mascho, Lois Honegger, Joan Jackson and Bruce Nye and consists of rules of membership, attendance and conduct at meetings.

They also have a plan for movies to be held during the noon hour for the children who eat their lunches at school.
