

Special Carpet Sale

Has created quite a ripple, but we do all we advertise. Not a dealer will meet our prices, and our patrons prove it. All we ask is that you look at the patterns and compare prices. We're not angry if you do not buy. Read over again prices in last week's paper.

We shall advertise another special sale in next issue. It means business, as we said before.

Muscular Rheumatism Cured.—FRIENDSHIP, N. Y., May 15, 1889. This is to certify that I was troubled with Rheumatism in the muscles around the stomach. I was hurt there years ago, and I think Rheumatism settled in it. I obtained no relief from any source. MORE ABOUT THE REGENTS.

Prof. Armstrong received last week, too late for publication, a letter from the Principal of the Bolivar Union School. We give some extracts from the letter this week:

"A school when raised to membership in the University enjoys, in addition to a better system of education, certain pecuniary advantages. The school receives \$5 for each 20-count certificate earned by its pupils and \$5 extra for each ten counts or five studies passed, with \$5 or \$10 extra for each diploma—depending on whether or not it is a classical diploma. In a comparatively short time such awards pay for the expense of acquiring the books and apparatus necessary for admission, to say nothing of the immense increase in efficiency of instruction produced by the possession. Beyond this, every grant made by the local authorities after admission, for the purchase of books and apparatus, is duplicated by the Regents, and the institution is allowed to participate in the distribution of the Literature Fund, according to the status and attendance of its academic pupils.

What I have said in regard to the advantages of being in the University is the result of actual experience. To prove my statements, I cite some figures from the Record of the Bolivar Union School. This school has had the Regents' examinations one year, consequently everything is the result of that single year's work—three examinations:

Pass Cards—Preliminary.....	363
Advanced.....	198
Preliminary Certificates.....	27
20-count earned.....	19
30-count earned.....	9
40-count earned.....	3
50-count diplomas.....	1

Very truly yours,
A. J. GLENNIE."

[This statement shows that this school has earned \$165 the first year from credentials alone.—T. H. A.]

Boots and Shoes.

Our reasons for this sacrifice are these: 1st—Owing to the fine weather this fall, we find our stock eight thousand dollars in excess of the usual amount at this time of year.

2d—We have heavy payments to make on the first day of December. We prefer to sacrifice our profits till such time as we can dispose of a certain amount of boots and shoes, and we are going to do it by placing on sale Monday, Nov. 16th, all our stock of boots and shoes, consisting of \$23,000 (twenty-three thousand dollars) worth of seasonable goods, at a reduction of 20 (twenty) per cent. from the regular prices.

You can not be deceived as to your receiving the benefit of this discount, as all our stock is price-marked in plain figures, and when so marked was priced as low as is consistent with honest goods. Nearly all of this stock was manufactured to our order, is of superior workmanship, and made from the best quality of materials. In explanation of the 20 per cent. discount, will say—

A boot or shoe, regular price \$3.50, is now \$2.80. A boot or shoe, regular price \$3.00, is now \$2.40. A boot or shoe, regular price \$2.50, is now \$2.00. A boot or shoe, regular price \$2.00, is now \$1.60. A boot or shoe, regular price \$1.50, is now \$1.20. A boot or shoe, regular price \$1.00, is now 80c.

The great rush at our last discount sale leads us to believe that we shall be able to accomplish our object in a few days. Those who delay purchasing during this great sale will regret it. The place to save money is now at LACKEY'S BOOT AND SHOE HOUSE, Hornellsville, N. Y.

Notice.
No discount will be allowed on gas bills after the 10th of each month.
